Everyone in Clay County is invited to attend the second Rural Health and Safety Fair. It will be held on the Court-house Lawn in Haywoodville on Friday, August 25, beginning at 10:00 A. M.

Remember what a big day we had last year? Even if you had all the tests and services last year, you will want to come again this year, for we will have many new activities.

The DIAPER DERBY will be held at 10:30 for all babies who are crawling, but not walking. Last year we had about a dozen entries. If you have a baby in crawling stage please bring him (or her) -- "Scooters" are also allowed. Citizen Bank and Trust Company is providing a top prize for the winner -- a savings account for the baby with five dollars in it. Another big prize for the babies is a carton of Gerber Baby Foods. Every baby will win something.

For adults, we have free polio and tetanus shots. Both of these are important, so come and get them if you need them. Again you can get weighed and have your blood pressure checked.

My sister, Jerri, will be coming to do blood tests again. This year you can have the hemoglobin content of your blood checked. This will indicate your body's need for iron in the diet.

You are invited to see free movies in the Curtis Theatre, beginning at 12:30. This will be during the lunch hour for our doctors and other visitors, so you will not miss out on testing while in the movies. The movies will feature health and safety topics. One of the movies which I saw in Raleigh is called "The Safest Township Anywhere." Seeing it will surely impress you with the importance of being safety conscious, on the farm as well as in the home.

Our Home Demonstration Clubs are planning to present safety topics through posters and exhibits. Each club is selecting a different subject -- we hope to learn much from these.

Do you have a fire extinguisher in your home? Mrs. Viola Meyer of Myers Chapel community would probably testify that her use of a home fire extinguisher recently saved her home. During severe storm this summer, lightning caught a bed on fire. With the fire extinguisher she kept the blaze under control until the fire truck came.

The bank is donating a home fire extinguisher which will be one of the gifts for our drawings. We will be drawing for special prizes throughout the day so be sure to register at the main desk. COME TO THE FAIR!

Keeping food cool on a picnic is easy. Just fill an empty milk container with water. Reseal and freeze. Just be sure to leave a couple of inches at the top as water expands as it freezes.
