Genuine Family Medicines,
Which are celebrated for the cure of most
diseases to which the human body
is liable. Prepared only by
the sole Proprietor,
T. W. DYOTT, M. D.

DR. ROBERTSON'S
VEGETABLE NERVOUS CORDIAL,
Or Nature's Grand Restorative,
(Price 1 dollar and 50 cents.)

Is confidently recommended as the most efficacious Medicine for the speedy relief and cure of nervous complaints, attended with inward weakness, depression of the spirits, headache, tremor, faintness, hysterical fits, debility, seminal weakness, gleet, and various complaints resulting from secret impropriety of youth and dissipated habits, residence in warm climates, the immoderate use of tea, the unskillful or excessive use of mercury, so often destructive to the human frame; diseases peculiar to females at a certain period of life, florid skin, barrenness, &c.

Under the denomination of nervous disorders, are included several diseases of the most dangerous kind, and are so various that a volume would hardly suffice to complete a description of them. It pervades with its baleful influence the whole nervous system, writhing the heart with inexpressible anguish, and exciting the most dreadful suggestions of horror and despair. To this demon have thousands fallen a sacrifice in the direful transports of its rage.

The most common symptoms of its commencement are weakness, fatigued, palpitation, watchfulness, drowsiness after eating, humidity, flashes of heat and cold, numbness, cramp, giddiness, pains in the head, back, and joints, hiccup, difficulty of respiration and deglutition, anxiety, dry cough, &c.

DR. ROBERTSON'S
CELEBRATED
STOMACHIC ELIXIR OF HEALTH;

DR. DYTTS'

ANTI-BILIOUS PILLS,
For the prevention and cure of Bilious and Malignant fevers.
(Price 25 cents—large boxes 50 cents.)

These Pills, if timely administered will remove the causes which commonly produce the yellow fever, bilious fevers, ague and fever, chronic pains, flatulencies, indigestions, costiveness, hypocondriac and hysterical complaints, stranguary, gravel, rheumatism and gout. They are peculiarly serviceable in Female Disorders, and especially in the removal of those obstructions which are the great source of their complaints; at certain periods, they possess this eminent advantage over most other purgatives, that while they operate gently, they produce neither costiveness, debility, nor too great excitement, whenever there is a predisposition to a disease, arising from marshy, illuvial, a too copious use of ardent spirits, or a vitiated state of the bile they are sure to relieve.

They are highly recommended to traveler by sea and land, as they may be made use of with the utmost safety, without change of diet or exercise. They will be found peculiarly beneficial in the prevention of disorders incidental to hot climates, they deterge and cleanse viscid humor, open obstructions, and promote the secretion of good bile, operating as an easy cathartic, as a powerful diuretic and diaphoretic.

DR. DYTTS'

PATENT ITCH OINTMENT.
