

## Andrews Personal Mention

Mrs. Nina Whisenhunt has as her guests Mrs. John T. Scott and her daughter, Mrs. W. A. Hocker, of Casper, Wyoming. The air has hummed with interesting stories of their early girlhood experiences spent on the western plains as Mrs. Scott was born on the Big Toe Ranch west of Cheyenne, when Wyoming was still a Territory and Mrs. Whisenhunt was born just over

the state line at Virginia Dale Colorado. Their families were close friends and visited back and forth between the two ranches.

Mr. and Mrs. S. H. Palmer are spending several weeks in Atlanta as guests of their daughter and family, Mr. and Mrs. Percy Brister.

Mrs. James Baer and daughter Nancy left for Charlotte, Wednesday. Mrs. Baer

arrived on Sunday and attended the Graduation Exercises.

Mr. and Mrs. Horace Palmer had as their guest this weekend Mr. and Mrs. Fred Palmer and family of Gastonia and Mr. and Mrs. Roy Palmer and daughter of Atlanta. Mrs. Joe Rowland accompanied the Palmers home on Sunday for a visit of several days.

## Former Andrews Boy Dies From Injuries

Andrews-Kenny Creasman son of Mr. and Mrs. Gladuth Creasman, former residents of Andrews, died Tuesday night, May 16 in a Delray Beach Fla. Hospital, battling ten days for his own life after being struck by an auto. He was hurled to the road on a rain drenched street and never regained consciousness.

## Centennial Committee Reports

At Monday night's Clay County Centennial Committee meeting, it was unanimously agreed to resume the Saturday Beards and Bonnets activities. Centennial arrests and fines collections will be made again this Saturday, May 27, and will continue until Centennial Day, July 1.

The Centennial jail observations were omitted last Saturday but the committee reported a consensus of opinion in favor of continuing them. The ruling was repeated that anyone not wishing to be arrested, will not be required to be jailed or fined. It was also decided to have two different men deputies each week and these will be chosen from the various communities in the county.

The Clay County History booklet is now in the hands of the printers, according to that committee. These should be on sale around June 15.

The new car bumper stickers have arrived and may be obtained at local service stations. These stickers are an improvement over the first ones. They are plastic-coated

instead of paper so are waterproof and easily removed when desired. Hope everyone will use them to help advertise our big day.

Centennial Sunday has been set for June 18. This will be observed by all the churches in the county. It is expected we'll see bonnets and dresses at church—just like the ladies wore to church 100 years ago.

Members of the antiques committee say there are many interesting items owned by local citizens which will go on display next month. Frank Herbert, for instance, has a whole shed full of antiques which he has collected over the years. He has, among other things, old spinning wheels, bedsteads, and a sewing machine which makes a chain stitch. If you have any old articles you'd like to show, contact Mrs. Glen Prater, chairman, or her committee, Mrs. Justine Rozier and Miss Mary Jarrett.

There'll be some interesting sights in the big parade July 1 too.

## Roving Reporter

By JUSTINE ROZIER

Some of you have asked about the punch served at the Home Demonstration Centennial Tea. Mrs. Arthur Murray and Mrs. Jack Groves prepared the punch and have provided the following recipe:

Make a syrup of 4 cups sugar and 2 cups water, boiling 10 minutes. Add 2 cups strong tea and chill. Then add: 2 no. 2 cans pineapple juice (5 cups); 2 1/2 cups orange juice; 2 cups lemon juice; 1-1/2 oz. jar Maraschino cherries and juice; 3 gal. water; 2 qt. dry ginger ale; 4 pints sherbet; Add ice and lime sherbet just before serving.

It will soon be time to start freezing strawberries. Has your family consumed all the berries you froze last year? Now is the time to check up on freezing space and containers. Be sure you use a good quality of container, one that is completely air and moisture-proof. If you use plastic bags, get the thickest bag you can find.

Do you have a thermometer in your freezer? Strawberries and every other food you freeze should be stored at 0 degrees Fahrenheit. Do you know if your freezer stays that cold? Strawberries have a lot of Vitamin C, but specialists tell us they lose it rapidly if they are stored at a temperature above zero, even though they are frozen. They freeze at 32 degrees F., but lose half their vitamins when stored for a month as cold as 20 degrees F. So use a thermometer and push that temperature on down when it gets above 0 degrees.

We are still sewing on Centennial dresses and bonnets. Let me caution some of you about buying cloth. In your search to buy an inexpensive fabric (because you have to buy so much!) get the best quality you can. Shrinkage and fading can still be a problem in very inexpensive cloth. Look for a price reduction for cloth of known good quality. As long as you will wear this dress you may find yourself laundering it several times. One of the women said it took her forty-five minutes to iron her dress. It has quite a few more ruffles than mine.

We will be having a Centennial Fashion Show in June and want everyone in the county to wear her dress and show it off. We will include youngsters of all ages, also. Plan to take part in this

## Church News

Circle No. Two of the First Methodist Church met on Tuesday evening, May 16 at the home of Mrs. R. C. Mattox.

Mrs. W. F. Elliott, opened the meeting with prayer. She also presided over the business meeting.

Mrs. F. L. Asbury gave the program on "Our Three-fold Pledge".

During the social hour the hostess assisted by Mrs. W. E. Howell and Mrs. Lottie Stalcup served refreshments to the following: Mrs. Dixie Palmer, Mrs. W. F. Elliott, Mrs. Ellen Wheeler, Mrs. W. S. Cann, Mrs. F. L. Asbury, Mrs. H.G. Elkins, Mrs. Helen Lochaby, Mrs. Dave Carringer, Mrs. J. B. Slaughter and Mrs. Early Anderson.

highlight of our, Centennial Week.

Have you had a spring cleaning at home? Let us all have a good outdoor clean-up, paint-up session to make our homes and grounds as attractive as possible. In this warm weather you will want to be working outdoors anyway. Especially for our visitors in the county, let's spruce up every sight they'll see.

Don't get rattled. Get a Dodge. Rugged. Welded rather than bolted together to ignore rough roads and toughest service.

It's farther between gas stops on today's superhighways. It's farther in a Dodge, too. Reason? Economical Dodge engines. Two Sixes for Lancer. A Six and five V8s for Dart.

That's what Torsion-Aire was made for. It takes a firm stand against roll, sway, squat. The ride is something you should try.

DEALER

Why does Dodge offer a three-speed automatic for both cars? To give that added punch for passing right when you need it.

Don't run down your battery every time your engine idles. Get a Dodge. You'll get an alternator instead of a generator. And an alternator charges your battery even at idle.

Give low upkeep the high sign at your Dodge dealer's. He's got a deal on the full-sized Dart or compact Lancer you can't beat.
