**Rotarians Elect New Officers**

ANDREWS - At a recent meeting, a new slate of officers for the year 1961-62 was chosen by the Rotarians. Newly elected officers are: president, Charles O. Frazier; vice pres., Bill Carter; secretary-treas., John Ellis; and directors, Gerald Almond, outgoing pres., Rev. Dorris Smotherman, Jeff Brooks, and Olan Stratton. These new officers will be formally installed and assume duties the first meeting in July. An Annual project of the Rotary Club is to support the Crippled Childrens Drive. Plans are underway now, lead by W. D. Whitaker, State Vice Chairman of the Crippled Childrens Society, to have various fund raising projects to raise money for this worthwhile cause. The drive will be climaxed by the annual bake sale to be held at the E & J Electric Store this week regarding the Cripple Childrens Program in Cherokee County. According to several Rotarians, one of the truly great programs of all time was presented to the club on March 20, by the Rev. Herman Nicholson, pastor of the First Methodist Church in Waynesville. He spoke of life of a prisoner-of-war in a Chinese Red Camp during the Korean outbreak and was based on facts and figures made available by the war dept. and as a Chaplain in Korea during this period. Plans are also being made for the annual basketball banquet sponsored each year by the Koneheeta and Rotary Club to be held at the Andrews School Lunch Room with date to be announced later.

About half of the 6,000 items on the shelves of the big supermarket are non-food items.

I realize that this business of law-making and reports that I have been giving have been rather dull to most readers. I say this for most of the reports that I have made - have been dealing with state financing. I wish to assure you, however, that the legislature is not always of dull or drab proceedings, and a great deal goes on which is most interesting. I wish I could convey that part to all of you. My good friend, that great North Carolinian, Senator Lindsay Warren, recently gave me a book of paper matches for my son and autographed it. Senator Warren stated that President Kennedy had sent him several books of these matches and that the match company had given these to President Kennedy. Only a limited number was made, and none like them will be made again. The matchbook has a picture of President Kennedy and Vice President Johnson and is dated January 20, 1961. Senator Warren said that President Kennedy is sending these matches to him said for him to give them to a few of his close friends. They are already a collector's item and will some day be much sought after - needless to say I consider this a great honor, and Billy was tickled to death with these matches. I recently introduced a bill aimed at taking some of the detail in licensing collection of the hands of the game and fish protectors and also enabling more people to handle hunting and fishing licenses. In working

**SENATOR SAM ERVIN SAYS**

WASHINGTON - The Senate has passed a bill to expedite and accelerate the use of educational television in our nation's schools and colleges. I voted for the bill which will authorize a grant of up to \$1 million for North Carolina to establish or improve educational broadcasting facilities. Television has immense possibilities in the field of education. Already North Carolinians have seen an effective use of television through WUNC-TV Station in Chapel Hill. The measure now goes to the House for consideration.

**ANTI-CRIME DRIVE** - A concerted drive against crime in America has been called for by Attorney General Kennedy and has been sanctioned in speeches in the Senate. The Attorney General has appointed an Assistant to head the Anti-Crime Division of the Justice Department. Hearings before the Senate Rackets Committee have shown the need for federal direction of this drive. Local officers find oftentimes that they are at a loss to cope with a nationally organized crime syndicate or even a criminal who operates in several states. I favor new hearings in this field by the Senate Judiciary Committee.

**TEXTILES** - Senators from the major textile producing states have suggested a flexible quota as one means of assistance to the textile industry. The President is aware of the textile problem and has appointed a cabinet level committee, including Secretary of Commerce, Hodges to study the situation. I believe and have stated in the Senate that a system of flexible quotas by country and by category will deal with the present situation in such a way as to give our friends in foreign countries such reasonable proportion of our domestic market as they need to have, and at the same time preserve the investments of our local manufacturers.

**Area Men In Service**  
25TH INF. DIV., KOREA - Army Maj. Edward H. Swan, son of Mr. and Mrs. Frank W. Swan, Andrews, N. C., recently received a certificate of achievement while assigned to the 25th Infantry Division in Hawaii. Major Swan was commended for outstanding performance of his duties during his recent assignment with Headquarters, Utah Sector, X U. S. Army Corps, at Ft. Douglas, Utah. The major entered the Army in 1942. The 43-year-old officer is a 1935 graduate of Andrews High School and a 1937 graduate of Brevard Junior College.

with the wildlife people, I think we have a satisfactory compromise measure which will probably be enacted on next week. Senator Adam Whitely and Senator Tom Clayton have been working with me in this matter. Also, we are planning to introduce legislation dealing with private fishing ponds. We think that in all cases guests should be able to fish in these ponds without licenses. Hearings will begin this week in the Finance Committee and from the flood of bills introduced dealing with taxes, this committee will have its work cut out for it before the legislature is over. An invitation was extended by the Commanding Officer of the United States Marine Corps at Cherry Point for the legislators to visit his Command on May 10. The invitation was accepted by the Senate. The recent flood of new bills in the Senate hopper, together with the ones coming over from the House, to be passed upon certainly takes a great deal of time to examine. This is particularly true of the statewide measures as they are examined to see if they affect the section of the state that I represent. On Monday night, March 20, I attended a school meeting in Franklin. I was well received, and I appreciate their fine hospitality. I am always humbled and grateful for the splendid way in which I am treated by everyone. I will always be extremely grateful to the folks in the 33rd District.
