

### Honored on Golden Wedding Anniversary

Mr. and Mrs. Luther Chavis

Mr. and Mrs. Luther Chavis were honored with a reception on Saturday, January 9, 1982 from 2 p.m. until 5 p.m. at the cafeteria of Magnolia School. The occasion was the couple's 50th wedding anniversary.

Hosts were their children and grandchildren: Edith Hammond and Gladys Locklear of Lumberton; Earl Chavis of Fayetteville; Eunice Hendrix of Washington, D.C.; and Doris Smith of Waukegan, Ill.

Greeting the guests were Helena Faye Chavis, Debbie Locklear and Alicia Locklear, granddaughters. Presiding at the guest registry were Pamela Hendrix and Donna Hammonds, granddaughter.

The refreshment table was covered with gold linen overlaid with lace, centered with a yellow Daisy arrangement with yellow candles. Alternating at the punch bowl were Gloria Locklear and Susan Wilms, granddaughters. Assisting in serving the hors d'oeuvres were the couple's daughters.

A separate table covered with gold linen overlaid with lace held the two-tiered anniversary cake decorated in white with yellow trimming.

Mrs. Chavis was presented a yellow rose bud corsage and Mr. Chavis received a yellow boutonniere.

Approximately 75 guests attended.

### Mini Course in Personal Dynamics Presented to Pembroke Jaycettes

The regular meeting of the Pembroke Jaycettes was held on January 26, 1982. Among the items discussed were fundraising, Jaycette Week, awards weekend, Jaycee assistance and the Jaycette

scholarship.

Vice president Karen Dial presented a mini course in Personal Dynamics. Personal

Dynamics is how a person feels about himself, exactly where they stand in life and

what they would like to be. Being aware of our own personal dynamics will help us realize our capabilities and enable us to reach our individual goals in life. Shown is Ms. Dial giving her presentation.

### Island Grove Holds January Bible Study

Island Grove Baptist Church held their annual January Bible Study course January 17-21. The book of Jeremiah was taught by Bros. Tony Brewington and Welton Low-

ry. Seven (7) classes of youth and children were taught by church members. The average nightly attendance was 113 with the highest in any one night being 118 persons. This

endeavor in studying the Word of God was very successful. We climax our study on Thursday night with a fellowship hour. (Photo by Elmer Hunt)

### Union Chapel Chiefs hold first 4-H Meeting

The Union Chapel Chiefs held their first 4-H meeting on Saturday, January 16. It was the first meeting for the new year, 1982. The Union Chapel Chiefs hold their 4-H meetings every third Saturday of the month at approximately 4 p.m. at the Union Chapel Community Church Fellowship Hall. Anyone from the ages of 9-19 are welcome to join.

The Chiefs guest speaker was Mr. Garth Locklear, a detective with the Robeson County Sheriff's Department.

Mr. Locklear's presentation consisted of various types of drugs that were displayed. His theme was the effects of drugs on the body and the after affects. Mr. Locklear stated that marijuana or any type of drug of that nature, has been tested and found to be very harmful. "It has been tested by scientists," he

stated. "When people first began taking these drugs, it was predicted not to be any more harmful than a cigarette, today scientists are saying that it can harm the next generation. Drugs such as pot, marijuana, hashish, etc. can destroy the cells that fight off various infection and disease. Therefore, when your body does not have the cells it needs to fight off diseases and infection, then the body gets too weak to fight all the germs," Mr. Locklear continued.

In his personal opinion, Mr. Locklear stated, "Flashbacks" could be the worst after affect. In his closing remarks, he stated that one could have after affects of the drugs. In other words, one may have stopped using the drugs for a couple or for several years and still have flashbacks. When one has a flashback, he

or she could start hallucinating or tripping out right out of the blue for no reason at all. It could be they could start crying or laughing or even try to fly for no reason at all. The cause of hallucinations would be that the drug has gotten into the blood stream because it was retained in the fatty tissues. So start thinking about today, tomorrow and your whole future ahead of you.

