## FOR SALE

MY Mills on the raft swamp, about four miles above Lumberton, all new and now in good order. This feat is on 12,000 acres of land, in which are six plantations, a saw mill with two saws, a grist-mill with two pair of stones, and receives more custom through the summer than the can possibly discharge, (other mills being in want of water, of which this never fails) a rice machine new and complete that will beat 120 bushels per day; a large and well finished two story house, kitchen, meat house, stables, and every other necessary & convenient buildings for negroes, workmen, &c. about two hundred acres of rice land completely banked, and can be overflowed at pleasure; a large young orchard just beginning to bear; a pasture of 400 acres very convenient for oxen, and all kinds of stock. This feat is a most delightful situation, affords plenty of fish every day in the year, fine water, and is remarkably healthy; it has been rented at 1500 dollars per annum, but the contract is now changed, and the saw-mills alone rent for 100 dollars per month.

I have also a plantation (1000 acres in the tract) joining the town, of a quality superior to any in this part of the country, with a large orchard, good fences, and all in good order, and which has been rented some years at 300 bushels of corn per year. I have also two town houses that rent at 300 dollars; and about 5000 acres of other land in the neighborhood, near and joining the town, all for sale very low for cash or negroes.

I would take one-half or two-thirds of the value of the above premises, in western lands in the State of Tennessee, in Mero district; but if I receive lands in Tennessee, they must be of the first quality, in the military boundary, and unincumbered. None others need be offered.
