The touring Broadway show The Fantasticks" will be performed Oct. 18, 1982 at 8 .m. in the PSU Performing Arts Center. Known as the longest running musical in the world," the Fantastics was started on May 3, 1960 when the eight-character, one set musical opened at New York's Sullivan Street Play house. The story of a boy, a girl, their crafty fathers, and a wall, is was the Fantasticks, a show destined for the record

Composed and written by Harvey Schmidt and Tom Jones, two colleg friends from Texas, the Fantasticks has has played in the same theatre in New York for over 20 years and is still running strong. Besides the New York company (which spawned a highly successful original cast album and a tv taping), there

have been over 4000 productions in the US alone. In audition, it has been seenin 25 cities world wide-including London, Paris, Stockholm, Mexico City, Helsinki, and Tel Aviv. Without a doubt, the Fantasticks is the most successful and best loved musical show in western theatre history. Now, Daedalus Productions of New York is presenting this legendary hit as a highlight of its 1982 Fall Tour Season.

The elements of the Fantasticks are deceptively simtle. The stage is a painted gypsy wagon, the props, a sword and a cardboard moon, while the singing actors are accompanied by a piano and harp. But they all go to spotlight a magnetic love story a colorful cross between "Zorro" and "Romeo and Juliet."

The Fantasticks production is not an attraction in The Season '82-83. It is a special event and all tickets are \$5.00 general admission; \$3.00 for the SEASON subscribers; \$1 for PSU students with valid PSU ID. For more information and ticket reservations call the Performing Arts Center Box Office at 521-0778.
