

Book with Prophecy Nears Completion

A book of Bible questions and answers that also contains a prophecy for Lady Dianne who married Prince Charles of England is near to completion by its compiler, Rev. Edmond Locklear, Jr. of Pembroke, North Carolina. The Witness for Christ Fund of Pembroke who will publish the book says the manuscript is now ready for typesetting. The book will be titled: WHAT GOD SAYS.

The book covers 50 topics and gives questions and answers. It is different, according to the Fund, because it answers most of the questions with YES or NO. Bible references do follow the simple answers.

The prophecy for Lady Dianne says she blasphemed God's Word in her marriage ceremony and because she blasphemed His Word before His face and the world, she shall not produce an heir and shall not celebrate her 5th wedding anniversary. Rev. Locklear affirms the Holy Spirit guided WHAT GOD SAYS. He is satisfied the Holy

Spirit guided him in composing the prophecy also.

Rev. Locklear says WHAT GOD SAYS is directed to younger persons who desire answers to questions without having to do extensive research or listen to a sermon. He says WHAT GOD SAYS also tells when life begins. People arguing over abortion have not been able to agree on when life begins. Locklear says when life begins and his book gives what the Bible says.

Locklear says his book, WHAT GOD SAYS, also will prove to Christians that they can not support the Equal Rights Amendment.

The Witness for Christ Fund, who will publish Locklear's book, has applied for incorporation as a non-profit organization. It has several ministers on its Board of Governors. In December, it announced that it would accept donations to publish Locklear's book. In return it would give to persons who made donations love offerings of some of the proceeds from the

sale of the book.

Locklear says he is working with the Witness for Christ Fund to get private publication of his book because he fears if it is published by an established publisher, the answers will be watered down and perhaps the prophecy will be deleted. He says the world has been drinking the sweet wine of a love ministry and is turning a deaf ear to what God says. The world needs to listen, he believes.

Locklear has a mission worker's license with the Bible Freewill Holiness Conference that has churches in McColl, South Carolina and in Maxton, Pembroke, Fayetteville, and Lumberton, North Carolina.

Rev. Locklear says he is undaunted by the fact that Lady Dianne is now expecting her first child. He says he wrote what the Holy Spirit directed him to write and the prophecy stands and will not be changed. The full text of the prophecy will not be released prior to publication of WHAT GOD SAYS.

The book has April 24 as its official publication date. Copies are expected off the press sometime in March.

PSU Employees receive Service Awards

Receiving service awards from Pembroke State University at a recent ceremony for classified employees were

(left to right): Juanita Locklear, James Sanderson, Arnold Baker, Mille Jacobs, Ruth Tidwell, and Emma Jane Locklear. Mrs. Locklear received a necklace with two rubies and a diamond for her 30 years of service. The others received certificates for 10 years of service each.

Non-Prescription Drugs: Treat With Caution

Non-prescription medicines can help make you and your family feel better. But be careful—they're powerful drugs and should be handled with respect.

According to the Bristol-Myers Guide to Consumer Product Information, every family should give non-prescription drugs the care that will prevent harm to either adults or children.

Among the basic rules this informative volume lists are:

- Read the entire label. Products made by different manufacturers for similar symptoms may not be the same. One may contain an ingredient to be avoided. If no children's dosage is listed, that means DON'T give it to children.

- Buy child-resistant closures but remember they are just that—resistant, not

impossible. Always keep the containers closed when not in use and store on high shelves.

- Don't take medicine in front of children. They are born mimics and this is one step they shouldn't imitate.

- Don't call flavored drugs candy when giving to a child. He or she may decide to take more when you are not around.

Robeson County Bass Anglers

These mid-winter bass were caught recently on "Bagley Baits" at 17 to 20 depths, by Kent Brewer, left, and Wade Locklear, right of Pembroke, N.C. Both are members of the Robeson County Bass Club.

The Robeson County Bass Anglers will hold its first meeting this year on Feb. 7, at 2:00 p.m. at the Brewer's residence on Highway 74. Anyone who enjoys to fish, especially for bass, is urged to attend. We share information "about how to get them" and
