650 Acres of Land

ON the Northeast side of the North-East River, about twelve miles above Elizabeth-Town; it lies very wide on the river and has as great a proportion of good Land, according to the number of acres, as any tract on said River. There are on the premises, a valuable Grist Mill, Dwelling House and out Houses.

As the above mentioned Land has been previously advertised for sale in this Gazette, I deem it unnecessary to enter into further particulars. Any person who is desirous of purchasing good Land on the said River, will meet with a great bargain, as I am desirous of seeing the Western Country.

The terms of payment will be made easy in the purchase.

There is a likely crop of Corn on the Land.—It the purchaser lives at a distance, and wishes to purchase Corn, I will dispose of one half the crop on lower terms than any other in the settlement.

Excellent Saw Mills

FOR SALE.

ONE half of a valuable Estate in Mills, built by the late Peter Mallett, Esq. and the Subscriber, on Black River, below Fayetteville, on the road to Wilmington. Across the river is a permanent dam, on which are two Saw Mills, which work four saws, with each a separate running gear, and have cut 18000 feet of lumber in a week; and a Corn-mill, well supplied with custom. The Mills are new and well built, are constantly supplied with an abundance of water, and protected from freshes by a natural wash way. The river extends 40 miles above the Mills; logs can be floated to them from a great distance, and rafts go from the foot of the Mills to Wilmington. 16,500 acres of Land, covered with pine, cypress and oak, and adjoining each side of the river, are connected with the Mills; 1000 acres of which of an excellent quality for rice, may be drained and watered by a dam at the wash-way. The upland abound in lightwood, and tar and turpentine may be made to advantage.—There is no situation in the state which combines equal advantages for the manufacture of pine lumber, naval stores and rice, where there is sufficient water to transport every thing to market, and the Mills are so perfectly guarded from the danger of floods. An equal undivided half of the whole property, with a few Negroes, flock of Cattle, Blacksmith's Tools, a number of Oxen, and all other things necessary about the Mills, are to be sold on a liberal credit, to suit the convenience of the purchaser. For terms apply to Messrs. John Winslow and John Eccles, of Fayetteville, who are fully empowered to sell the same.
