FALCON, the New-size Ford, is America's lowest-priced 6-massenger car

ND IT'S THE EASIEST

THE WORLD TO OWN!"

The Falcon is priced up to \$72 less than Up to 30 mpg. The Falcon's sutstanding gas its rear-engine competitor . . . as much as \$124 less than other American-built, socalled compact 6-passenger cars. And the new Ford Falcon is the easiest car in th world to own. Just look at these Falcon superiorities:

Beauty and economy! The Falcon has the clean lines and the unclustered good looks of the glamorous 60 Fords. Diamond Lustr Finish never needs waxing. Galvanized structural members resist rust and corrosion. Bolt-on front fenders cost less, replace easily.

Seats six passengers with all their luggage. The Falcon easily seats six big adults in built-for-people comfort. There's no floor-mounted gear shift to interfere with center front-seat passenger. Big luggage compartment in the rear holds over 23 cu. ft.

economy was *broren* when a fleet of Falcons traveled every mile of numbered Federal highway in Economy Run, U.S.A. Another savings; The Falcon goes up to 4000 miles between oil changes.

Front-mounted engine. For stability and handling case, the Falcon's six-cylinder engine is mounted up front. And there is plenty of free hear from the Falcon's fresh-air, hot-water heatsystem, with no sacrifice of gas mileage in cold-weather driving.

New luxury interiors. You'll find the same quality materials and taste in design as in the big new Fords. Door panels are fully uphol-stered. Front seat cushions are generously foampadded. Thick roof insulation guards against heat and noise.
