

## JAYCEE WEEK NOTED IN PEMBROKE

Shown seated left to right are: Jimmy Goins, president; Mayor Pete Jacobs; Kelvin Lowry; Standing left to right:

Carnell Locklear, President; Larry Jacobs, Internal Vice-President; Bill Oxendine, External Vice President; Carl-

ton Dial, treasurer; Gerald Strickland, district director. (Connie Brayboy photo)

Pembroke, NC Mayor Pete Jacobs of Pembroke had proclaimed January 18 - 27, 1982, as Jaycee Week in Pembroke and surrounding areas. The Pembroke Jaycees was organized in 1966 and this is our fifteenth wedding anniversary, chuckled Jimmy Goins, and we Pembroke Jaycees young and old think we should have a week of activities along with other Jaycee Chapters in the state.

The Pembroke Jaycees wishes to thank the Pembroke Community for being so cooperative during the last 15 years and we do hope the

next 15 years will be more productive, because "Service to mankind is the best work of life."

### Girl Scout Cookie Sale beginning Soon

The Jaycee week will kick off with the annual jelly sales which has been in the past one of the exciting projects that the Jaycees encourages the whole community to get involved because these monies will be funfunded to the Burn Center at Chapel Hill, NC.

Reich L. Welbour, President of the North Carolina Jaycees was quoted as saying "We believe that service to humanity is the best work of life." The North Carolina Jaycee Burn Center is the supreme example of our "putting into practice what we preach."

Carnell Locklear, chairman, said, "we Pembroke Jaycees want to do what we can to further the Burn Center because we never know when one of our local citizens will have to use these wonderful facilities because of a first degree or second degree burn thus we are encouraging everyone to buy some jelly when a Jaycee asks."

What has become an annual American tradition continues in our community starting on January 22 and continuing through February 8 Robeson county Girl Scouts will be taking orders for seven different cookie varieties at \$2.00 per box. Troops receive a bonus for each box sold. Last year Robeson County Girl Scouts sold 23,916 boxes. Since 1936 cookie sale proceeds have been used to support troop activities and community projects, to develop and maintain Girl Scouts camps and property, to recruit and train leaders and to provide on-going program and services. Through the cookie sale girls are trained in salesmanship, planning and budgeting. If you are not contacted by a Girl Scout and wish to order cookies please call Gayle Gainey 738-2383.

The next exciting event will be the Distinguished Service award banquet which will be held Thursday night, January 21st, 1982 at the Jaycee Hut. Dr. Gerald D. Maynor, member of the Robeson Co. Board of Education and chairman of the Education Dept. at Pembroke State University, will be our guest speaker. Dr. Maynor is recognized as one of our leading Indian spokesmen and everyone is encouraged to come and listen to great remarks by a great man. The D.S.A. Banquet is where local citizens is recognized for their contributions to their community; such awards are D.S.A. award, Young Educator, Young Resqueror, Boss of the Year, and Young Fire Fighter.

### Strickland heads Robeson Lawmen's Assoc.

The Robeson County Law Enforcement Association met at the Golden China Restaurant on January 11. New officers were elected. They are president, Detective Ray Strickland; vice president, SBI Agent Lee Sampson; Secretary, Mary Green who is a narcotics agent with the Robeson County Sheriff's Dept.; and treasurer, Parkton Chief of Police Lawrence Brown.

The board of directors will be composed of Sheriff's Deputy Ricky McNeill; Sgt. Walter Allen Basnight of the Highway Patrol; Sgt. Stanley Clark of the Robeson County Sheriff's Dept.; PSU Campus Policeman Donald R. Godwin; and Lumberton's Assistant Chief of Police Albert Carroll. Detective Strickland appointed Garth Locklear as chairman of the Safety Town Program.

The last exciting, prestigious event will be Jaycee husband and wives dance held at the Jaycee Hut Saturday night January 24th, 1982. This event will show that the Jaycees appreciate their wives. One author is quoted as saying, "behind every great Jaycee there is a great woman, because the Jaycee wives must be very understanding."

