2-3 record. Who knows? One of Leggett's Orrum squads once won only three regular season games and yet ended up winning four tournament games to claim the JV crown. Stranger things have happened.

The team's number one goal of at least a .500 mark is not unrealistic if the big men are able to come through. "As far as rebounding goes, they haven't been that aggressive yet," Locklear notes. "We've gotten good inside play out of

Terry and Brant, neither of which mind going after the ball."

Height alone does not win ball games. The Cats will depend heavily on the shooting touch of Derick Locklear as well as the quartet of Collins, Harris, Jones and Terry Chavis to put points on the board.

In the backcourt, Roger Locklear, appears to be the leader for the point guard position, with Kent Hammonds and Lenny Brayboy fighting it out at the wing guard.

Julius Sanderson, Christopher Scott, Brian Lowry and Anthony Chavis will most likely see some action also as Coach Locklear tries to find out exactly what his team's capabilities are. With a little luck, results might just exceed expectations.

**Bible Reading This Week**  
 Lamentations 3:32-33  
 But though he cause grief, yet will he have compassion according to the multitude of his mercies. For he doth not afflict willingly nor grieve the children of men.

**Central Truth**  
 Be patient in judgment of others. Time will bring a lot of things to light. God overrules time and events for the good of His people. Our times, good or bad, in sickness or in health, are in God's hands. There is such a thing as finding out the truth too late.
