electric clothes dryer

... best for

ALL FABRICS

Your electric clothes dryer has the necessary controls for drying all fabrics — just right. You can dry the most delicate fabrics made of silk or synthetics . . . dry heavy work clothes . . . dry woolen blankets . . . dry slipcovers and drapes . . . dry any weight or kind of material . . . to perfection.

By setting proper controls, there's no danger of damage to any fabric.

And clothes come out brighter than when dried by any other method.

NOW: \$15 CASH BONUS

Buy and install your new electric clothes dryer now . . . get \$15 in cash free!
To get in on this bargain offer, simply buy the electric clothes dryer of your choice from your favorite dealer. Bring your bill of sale to our office. You'll get \$15 in cash. But hurry. This offer is limited. Good on original installations only.

By L. L. Kisselburg
THE CARE OF THE SOIL
Our soil comes first - is the basis, the foundation, of farming. Without it - nothing! With poor soil with farming, poor living! With good soil, good farming and living. An understanding of good farming begins with the understanding of the soil.
Most farmers realize that the fertility used up by previous crops, loss by leaching and erosion, must be restored. This is most important for the successful establishment and maintenance of productive forages of superior feeding value.
The production of most natural or unimproved pastures in most parts of this country is low.
The low production of natural or permanent pastures appears to be due largely to the following facts: Practices that increase production and quality are less easily applied to the pastures. They are often regulated to the poorest sights of the farm, barnyard manure and commercial fertilizer are diverted largely to crop land.
Many of the pioneers lacked technical knowledge of farming. They followed trial and error and superstition. Poor communication and transportation handicapped them - But climate favored them. The virgin soils were fertile, and their first crops grew as high as an elephants eye, and vision and will set the pattern of the diversified agriculture that now characterizes this prosperous and blessed section.
New procedures for improvement of production of permanent pastures that we now have did not come around without much research and experimentation. The development of seeding techniques and management procedures for the establishment of small seeded grasses and legumes and assurance of high production over a long period has come about through the modern machinery we now have and know-how.
We have learned that the use of lime and commercial fertilizer, extensively used, is an asset to the establishment and maintenance of our most important grasses and

Births

STILES
Mr. and Mrs. Clifton Stiles of Route 4, Murphy, announce the birth of a son, Perry Matthew, November 16, at Murphy General Hospital. Mrs. Stiles is the former Miss Drucella Mary Stiles.
TWEED
Mr. and Mrs. Jim Tweed, of Brassstown, announce the birth of a daughter, November 16, at Murphy General Hospital. Mrs. Tweed is the former Miss Margaret Jane Laney.
LYVERS
Mr. and Mrs. William Carl Lyvers of Hayesville announce the birth of a son, John Herman, November 14, at Providence Hospital. Mrs. Lyvers is the former Miss Roberta Ann Nixon.
KISSELBURG

Legumes. The growth of plants are directly proportional to the available moisture and fertility present in the soil. Unfortunately reserves of fertility present in virgin soil cannot be drawn upon permanently, nor can yield be maintained indefinitely at high levels without the intelligent and liberal use of commercial fertilizer.
Lime is usually applied every five or six years. It is often added to advantage, 6 to 12 months before seeding. Some states require as much as from 2 to 5 tons per acre, depending upon the soil. A soil test is the sensible way to arrive at how much lime is needed. The ASC strongly urges a soil test. However, they allow enough lead-way for the farmer to lime on a history basis - and 95% of our farmers use the history basis. I have been advised that it is not likely that too much lime will hurt grasses and legumes. With the spread services that are offered to farmers in Cherokee County, it is no longer a problem to get the lime on the field that is going to be used for grasses in the future. The ASC county office and county committee are strongly pushing the lime practice at this season of the year, since it is at this time that lime is about the only material that can be profitably applied between now and the end of the year. We are hoping that farmers who have not been in will read this news and decide to come in and learn what we can do for them.

