John Smith Talks To Murphy Garden Club Meet

John Smith gave a talk on soil preparation at the meeting of the Murphy Garden Club on Thursday, July 23.

The meeting was held at the home of Miss Leila Hayes with Mrs. Martha Dreher as co-hostess.

During the business session, conducted by Mrs. John Smith, president, Mrs. W. A. Hoover gave a report on the State Garden Club convention in Greensboro. Mrs. Holland McSwain was also a delegate to the convention.

Guests at the meeting were Mrs. Frank Morgan of Montevallo, Ala. and Miss Kate Hayes.

Hoover Speaks

My country owes me nothing. It gave me, as it gives every boy and girl a chance. It gave me schooling, independence of action, opportunity for service and honor. In no other land could a boy from a country village, without inheritance or influential friends, look forward with unbounded hope.

Words without actions are the assassins of idealism.

Economic depression cannot be cured by legislative action or executive pronouncement. Economic wounds must be healed by the action of the cells of the economic body, producers and consumers themselves.

The spark of liberty in the mind and spirit of man cannot be long extinguished; it will break into flames that will destroy every coercion which seems to limit it.

In America today we are nearer a final triumph over poverty than in any land. The poorhouse has vanished from among us.

CHEROKEE CHATTER

By OPIE McKEEVER

VIRGINIA and GEORGE SIZE came back from the recent convention in Boston, Mass. of the Eastern Federation of Mineral and Lapidary Societies with several top awards.

Virginia's collection of thumbnails (mineral specimens measuring 1" by 1") took first place in the how and young TOMMY SIZE's humbunnals won second in the junior division. In the cabochon division a type of jewelry fashioned from hand-polished stones, George's entry placed third.

Besides all the prizes won, Dr. Size, who has been serving as vice-president of the society, was elected assessor for a two-year term.

The Eastern Society is made up of 54 clubs and over 300 attended the convention plus hundreds of others who visited the mineral show.

The Sizes are planning to attend the national show in Portland, Oregon over the Labor Day weekend where they will enter their faceted stones, general mineral collection, and the adult thumbnail division.

On the way to Portland the Sizes will be rock-hunting in Arizona and California. They plan to spend about a month on the trip.

Virginia says that both she and George have "adventuresome spirits" and first became interested in stones when they read a newspaper article on the emerald mine at Spruce Pine. They decided to try their luck at finding emeralds there, were successful, and from that moment their interesting hobby began. Their collection has grown into one of the finest in this part of the country.

If the truth were known, most surprise parties are not really a surprise, but the recent housewarming given for VERA and PAUL HILL was so cleverly planned that they were caught completely unawares.

It started out as a dinner-bridge party given by the BILL GOSSETTS, the L. L. MASONs, and the HILLS. After the guests had departed and Vera, Maxine and Dott were putting the last coffee cups away the thirty guests came bustling in again—this time bringing beautifully-wrapped gifts for Vera and Paul to use in their new home.

It seems that everybody was a little frantic during the bridge game when Dr. Hill was called to the hospital. But fortunately he was back in time to witness the best part of the evening.

Those at the party besides the hosts were Dr. and Mrs. A. J. Headrick, Mr. and Mrs. Bud Alexander, Mr. and Mrs. Ray Joseph, Mr. and Mrs. Wally Williams, Mr. and Mrs. John Smith, Mr. and Mrs. Bill Hodges, Mrs. Howard Moody, Mr. and Mrs. Robert Weaver, Mr. and Mrs. Duke Whitley, Mr. and Mrs. Kenneth Godfrey, Mr. and Mrs. Bud Alverson, Mr. and Mrs. Herman Edwards, Dr. and Mrs. George Dyer, and Mr. and Mrs. John Bayless.

Harry S. Truman Speaks

By A. B. HAMPTON

More than half the people of the world living in conditions approaching misery. For the first time in history humanity possesses the knowledge and the skill to relieve the suffering of these people.

We cannot drive scientists into our laboratories, but, if we tolerate reckless or unfair attacks, we can certainly drive them out.

In the cause of freedom, we have to battle for the rights of people with whom we do not agree; and whom in many cases, we may not like. These people test the strength of the freedoms which protect all of us. If we do not defend their rights, we endanger our own.

Culberson Man Takes Part In Naval Exercise

Thomas O. Mull, seaman, USN, son of Mrs. Violet Clouts of Culberson, serving aboard the attack aircraft carrier, USS Midway, took part in a full-scale naval review and visit to San Francisco, Calif., July 17-20, after completing a major exercise held off the California coast.

The 15,000 men and 26 ships of the U.S. First Fleet were reviewed by Admiral Herbert G. Hopwood, USN, the Commander-in-Chief of the U. S. Pacific Fleet, as they passed under the Golden Gate bridge.

The exercise which preceded the San Francisco visit involved fast-moving aggressive attack carrier teams which struck at simulated mainland targets as naval air patrol squadrons and submarines held the defensive roll.

Exercises of this type are designed to give advance training to personnel preparing to make cruises with the U.S. Seventh Fleet in the Western Pacific.
