MORE PROOF...it pays to feed PURINA

Charles G. Lewis, Shannon, North Carolina, ranks as one of the top Hampshire breeders in the state. Three years ago, he accepted the challenge to produce Hampers that would be a credit to North Carolina in national competition.

North Carolina hog breeder says...

"My decision to follow the Purina Hog Program proved profitable for me"

In just three years, Charles G. Lewis, Shannon, North Carolina, has become one of the leading registered Hampshire breeders in the area. Lewis gives Purina's Hog Program much of the credit for his success.

"In 1957, I saw North Carolina place only one hog in the 250-hog show of the National Hampshire Meat Hog Conference in Raleigh," says Lewis. "Although I was driving hogs in the show for someone else, it disturbed me that North Carolina Hampshires showed so poorly in competition with other states. I came home resolved to do something about it. One of the changes I made in my own operation was to switch my hogs onto the Purina Program—and that was my wisest decision."

Lewis is now getting top results. Careful records on several litters show he is producing a pound of pork from just 2.75 pounds of feed—an excellent conversion figure.

We offer products and services to help you feed hogs for profit. Visit our Store with the Checkerboard Sign for more information.

THE LAW IS CLEAR YOU CAN VOTE FOR ROLLMAN

Yes, that is right. It doesn't matter how you are registered on the books. You can vote for Rollman if you are registered and we believe that most people, irrespective of their registration, will vote next Tuesday for the "Most Wanted Man".

Rollman was willing to appear with his opponent on TV for a debate which his opponent declined to do. Rollman also offered his opponent to meet the people at all ten courthouses in our district but his opponent never answered.

Is that the way political machines operate? Push in their man but keep the people as much in the dark as possible?

LET US FORD DEALERS SHOW YOU THE MOST MAINTENANCE-FREE FORD IN HISTORY

OUR '61 FORDS ARE BEAUTIFULLY BUILT TO TAKE CARE OF THEMSELVES... AND TO TAKE CARE OF YOU BY CUTTING COSTS, ELIMINATING MANY SERVICE STOPS!

No doubt about it, the 1961 Ford is a beautiful automobile. But the really big news is the way it can save you money!

For instance, in the '61 Ford you'll normally go 30,000 miles between chassis lubrications. Then, a quick, inexpensive Ford Dealer lube job (about \$4.00)** will get you set for another 30,000 miles. You'll go 4,000 miles between oil changes with Ford's Full-Flow oil filter. Ford's powerful, new Truck Size brakes save, too, for they adjust themselves automatically for the life of the lining. And Ford's double-wrapped, aluminum muffler normally lasts up to 3 times longer than the ordinary kind.

Add to these features the fact that Ford's Diamond Lustre Finish never needs waxing, and you have a car that can save you plenty in maintenance costs. And remember, we Ford Dealers were the first to extend our warranty on '61 cars to 12,000 miles or one full year, whichever comes first. Ask your dealer to show you the details.

**Based on 12 months service of today's national average labor costs.

LET'S COMPARE OPERATING COSTS			
Based on 12,000 Miles for One Year's Driving			
YOUR PRESENT CAR OPERATING COSTS	ESTIMATE	1961 FORD	
CHASSIS LUBRICATION (As much as \$1.50 every 10,000 miles)	\$18.00	FORD-MADE CHASSIS LUBRICATION (under normal driving conditions)	\$68.00
OIL CHANGES (As much as 3 qt. of oil every 3000 miles)	15.00	OIL CHANGES (1 qt. of oil every 4000 miles)	7.50*
SUPPLIER REPLACEMENT (Including installation charge—plus other as much as \$1.00 per adjustment \$15.00)	15.00	DOUBLE-WRAPPED ALUMINIZED SUPPLIER (Lasts up to 3 times as long as ordinary suppliers)	68.00
BRAKE ADJUSTMENTS (As much as \$2.00 per adjustment—up to twice per year)	4.00	NEW SELF-ADJUSTING BRAKES (Provide new brakes automatically adjust themselves... automatically for the life of the lining)	68.00
AUTOMATIC TRANS. BAND & LINKAGE ADJUSTMENT (As often as once per year—approximately \$2.75)	5.75	NEW CRUISE-O-MATIC TRANSMISSION (Band adjustment not needed)	3.00*
WAXING (If you wax twice per year—approximately \$10.00)	21.00	FORD DIAMOND LUSTRE FINISH (Never needs waxing)	68.00
TOTAL	\$82.75	TOTAL	\$128.00

*This figure in chart above, at left, represents estimate of average national costs to own and operate a 1959-1960 full-size American car for a full year, and driving an average annual distance of 12,000 miles as compared with the 1961 Ford for a full year under the same average conditions. †Subtract eight-cent extra from full-hand column and you'll see that FORD SAVES YOU AT LEAST \$21.25—IN OPERATING COSTS ALONE!