## Pembroke Mayor speaks at Kiwanis Meeting

Program Chairman Bernard Lowry presented Pembroke Mayor, Pete Jacobs who was the speaker at the Tuesday evening meeting at the Town and County Restaurant. In his introduction, Mr. Lowry cited Mr. Jacobs outstanding service to both the Town of Pembroke and to Robeson County. For many years he was Town Clerk of Pembroke, presently he is Robeson County Tax Collector and is also serving his second term as Mayor of Pembroke.

In his opening remarks, Mayor Jacobs spoke of his surprise and pleasure this past Friday when a gentleman handed him a calling card which revealed that he was the Mayor of Pembroke, Canada. The two Mayors compared their towns with justifiable pride and noted a similarity through growing tobacco, for fine-cured tobacco is grown one hundred miles north of Ottawa.

In speaking about pride in country, community, and self we should have pride in the fact that the United States is the greatest country in the world—a leader in peace and in human rights. Presently there is a wave of negativism in the country as shown in the refusal of a million young men to register when they become of age. No one seems to applaud what is right. There are two sides to every question just as there are two sides to fly paper—and it makes a difference which side the fly chooses.

Our nation was built upon optimism, not negativism. From the beginning, our country has been proud of its achievements and we must continue to do so. In Pembroke we have progressed from having appointed officials to our present election of officials. We are proud of Kiwanis which was the first service club in Pembroke. We are equally proud of the Lions

Club and the Pembroke Jaycees which also have contributed so much to our community. We are proud of our University which has increased our educational opportunities. We must never cease to have pride in ourselves, in our town, and in our country.

There is a time to part and a time to meet  
There is a time to sleep and a time to eat  
There is a time to work and a time to play  
There is a time to sing and a time to play  
There is a time that's glad and a time that's blue  
There is a time to plan and a time to do  
There is a time to give and a time to grit  
But there never was a time to quit.

We must never quit showing and demonstrating our pride in our country, community, or self.

At the close of his speech, Mayor Jacobs took a few moments to speak concerning tax exemptions for senior citizens 65 years of age or older. Many who are eligible for such exemptions are not aware of what they must do to obtain them. First of all they must be 65 or older, secondly, they must have an income of less than \$8500 from all sources except from lineal ancestors or descendants, and lastly and most importantly, they must personally request the exemption.

Presiding at the meeting was Club President John L. Carter. The invocation was given by Ray Lowry and Lankford Godwin was the song leader with Ira Pate Lowry as accompanist.

Bernard Lowry attended the mid-winter convention of the Carolina District Kiwanis at Southern Pines with District President Jim Story presiding. "We Care" is the Kiwanis theme for 1982.

## Dr. Chappell to Speak at Methodist Gathering

Dr. Wallace D. Chappell, pastor of the First United Methodist Church, Charlotte, will be the featured speaker on the occasion of the Evangelism Seminar in the Robeson Sub-District, Rockingham District of the North Carolina United Methodist Church, Lumberton. The theme of the event is the district's evangelism theme "Reach Up, Reach In, Reach Out."

The Annual North Carolina United Methodist Conference Preacher in 1980, Dr. Chappell is the author of 9 books. Prior to coming to Charlotte in 1981, he was the pastor for 12 years at McKendree United Methodist Church, Nashville, Tennessee. The Asheville, N.C. native has been in the ministry for 30 years and has preached regularly at national church assemblies as well as conference and district seminars. Dr. Chappell has also traveled extensively abroad, preaching in both the continents of Europe and Asia.

Following the 1-hour worship service, the participants will attend 1 of 4 workshops, depending on their interest and local church responsibility. The visitation Evangelism Workshop will be led by the Reverend Bruce Taylor of the Rocky Mount District; the Youth Evangelism Workshop leader will be the Reverend Virgil Huffman of the Rockingham District; the Outreach Evangelism Workshop (beyond the local church) will have as its leader the Reverend Donnie Davis, who serves as the Rockingham District, will meet the pastor's and chairperson of CORE (the Committee on Renewal through Evangelism) in each local United Methodist Church of the Robeson Sub-District.

