Orville Coward, District GOP Chairman, To Retire

SYLVA, N. C. — Orville Coward, attorney-at-law and long-time Republican Chairman of the 12th Congressional District, has informed State Chairman William Cobb and party officials in the 12th District that due to a recent heart attack and the long convalescence period that is necessary, his doctor has ordered him to limit all activities other than

Williard Smith Awarded \$200 Scholarship

BEREA, Ky., May 20 — Williard P. Smith, Route 1, Murphy, has been awarded a \$200 scholarship by the James G. K. McClure Educational and Development Fund of Asheville for the school year of 1960-61. Mr. Smith will be enrolled in Berea College, Berea, Kentucky.

The College Scholarship Program of the McClure Educational and Development Fund is to aid financially deserving and academically promising rural residents of Western North Carolina to enter college and to pursue their formal educations beyond high school.

Mr. Smith's award was made on the basis of high school record for both scholarship and leadership, evidence of Christian character, intellectual promise and demonstrated ability.

his regular work for the immediate future, and that he was resigning as 12th District Chairman. Coward, in his prepared statement, said, "I feel that the important position of Chairman in the 12th District has to be filled by someone who is well enough to carry on this important and often times strenuous work, and I feel that it would hurt the Republican Party and the organization for me to try to hang on to a job without being able to do justice to it. This year seems to be the best year for the chances for a Republican on a Congressional level taking that office, especially with the spirited and controversial primaries in the various counties and the quality of the contestants.

Early in June a district meeting of the Congressional Committee will be called, at which time a new chairman will be chosen.

Coward continued, "It has been a pleasure to have served as District Chairman for my party. It is with great reluctance and sadness that I resign. You can be sure that as soon as I am able you will find me fighting right in the front ranks."

Mrs. A. H. Eller of Hayesville (Clay County) is Vice-Chairman of the 12th District Republican Executive Committee, and Mr. Gudger Duckett of Canton is Secretary.

Checked Your Diet Lately?

By THELMA WHEELER
Oh yes! I watch those calories, I have to, you may answer. But have you stopped to analyze those calories that seem to add up too fast?

For purposes of looking into your diet for good nutrition you may be interested in knowing that a well balanced diet consisting of one average sized helping of each food requirement does not exceed your daily requirement.

It is only when we exceed our body requirements and that is determined by how active, or inactive, we are that we add those extra pounds.

Do you make it your business to include fruit or fruit juices in your diet each day? This is only one area in which we should be concerned.

You will be interested in knowing that for your Vitamin C requirement we need to be a little more specific. Research reveals that if we substitute grape fruit juice for orange juice we need twice the amount to get the same amount of Vitamin C or three

times the amount of tomato juice as orange juice.

Until recently we were inclined to think we could serve the same amounts of each and receive the same results.

Although we do not know definitely the amount of Vitamin C lost in the freezing process we are assured it is relatively small. It has been established that we need Vitamin C every day to maintain good health.

GETTING READY

Getting ready to handle the crowd of folks that are expected to jam the store this week-end at Collins-Crain is Robert Smith. Robert has served as the utilities stock boy for the store from the day the doors opened one year ago this week-end. Robert has been busy for over a week stocking the shelves with the many bargains you will find when you come to town this week-end.
