Words of Life

By W. F. ELLIOTT
Retired Methodist Minister

"But when he was yet a great way off, his father saw him, and had compassion, and ran, and fell on his neck, and kissed him.... As far as the east is from the west, so far hath he removed our transgressions from us."

(Luke 15:20 - Psalm 103:12)

A fine young lad had wronged his father and having done so ask-

ed his father to forgive him. The father did so but the next day he came back to his father and asked for forgiveness again. The father turned and said, "I forgave you for that yesterday!" The boy had not trusted his father to forgive him but kept on asking forgiveness for something already forgiven. It seems to be a custom to find many people asking God to forgive them for their sins of the past

when God has already done so, two sons. One of these got tired of the farm and the old folks, and said to his father, "Give me my share of the property. This one boy, even though he has bright lights on the car, has twenty-dollar bills and living is up soon. The money ran out and he took a job at un-common labor. He became a slave to the devil, forsaking all his father had tried to teach him, and ruined his own life. Finally, he took the road back toward the father's house, and in the dust he gazed while thinking about what home used to be like. His ragged clothes, his dirty body, and his life had caught up with him.

NEW! The Massey-Ferguson 65 Diesel...

THE DIESEL THAT REALLY PAYS OFF

Come in and see the first 4-plow tractor that pays off in two important ways: with the economy of a new Massey-Ferguson diesel engine that delivers up to 50% more HP per fuel dollar... plus the operating economy that only the Ferguson System provides.

And it has the new Differential Lock to stop wheel slippage! If one wheel starts to spin in unusual slick going—just step down on the MF 65 Diesel's special Dif-Lock pedal. Immediately, both ends of the axle shaft are locked together at the differential. You'll pull right through since you'll have power at the wheel that's got the traction. Come in and see it... or call for a demonstration. You'll be glad you did.