LEGAL NOTICE

NOTICE OF RE-SALE OF REAL ESTATE CHEROKEE COUNTY
Under and by virtue of the Superior Court of Cherokee County, made in a civil action therein pending entitled Cherokee County, A municipal Corporation, -vs- Sherman Baker and Wife, Berge Baker, et al., and signed by the Clerk of the Superior Court on September 30, 1960, and under and by virtue of an Order of Resale upon an advance bid made by the Clerk of the Superior Court on November 7, 1960, the undersigned Commissioner will on the 23rd day of November, 1960, at twelve o'clock, noon, at the door of the Courthouse in Murphy, North Carolina, offer for sale to the highest bidder for cash upon an opening bid of \$175.00 but subject to the confirmation of the Court, a certain tract or parcel of land lying and being in Murphy Township, Cherokee County, North Carolina, and more particularly described as follows:
Adjoining the lands of Hampton (now Mason), Coffee and others.
Being part of Tract No. in 3rd District on the waters of Little Brassstown Creek and bounded as follows, to wit: BEGINNING on the bank of the Coleman Gap road on the Hampton (now Mason) and Coffee line and running Westward thirty eight poles to a stake on top of a ridge; thence Southward following the top of the ridge forty six poles to a chestnut oak on top of a ridge; thence Eastward following top of ridge sixty four poles to a stake on the bank of the Coleman Gap Road; thence north with said road twenty three poles to the Beginning, containing twenty-five acres, more or less.
Being the same land conveyed to H. D. Stalcup by S. D. Chambers and Lena Chambers and registered in the Office of the Register of Deeds in Book 116, Page 285.
Also being the same lands described in and conveyed by a Deed, dated July 13, 1950, from Verdie Raper, Hair at Law of H. D. Stalcup, to Samuel Baker, and registered in the Office of the Register of Deeds of Cherokee County, North Carolina, in Deed Book 173 at page 181, reference to which Deed is hereby made for greater certainty of description.
This the 7th day of November, 1960.

Roy A. Taylor Appoints Luther W. Shaw

Luther W. Shaw, a native of Haywood County, has been named executive secretary to 12th District Congressman Roy A. Taylor.
The 28-year-old newspaperman will join Taylor's Washington staff effective on December 1.
Shaw's appointment was announced Tuesday by Rep. Taylor as he completed his staff lineup which includes personnel from two other Western North Carolina counties.
Taylor's district representatives include Lacy Thornburg of Sylva, Leonard Lloyd of Robbinsville, and Tom Malone, district secretary, of Asheville.
Shaw, a graduate of Western Carolina College, has been a member of The Asheville Citizen-Times news staff for the past four years. He began his newspaper career as a reporter on The Sylva Herald, and during his senior year at WCC was editor of the campus newspaper, The Western Carolinian.
The son of Dr. and Mrs. Luther Shaw of Waynesville, he graduated from Waynesville Township High School in 1950, attended Mars Hill College and N.C. State College, then graduated with a BS degree from WCC in 1954.
Following graduation, Shaw entered the U.S. Army and served two years at Wolters Air Force Base in Texas where he was a member of a special Army engineering team of specialists assigned to the Air Force. He also served as an instructor in the base's education program.
Shaw is a member of St. Paul's Methodist Church of Asheville, transferring his membership a year ago from First Methodist Church of Waynesville.
He is married to the former Miss Carolina G. Kallquist of Chattanooga, Tenn., who for the past four years has taught in the Hall Fletcher Junior High School of Asheville.
In announcing the appointment, Rep. Taylor said that area leaders throughout the district had recommended Shaw as an energetic, capable young man well-backgrounded in the district's past, present and future potential.
"I feel extremely fortunate," Taylor said, "in being able to have someone of Mr. Shaw's talents as my executive secretary. His interests are the interests of the people - all of the people - of the 12th District and he will be

Gray Ladies Hear Mrs. S. J. Gernert

ANDREWS - Mrs. S. J. Gernert was guest speaker at a meeting of the Gray Ladies at the District Memorial Hospital, Monday November 21 at 7:30 p.m.
She related her experience as a "Pink Lady," which is a volunteer service corp. at St. Barnabas Hospital for Chronic Diseases in the Bronx, N. Y. Mrs. Gernert spent more than a month there this summer, her sister being a patient there at the time. Her experience impressed the Gray Ladies and Church related groups.
working with the people of the district."
Taylor added that from time to time Shaw will be working in the district when Congress is not in session.
Taylor said that Shaw will be particularly alert to providing newspapers of the area with information from his office that concerns the district.
"I have said before and I will say again - that one of the paramount duties of my office is to keep the district informed on all problems and developments that concern it," Taylor said. "With Mr. Shaw and the other capable members of my staff, I am sure that we can do the job that needs to be done."

Boy Scout Leaders And Parents Hold Annual Meeting

MARBLE - Dr. W. E. Byrd, former president of Western Carolina Teachers College, was principal speaker at the annual dinner meeting of Boy Scout leaders and parents of the Nantahala district at the Marble School on Tuesday evening, November 15.
John Jordan, district chairman, presented Scouter awards for outstanding service during the past year to Cubmaster Don Ramsey of Murphy; Scoutmaster Donald Cook of Marble; G. E. Denning of Hayesville, adviser for Explorer Post 411; Commissioner George Bristol of Ogden; and District Committeeman Joe El Khouri of Andrews, Scout executive of the Daniel Boone Council, installed new officers. They are: Jordan, district chairman; El Khouri, vice-chairman; and Robert Bruce, commissioner.
Hobart McKeever of Murphy was master of ceremonies for the meeting and others participating on the program were Holland McSwain, and the Rev. Tom Houts of Murphy, John Burton of Franklin, Daniel Boone Council field representative, Boy Scout Troop 402 of Murphy, and Explorer Post 411 of Hayesville.
