

WILMINGTON.

TUESDAY, JUNE 2, 1867.

The subscribers to this Gazette who have heretofore been furnished with the same by the Carrier of the Fayetteville horse Mail, are informed that in consequence of his exorbitant demand for postage (which is more than the amount of subscription, actually received) the papers of last week were left in the printing-office; and that those who wish to continue their subscriptions must contract for the carriage of the paper in future.—This is consistent with the terms on which the Gazette has always been published, although not rigidly adhered to on the part of the editor from motives of convenience to his country friends, while it was in his power to procure their conveyance on conditions not totally incompatible with the profits of his business and the punctuality of his subscribers.

The Editor takes this opportunity to solicit the attention of all persons indebted to him for subscription, advertisements, books, &c. to a speedy settlement of the same, as his pecuniary affairs will not admit of longer indulgence.

Extract of a letter from Philadelphia, dated on the evening of May 16.

"A vessel (arrived this morning from La Rochelle in 40 days) announces that a great battle had taken place between the French and the Russians the 23d March, that lasted 14 hours, when the French retained masters of the field and country, having killed and wounded 25,000 Russians (left on the ground) and taken 15,000 prisoners, among whom is the Commander in Chief, Gen. Beningsen."

"I have seen all the particulars, and all the details of this battle, in letters to Messrs. Garenches & Co. of Rochelle.

The French army, including the Poles and the Bavarians, is estimated at 400,000 men on the Vistula and in its neighbourhood."

WAR REPORT.

Extract of a letter from Petersburg, (Geo.) dated April 21, received at Savannah.

"A gentleman with whom I conversed yesterday, and who is directly from St. Louis, (Louisiana,) which place he left on the 29th ult. informed me, that the Spaniards had actually declared WAR, and had commenced hostilities on this side of the river, and that every preparation was making to meet them."

The above extract was handed to us by Capt. CURTIS from Savannah.

Boston Palladium.

The following paragraph appears in a Nantz Gazette of the 3d of Feb. taken from a Paris paper:

We are assured that the government of Spain, and the United States have actually come to a good understanding on all the points which divided them; that the cession of Florida is agreed to; that the price is fixed; and that nothing remains to be settled but the mode of payment.

We have it from good authority, that Gen. Wilkinson was to leave New-Orleans on the 15th ult. to attend the trial of Col. Burr.

Norfolk Herald.

The Algerines, who were, for a short time, at war with the Russians, have now made peace with them, and declared war against France.

Literary Intelligence.—It is with pleasure we announce to the public, that the Life of WASHINGTON, by Ramsay, is ready for, and will be put to press in a few days in New-York. Several gentlemen, who have seen the manuscript, do not hesitate to pronounce it, what would naturally be expected from the author and the subject, a work of the most classic elegance. It will be comprised in one volume, octavo, and printed in an elegant manner.

Printers who insert the above will be complimented with a copy.—Citizen.

Take Notice!

THE author of a slanderous piece of writing signed a "Stockholder," lately left in the Discount Box of the Bank of Cape-Fear, is pronounced, with all due form and solemnity, to be a most ridiculous, a most contemptible and a most infamous Scoundrel.

The writer of these few lines is not so foolishly sanguine as to be certain that they will be the means of discovering to Society a character that degrades it; he has, however, left his name with the editor of this Gazette, and proposes to himself at least the satisfaction of adding to the consciousness of the author in question, the knowledge that he is a scoundrel on Record.

Wilmington, June 2.

C. & P. Pelham.

HAVE removed from Bradley's wharf, and now occupy the store on the East side of the Market, near their old stand. They offer for sale a neat and general assortment of Groceries, Ship Chandellery, Hardware and Fine Goods—

Also—about 4000 weight of Bacon, and a quantity of good Molasses in hnds, tierces and barrels.

They have received on consignment, and are authorized to sell at 18 cents per yard, about 3000 yards of Northern Tow-Cloth.—The durable qualities of this article, its being home manufacture, its superior width and low price, will they hope, give it a decided preference to Osnaburgh, in the minds of those who are desirous of furnishing their negroes with decent substantial Summer clothing, at a small expense.
