

**INVITATION TO BID FOR SAW-TIMBER AND CONSTRUCTION OF FIRE ACCESS ROADS**

Sealed bids will be received at

the office of the Town Clerk of Murphy, North Carolina, until 2:00 p.m. EST on the 9th day of November, 1959, at which time and place they will be publicly opened and read for the purchase, cutting and

removal of all designated sawtimber trees upon the timber sale area of approximately 600 acres lying within the watershed of the Town of Murphy located on the headwaters of Marble Creek in Cherokee County, North Carolina, and for the construction of fire control access roads entering and across the timber sale area. The timber sale area, with the approximate locations of the fire control access roads sketched thereon, has been delineated on the official timber sale map on file in the office of the Town Clerk.

The sawtimber trees to be cut and removed have been designated with a spot of yellow paint on the trunk and another below stump height. The designated trees are estimated to contain 1,008,061 board feet based on a 100% cruise by competent professional foresters. The Town of Murphy does not in any manner guarantee the accuracy of these estimates, and bidders must satisfy themselves as to the actual amount and kinds of merchantable timber designated for cutting and must make their bids in sole reliance upon their own estimate and judgment. A detailed breakdown of these estimates are on file at the office of the Town Clerk and may be examined upon request. The fire control access road as sketched on the timber sale map must be constructed in its entirety. Said road will be actually located on the ground jointly by the buyer and seller with only minor deviations being permitted from the location shown on the map. Additional spur roads for removal of the timber may be constructed at locations approved by the Town of Murphy.

Said designated sawtimber trees will be sold where and as is on a lump sum basis. Bidders will be required to use the prescribed bid form, copies of which may be obtained from the Town Clerk. The Town of Murphy reserves the right to delay awarding the contract to the successful bidder for a period of ten days following the

9th day of November, 1959. The successful bidder will be required to execute a written timber sale contract within twenty days after being notified of the acceptance of his bid. The sale contract is on file in the office of the Town Clerk where it may be examined by prospective bidders. All terms and conditions relating to the manner in which the designated trees must be paid for, cut and removed, and the specifications for construction of the fire control access roads are included in the sale contract, and bidders are urged to become familiar with these terms and conditions before submitting bids.

Each bid must be accompanied by a bid deposit in the form of a postal money order, certified check or cashiers check in the amount of \$2,000.00 made payable to the order of the Town of Murphy. All such deposits will be returned to the bidders after notification of the award of the contract, except the deposit of the bidder to whom the contract shall have been awarded, which deposit will be retained by the Town of Murphy and applied toward the first, stumpage payment as provided for in the sale contract. If the sale contract is not signed by the successful bidder within twenty days after being notified of the acceptance of his bid, then, in view of the difficulty of estimating the damages sustained thereby, fifty percent of his bid deposit will be retained by the Town of Murphy as liquidated damages. The bidder to whom the sale contract is awarded will be required to furnish a performance bond in the sum of \$5,000.00 in such form as will be acceptable to the Town of Murphy, such bond to be held by the Town of Murphy until all terms and conditions of the sale contract have been fully complied with.

It is the purpose of the Town of Murphy not to award the sale contract to any bidder who does not furnish satisfactory evidence that he has the ability and experience in this class of work and that he has sufficient capital and plant to successfully complete the work within the specified time named in the sale contract. The Town of Murphy reserves the right to waive any defect or informality in any bid or to reject any and all bids or to accept any bid should it be deemed to be in the best interest of the Town of Murphy to do so.

This the 1st day of October, 1959.

**Announcing! A WONDERFUL NEW WORLD OF FORDS FOR 1960**

**FINEST FORDS OF A LIFETIME**

This new Ford Galaxie, like all the new, beautifully proportioned 1960 Fords, is styled from a new viewpoint. Traditional automotive elegance combines with modern design in the style of a new decade!

In 1960, for the first time in history, your Ford Dealer presents not one, not two, but three new lines of Ford cars...

1. The 1960 Fords—The Finest Fords of a Lifetime, beautiful from every Point of View, worth more from every Point of Value!
2. The 1960 Falcon—The New-size Ford, the world's most experienced new car and the easiest car in the world to own!
3. The 1960 Thunderbird... The World's Most Wanted Car!

**Introducing the New-Size Ford... the 1960 Ford Falcon**

Meet the New-size Ford—the Falcon! Here's a car with plenty of room for six big adults and all their luggage. It's sized to handle and park like a "small" car... powered to pass and climb like a "big" car... and built like no other car for savings!

It gives you up to 30 miles per gallon on regular gas. Aluminized mufflers normally last twice as long as ordinary kinds. A Full Flow oil filter lets you go 4000 miles between oil changes. Even insurance can cost you less! And this Falcon is the world's most experienced new car. It was driven over every mile of numbered Federal Highway in EXPERIENCE RUN, U.S.A.—a grueling demonstration climaxing Ford's 3 years of development and testing.

The Falcon has the features that American car buyers expect. Its gearshift is on the steering column—not on the floor. Its engine is located up front for greater stability and safety. Best news of all is the Falcon's low, low price. See it at your Ford Dealer's... and see the difference!

Now you can see them—the Finest Fords of a Lifetime! Economy-minded Fairlanes. Big value Fairlane 500's. Elegant Galaxies. A breath-taking new Sunliner convertible and a brand-new hard-top model, the flashing Starliner. Then there's a whole new world of Station Wagon Living, too. It all adds up to 15 glittering variations of the world's newest, most elegant styling theme!

And Ford sets the new trend in power. Ford's Thunderbird 292 V-8 and 352 V-8, like the famous Mileage Maker Six, bring a new world of smoother, better performance—on regular gas.

To top it all, the Finest Fords of a Lifetime are priced for savings. Ford is still priced to outvalue all comparable models of its major competitors.

Ford savings, however, only begin with a low price. You save still more with engines that thrive on regular gas and save up to a dollar on every tankful... a Full Flow oil filter that lets you go 4,000 miles between oil changes... Diamond Lustre Finish that never needs waxing... aluminized mufflers that normally last twice as long as conventional types... new, safer, Truck-Size brakes that are the biggest ever in Ford's history... and new soft-tread, Tyrex cord tires that run quieter, last longer.

In every way these are the Finest Fords of your Lifetime! See them at your Ford Dealer's!
