Locals participating in March of Dimes "Walk America"

Lumberton's own Shirley Evans and Maurice Lowery will be performing at this year's March of Dimes "Walk America" on May 1st. The fun begins at 9:00 a.m. with registration of the walkers from a ten county area who have asked their friends, families and various businesses to sponsor them. All pledges go to the March of Dimes in our continuing effort to fight birth defects. The starting point is the open field behind Bordeaux Motor Inn. Once the walkers are underway a day of festivities will begin with a flea market, pretty baby contest, salute to the 50s, dunkin' booth, antique car show and lots of music and dancing. So get out your poodle skirts, your Ike buttons, anything from the fifties and bring the whole family. There will be a prize for the one dressed most like the 50s. There will be food and beverages provided free to the walkers and will be available to the public at a nominal fee. Young people like Maurice and Shirley will never know the crippling pain of polio because people like you would not give up. In 1953 polio was defeated forever, we can do the same for birth defects. If you have items you can donate to the flea market, call 483-3691 or leave them at the March of Dimes office at 234 Tallywood Shopping Center in Fayetteville. We would like to thank everyone in Robeson County for your support in our recent telegrams on TV-40. It was an overwhelming success and our WalkAmerica event will be sponsored by TV-40, who will film many of the events. Shirley and Maurice will be performing throughout the day and we encourage every one to support them.

Hilly Branch Vocational Center visits PSU

Pictured left to right: Darlene Kirby, Orrum High; Brenda Hunt, South Robeson High; Angie Locklear, Magnolia; Ms. Louise Locklear, business teacher; Mr. Anthony Locklear, Counselor; 2nd row: Darlene Freeman, South Robeson High; Kathy Hardin, South Robeson High; 3rd row, Vicky Hunt, South Robeson High; Cindy McCullum, Pembroke Sr. High, and Sharl Lynn Blue, Magnolia.

At Hilly Branch Vocational Center the business and office education program is designed to provide career preparation opportunities for students who plan to work in offices. To add realism to a unit the students were studying on

becoming a "Receptionist", the Directed Office Occupations class toured the offices as well as the Copying and Duplicating Department at Pembroke State University. The tour guide was Mr. Anthony Locklear, Counselor for Admissions Office.

Elder Lucas to serve Mission in LA

Elder Jackie L. Lucas has recently been selected by the Church of Jesus Christ of Latter Day Saints to serve a mission in the Los Angeles California area. Normally, single male missionaries serve a two year mission, but the Church has just released a statement, letting missionaries serve 18

months instead of 24. This is a new policy which will help the missionaries during these inflationary times. These missionaries do this service on a voluntary basis and without pay. They do not accept employment while on a mission. They are supported by the family, friends and the Church financially. Elder Lucas was a 1979 graduate of Pembroke Sr. High School, where he played Pointguard on the basketball team.

After Elder Lucas's mission he plans to return to Brigham Young University, where he will be a junior, majoring in Pre-Law. "I decided to serve a mission because my brother Jeff influenced me and I see how his mission to Australia helped him," said Elder Lucas. Elder Lucas, 20, is the son of Mrs. Geneva and Mr. James Lucas of Pembroke.

YOUR GARDEN

Freezing Vegetables
 Home vegetable growing is growing. In fact, the U.S. Department of Agriculture estimates that three-fourths of all American families now grow at least some of the vegetables they use. In

addition, more and more families are canning, freezing, or otherwise preserving the food crops they are growing. A recent survey revealed that the reasons more families are turning to home vegetable gardening include saving on food costs; many believe home-grown vegetables taste better; and families enjoy the healthful exercise of gardening.

You can save money preparing your next meal if you use left-over vegetables. To prevent waste and spoilage, the money-conscious consumer can store leftover vegetables in bags, such as "Glad" Food Storage Bags. Such bags help keep leftovers fresh - whether in the "fridge" or freezer. Peas are an excellent vegetable to use in leftover recipes. Not only do they freeze well, they are also easy to grow and require no fertilizer. Peas are generally a cool-weather crop, so plant early or late - and enjoy a wide variety of dishes made with peas all year-round.

THANK YOU NOTE

The family of John Locklear expresses their appreciation to the many friends and relatives for their words of kindness during the recent loss of their loved one.