The 4-H members really enjoyed Mr. Locklear's presentation and asked many questions that concerned our youth today. Mr. Locklear gave the 4-H members a greater depth or in sight of how harmful the drugs can be.

The Union Chapel Chiefs, the 4-H members and leaders would like to thank Mr. Locklear for his informative presentation.

### Pembroke Jaycette Week Proclaimed

FEBRUARY 7-13, 1982

Seated: Pembroke Mayor, James "Pete" Jacobs signs proclamation. Standing left to right: Pembroke Jaycettes Karen Dial, Vice-president; Theresa Locklear, Chaplain; Carolyn Oxendine, Elvera Locklear, President and Dr. Cheryl Locklear. Elmer Hunt Photo.

ROBESON COUNTY IN THE MATTER OF PROCLAIMING JAYCETTE WEEK PROCLAMATION NO. 1982-2

WHEREAS, the United States Jaycettes provide leadership training and individual development for young women between the ages of 18 and 35; and WHEREAS, the Jaycettes is the fastest growing young womens organization in America; and WHEREAS, over 59,000 Jaycettes are setting the pace by their example of volunteer service to their fellow man, their communities and their country; and WHEREAS, Jaycettes strive to help individuals become more efficient and productive; and WHEREAS, Jaycettes believe that "Faith in God gives meaning and purpose to life"; NOW, THEREFORE, I, James A. Jacobs, Mayor of the Town of Pembroke do hereby commend the Pembroke Jaycettes for their many accomplishments to the Pembroke Community and to the State of North Carolina and Salute the Pembroke Jaycettes during U.S. Jaycette Week February 7 -13, 1982.

James A. Jacobs THE HONORABLE JAMES A. JACOBS MAYOR

ATTEST: Ruth M. Smith (SEAL) RUTH M. SMITH, CLERK

### Bobby Bell tours Duke's Garden

Bobby Ray Bell of N. Miami, Fla. toured Duke's Gardens in Somerville, NJ last week just out of inhaling distance of New York City is the 5,000 acre estate of Doris Duke and if you've ever puffed a Pall Mall or walked a mile for a Camel, you've personally added a few pennies to her American Tobacco Company fortune. The only child of James B. Duke, the founder of the cigarette empire, Doris Duke lived her life surrounded by the opulence most of us see only in movies or imagination.

A never-never land that recreates the world's horticulture in a series of exquisite gardens, each caught at the peak of perfection, all under an acres of glass.

New York City was Bobby Bell's next stop. He says the play "The West Side Waltz" starring Kathrine Hepburn and Dorothy Loudon. The West Side Waltz is a new comedy.

Kathrine Hepburn is at hand here in all her wonder. An uproarious comedy! A comic feast! Kathrine Hepburn's performances is a wonder to behold! Dorothy Loudon is nothing less than superb.

The play was performed at the Ethel Barrymore theatre in New York City, NY.

### Local Ladies Meet 'Guiding Lights' Don Stewart

Recently Diane Locklear and Diane Jones (shown above with Don Stewart), Catharine Locklear and Lynn Hunt made a trip to Raleigh to the N.C. Symphony Orchestra which was directed by Don Stewart who plays the lawyer Mike Bomer on the very popular "Guiding Lights."

The ladies were very excited not only by seeing Mike Bomer but also hearing the symphony. After the concert they attended a private reception for Mr. Stewart. One of the ladies said "I have never been so thrilled in all my life. It was an event we will never forget."

## We'd like to thank our customers for conserving electricity.

Recent severe weather has caused all of us a great deal of concern. Despite all the hardship and inconvenience, it's times like this that often bring out the best in people. One example is the recent conservation effort made by our customers.

Although record low temperatures pushed demands for electricity to record highs, your conservation efforts helped us meet needs throughout the critical period. And while you were doing your part, we were working hard to do ours.

Our employees worked around the clock to meet customers needs, backed by our nuclear units that have provided over 40% of the electricity we've generated during the cold snap.

Winter may still hold a few surprises; but, if everyone responds to the need to conserve electricity during peak periods as they did during the recent extreme weather, we'll be better able to meet your electric needs no matter what the winter may have in store.
