

HALIFAX GAZETTE

UNIVERSITY OF N. CAROLINA. In consequence of information received from the Faculty of the University of North Carolina...

In compliance with the request of the Trustees, the public are hereby informed, that the anarchy and confusion which lately prevailed among the students at the University...

We are sorry to add, that the riotous and disorderly behaviour of Mr. William Baker, Mr. Samuel McCulloch, and Mr. Robert Allison had been such, as to lay the Trustees under the disagreeable necessity of ordering them to be expelled.

The Trustees unanimously approved of the expulsion of Mr. William Martin, which had taken place previous to their arrival...

During the above disorder, several of the students procured their names in a list, and were admitted to the University...

All the other students at the University, at the commencing and during the existence of the disorder which prevailed there, were found to have behaved amply, and were by the Trustees reprehended, censured or admonished, being first placed in three classes, according to the degree of their several demerits.
