## Lloyd Joins Locklear and Son Funeral Home

## An Open Letter

### I KNOW THERE IS A GOD SOMEWHERE....

Believe me, there's a God somewhere...and everywhere. For instance, I met him in Red Springs when our car stopped while I was taking my husband, Elmer T. Lowry, to see a doctor in Fayetteville.

I was desperate...and did not know what to do. Then Mr. Wade Jones, a friend, and two sons stopped to help. God bless him; he came to our aid just like the Good Samaritan. Mr. Jones, even after fixing our car, would not leave us in our time of trouble. Mr. Jones sent his sons and friend on home with his car and accompanied me and my husband on to Highsmith Hospital where my husband was admitted and kept for 5 days with a debilitating infection.

I will never forget this Christian, kind act of mercy.

And there are others who were kind while my husband was at Highsmith Hospital and, previous to this, when he was hospitalized at N.C. Memorial Hospital in Chapel Hill, especially Mr. Earl Sheppard, who was a teacher at Pembroke High School when my husband was principal there.

And Mr. Theodore Lowry, Rev. James Harold Woods, Calvin Lowry, Cathlene Locklear and so many others who helped me in this time of trouble. God bless all of you.

And Mrs. Viola Parsons, a member of Willard's Chapel Church, who lined up a group from her church to make sure I never had to travel to Chapel Hill alone.

And thanks to everyone who extended a helping hand and a fervent prayer in our time of need.

Yes, I know there's a God somewhere...and everywhere. I have seen him in the actions and prayers of all of these generous and kind folk. God bless each of you.

If you or your employees are injured call us immediately, or come in. We accept Medicaid stickers, Medicare, farming, industrial, and automobile accident patients. Almost all insurance companies accept our claims.

Injuries to the back and spinal column receive the best and the most effective care from those who are accustomed to dealing with injuries involving the spinal column.

No medicines or drugs, no surgery which removes spinal parts, no injections are going to relieve the pain and suffering and conditions which result from injury to the spine.

Only correction of the CAUSE of the condition will bring permanent, lasting relief and beneficial results.

As is the case in all illness and injuries, "Time is a friend to disease."

Do not delay.

Even though the "injury" may seem - at first - to be a small thing, do not delay. See your chiropractor right away and be sure. A scientific chiropractic spinal examination can locate spinal subluxations which may not be noticed right away.
