Mars Hill College Combines Homecoming - Founders' Day

Mars Hill - Departing from tradition, Mars Hill College will combine Homecoming and Founders' Day into a full day of activities here Saturday, October 15.

For many years Homecoming had been held on Thanksgiving Day. The change this year was voted by the faculty in an effort to increase participation by former students and friends of the 105 year old Baptist junior college.

A Founders' Day service will be held in the sanctuary of the Mars Hill Baptist Church at 10:15 a.m. with Dr. Dotson M. Nelson, Jr., of Greenville, S. C., speaking.

President Hoyt Blackwell, Dean R. M. Lee and the college choir, under the direction of Thomas J. Cole, will take part in the service.

At 11:15 there will be a special cornerstone-laying ceremony at the site of the Robert Lee Moore Memorial Auditorium and Fine Arts Building, now under construction. President Blackwell, leaders of the board of trustees and the alumni association and the son and daughter of Dr. Moore, former president for whom the building is named, will participate.

LITTLE TOWN

(Editor's note: This poem was sent to the Scout by Margaret Studios.)

I like to live in a little town, Where the trees meet across the street; Where you wave your hand and say "hello" To everyone you meet.

I like to stand for a moment Outside the grocery store And listen to the friendly gossip Of the folks that live next door.

For life is interwoven With friends we learn to know; And we hear their joys and sorrows As we daily come and go.

So I like to live in a little town, I care no more to roam, For every house, in a little town Is more than a house; it's home.

Amendment Removes Age Restriction

By Grady Grubbs, Field Rep.

(This is the first in a series of articles by Grady Grubbs, field representative of the Asheville social security office, covering the highlights of the 1960 Amendments to the Social Security Act, signed into law by President Eisenhower on September 13, 1960.)

One of the principal changes brought about by the new Amendments to the Social Security Act is the removal of the age 50 restriction in disability cases.

Previously, disabled persons under age 50 could only have their future rights protected by establishing a freeze of their earnings. Now cash benefits may be paid to them and to their eligible dependents.

To qualify, a worker must have a disability so severe that it prevents his engaging in any substantial gainful activity. This requirement remains unchanged. He must also have worked under social security at least 5 years out of the previous 10 years just before he became disabled.

Benefit checks for those who have established a disability freeze will be mailed out early in December. Disabled workers of any age who have never applied should investigate their eligibility under the revised law.

Steve Hogan Receives Letter Of Commendation

HANAU, GERMANY - Army Specialist: Steve Hogan, received a letter of commendation for the high score

attained in tank firing during The United States Army Tank Gunnery Program at Bergen-Hohne. Steve recently spent some leave time in Holland. He is the son of Mr. and Mrs. Clarence Hogan of Andrews.

A Bible and a newspaper in every house, a good school in every district - - - all studied and appreciated as they merit - - - are the principal support of virtue, morality, and civil liberty.

Let's Talk To The People, Mr. Taylor

That's an excellent thing, this big TV debate between Mr. Nixon and Mr. Kennedy. Why don't you and I, Mr. Taylor, do the same thing in the 12th Congressional District? Why don't you and I have small debates in all 10 counties of the 12th? We could hold these talks with the public at the courthouses, going alphabetically from one to the other.

This will only take us 10 evenings and we will give the people of the 12th an opportunity to meet us and judge our qualifications. I'm willing to answer any and all questions from the people and from you, I am sure you will do likewise.

What do you say, Mr. Taylor? I'll leave it up to you to pick the dates for the visits to the counties. Just let me know and I'll be available.

Here're some of the questions the people will be wanting to ask us:

- 1) How do we plan to get better and more roads for our district to help raise the standard of living here through increased tourist business? Good highways always attract more visitors to an area.
- 2) Again to attract more tourists, would we be willing to fight for the elimination of federal gas tax in the counties of our district, and in the nation, that we have per capita income figures way below the national average?
- 3) How do we plan to obtain more industry for the 12th District? Would we favor a lower federal tax standard for new industry settling in counties with low per capita income, or some Congressional legislation to make the Defense Department put basic defenses industries in the poorer counties of our district and nation?
- 4) Where do we stand on things like farm supports for the little farmer, national farm surplus, and farm cooperative subsidies in low per capita income areas?
- 5) How about the state and federal minimum wage?
- 6) What is our attitude towards unions, the right to work law, or union check-off --- items of considerable interest to some people?
- 7) Do we favor double or triple income for members of Congress? Should Congressmen have other interests or should he be a true representative of the people?
- 8) What will we do to fight communism and where do we stand on world affairs, from Adak to Zanzibar?
- 9) What about inflation? Do we have some ideas to check its rise? What will we do about automation in regards to putting people out of work and what about the importing of sub-standard and cheap merchandise from other countries?

These are just a few of the things the people are going to want to ask us, Mr. Taylor. We should be available to answer them.

I'm ready when you're ready, Mr. Taylor, at your convenience.

Pd. Pol. Ad. HEINZ ROLLMAN

You have seen in The Asheville Times of Wednesday where a world famous psychologist has adopted my idea, published two years ago, that candidates for public office should be willing to submit to a lie detector test to establish their veracity. What do you say we both take such a lie detector test in the Asheville City Auditorium? I'm willing.
