BANKING is a HELPFUL BUSINESS

The business of banking is to help other businesses — and individuals — achieve worthwhile objectives.

To a business, this may mean the financing of receivables, a loan for materials or equipment, even a bank administered pension plan.

To an individual, this may mean the convenience of a checking account, a safe and remunerative place for surplus funds, a personal loan to meet an emergency, a low-cost auto or home improvement loan.

Day And Night Classes For Men And Women

Over the years, the Massey College of Atlanta has enrolled many people from this area for professional Secretarial and Professional Office Courses but there have always been many scores of others who could not afford to maintain residence in Atlanta or give up their jobs to attend the main school. For this reason, MASSEY is bringing to the people of Murphy its FULL FACILITIES for adult commercial education. Both day and night classes will be held.

EXTENSION SCHOOL

The duration of the Professional Secretarial and Professional Office Courses are 5 months. Students are enrolled at the beginning of the course. Because of teacher load, only a limited number will be accepted. Once the school is started, no further enrollments will be allowed. At the conclusion of the 5 months' course, when the students graduate and receive their business college diplomas, the teachers and equipment will be moved to another community in similar need of trained office workers.

HOW TO ENROLL

Since only a limited number can be enrolled, do not delay. Call Miss Phyllis Patrick, Career Counselor and Vocational Advisor of Massey College. She will be glad to assist you in planning your school program. Call Miss Patrick, Collect at VE7-2139 or see her at the New Regal Hotel, Room 86, Murphy, North Carolina.
