FINDING WAYS TO PROMOTE COMPUTER AND LINGUISTIC LITERACY IN THE CLASSROOM

Computer Literacy

The scientific community is now saying that the Computer is the miracle for the future. Its effect in education is revolutionary, causing educators to rethink and to plan for its inclusion in all aspects of education. Administrators, teachers, and parents are challenged to use this technology for accelerating learning in the classroom and of home.

Just think, by the mid 80's complete dictionaries will be available on a hand calculator-sized device; languages—Spanish, German, Greek—will be at the finger tips of all our students on a pocket sized computer; a robot that can speak English and interact with our students helping our students to correct spoken words and phrases, and drawing attention to pronunciation and accent problems; computers will be available just to have an intellectual chat, even medical doctors will use computers to diagnose diseases.

What I'm saying is that the Computer is drastically changing teaching. Teaching has changed little in the last thousand years. Now the world is moving from the era where knowledge comes locked up in books to an era when the electron can retrieve information with such rapidity that a textbook can be taught in a month. It is possible to review Shakespeare's complete works in a matter of hours—that's great!

What's happening: The schools that we know today will be so different by the year 2,000 that any resemblance will be incidental. The experts are saying that the Computer will change our concept of schools. We need to know how the electronic age will impact our schools.

Your vote will be a vote for Computer Literacy for our students.

YOUR VOTE WILL BE A CHANCE OF IMPROVING STUDENT PERFORMANCE.

Mt. Airy News by Violet Locklear

Rev. Grady Hunt delivered a wonderful message on Sunday morning taken from Mark 4:39-41. I believe in my heart that Rev. Hunt meant just what he preached. "I'll Stand For Jesus And Let The World Go By."

He opened up singing one of his favorite hymns, "My Warfare is Almost Ended and Then I'm Going Home." What a great Savior when he spoke, he calmed the sea. I can imagine those disciples were in great fear. But there's nothing God can't do.

The Childrens Choir rendered special music along with their leader, Mrs. Quae Cummings. They can really lift you up.

We congratulate our entire Bible Drill Team for winning last Monday night at the Associational Tournament which was held at New Point Church and again this weekend in Asheboro, NC. We had six participants: Miss Charity Chavis, daughter of Mr. and Mrs. Monroe Chavis, Miss Melanie Hagains, daughter of Mr. and Mrs. Alton Ray Hagains, Master Brian and Keith Woodell, sons of Mr. and Mrs. Kenneth Woodell, Master Kendrick and Krista Locklear, son and daughter of Mr. and Mrs. Bobby Locklear. Much praise goes to their leader, Mrs. Mary Sue McGirt. That was a job well done. She presented trophies to Charity, Brian and Keith because they had to move to a higher position. She was filled with great joy. I think she is capable of the job she is doing.

This Saturday afternoon, activities for Vacation Bible School will begin at the church at 3 p.m. We all will meet there first and then go to the park for recreation led by the Brotherhood. Everyone be on hand. This is a time for hot dogs, cokes and fun, etc. We want to register everyone we can at the church for Vacation Bible School which will begin at 6 p.m. Monday. We want a record sized class of adults this year. We will canvas the community on the bus to publicize our Vacation Bible School.

The singing is the second Sunday night in June. We invite all choirs to attend. We

Misconstrued After much pleading Haynes had managed to "touch" his friend for a loan. When it was safely in his possession, he said: "You are very kind to lend me this money; I feel that I can never repay you." His friend stared hard at him. "Why the dickens didn't you say that at first?" he exclaimed.