Those persons who are especially encouraged to attend include the pastors, chairpersons of Evangelism, Council on Ministries and Administrative Board or Administrative Council; presidents of United Methodist Women, United Methodist Men and United Methodist Youth Fellowship (2 youth members from each church are urged to attend); and the UMYF counselors; also the Age level coordinators (coordinators the Ministries for children, youth, young adults, adults and families). In addition, all other interested persons are invited to participate in this Monday evening event.

RODERICK GLENN LOCKLEAR AND RUTH L. LOCKLEAR

January 12, 1962  
January 12, 1982

Congratulations, Mom and Dad, on your 20th Wedding Anniversary.

May you have 40 more.

Your Sons,  
Roderick Glenn Locklear, Jr.  
Clarence E. Locklear, II

It is surprising how much work our friends think we can, and should do.

At the end of this happy life, the man with the most money will find it means very little.

Every minority has a tendency to blame the majority for its own mistakes.

Home-making may be a lost art, but there's much to be said for the ancient custom.

## EXTENSION SCENE

North Carolina

AGRICULTURAL EXTENSION SERVICE

JOHN G. RICHARDSON  
Robeson County Extension Chairman

A few weeks ago Ray Lowry, who is with the Animal and Plant Health Inspection Service of the United States Department of Agriculture, called and reviewed a chemical recommendation for the control for a tick-like looking bug that had been causing some problems with homeowners in the Lumberton area. At that time he indicated in his survey that these particular insects seem to be relatively abundant, and he fully anticipated that we would receive a fairly large number of calls regarding these insects at the Extension Office with in the next few weeks. Ray's predictions were quite correct.

In the last two weeks we have received a large number of calls regarding small tick looking insects that have been crawling on people's porches, up their walls, into their houses, on their walkways, on their trees, and practically everywhere else. This problem has existed more prominently in the Godwin Heights area of Lumberton, but we have received a number of reports from other areas also.

Following a review of the situation and identification of the insect are definitely not ticks. They are pine aphids. Aphids are plant lice that feed on certain cells of the plant leaves. They can cause severe injury to tobacco as well as other crops if infestations are allowed to develop. However, other types of aphids also feed on trees and shrubs. This particular insect that is creating some headaches for homeowners in those areas mentioned is called a pine aphid.

We are aware of homeowners contacting pest control firms to have their premises treated for this insect since they are becoming such a nuisance through their sheer numbers. We regret to say, however, that treatment of one lawn, home, or group of trees is

essentially worthless when one considers the overall level of this infestation in the area.

Should one decide that they wanted to use an insecticide to kill those aphids that are bothering them at the moment, malathion is the material that should be utilized. It is a very common material that is used extensively in home gardens and is essentially a very safe product. Yet, one should keep in mind that unless and entire area such as a multiblock area is treated, then these plant lice will simply move from one locale to another and readily reinfest before.

Additionally, since the weather has been alternately warm and cold, we have not experienced enough severe cold at this time to eliminate the current infestation of these pine aphids. However, it is fully anticipated that cold weather the remainder of this month and in February should practically eliminate the problem.

Yet, we fully realize that these aphids secrete a honeydew material that is quite conducive to fungus or mold growth, and this mold growth can very quickly become unsightly. Thus, even though we anticipate the natural decline of these insects without any expected damage the

pine trees that they are feeding on, one should keep in mind that washing down areas where this honeydew secretion accumulates would be very good idea to avoid the unsightly appearance of fungus growth.

Should anyone need additional information regarding the pine aphids or other insects, do not hesitate to call 738-8111.

## RTC Nursing Program Deadline

LUMBERTON—January 15 has been designated as the deadline for persons interested in submitting applications for enrollment in Robeson Tech's Nursing Program for the Fall Class of 1982.

The deadline has been established to enable the creation of testing dates for applicants before the Fall classes according to Frank Leggett, Vice President for Student Services.

Any one interested in obtaining more information may so by contacting the Department of Student Services at RTC, 738-7101.
