FOR SALE,

A tract of Land in Chatham county, on Haw-river, consisting of 450 acres, finely timbered and watered, with a good house, and out-house, stable, and a good flat at a valuable ferry, commonly called Clark's Ferry, on the main road from Fayetteville to Hillsborough. It has a natural fine mill seat. The race about half done, the dam and floodgate finished, timber for the saw mill is hewed and at the spot, some of the grist mill timber is got, and thirty thousand bricks at the place; the neighbourhood is a plentiful wheat country, where a good mill is absolutely wanting, as the Creek mill in a dry season cannot grind, neither do they grind first quality flour, and no opposition on the river within sixteen miles—it is also a good situation for a distillery. Much more could be said with regard to its favourable situation for a mill.—A credit will be given.

For particulars apply to Henry Lewis Lutterloh, Chatham county, or to Edward Jones, Esq. Attorney at Law, Wilmington.

Twenty Dollars Reward

Will be paid to any person who will apprehend and bring to me, at the Hermitage, in New-Hanover county, a negro fellow named YORK, who ran away last Tuesday, without the least provocation. He is a likely able-bodied negro, about five feet 9 or 10 inches high—he speaks plain, and is extremely plausible and deceptive. I am told he has been frequently harboured at the big Bridge, and it is supposed is now gone up towards Long creek or Black river. The said fellow is outlawed, and whoever harbours him will be prosecuted with the utmost rigour. JOHN BURGWIN, Hermitage, 4th February. 6

Blank BILLS of EXCHANGE May be had at this office.

20 DOLLARS REWARD.

Ran away from the subscriber, on the 10th inst. a negro fellow named SCIPPIO, formerly the property of George Davis, Esquire. The above reward will be given to any person who will apprehend and deliver him to the Gaoler in Wilmington, or to Richard Quince.

Ten Dollars Reward.

RAN away from the subscriber, a negro fellow named TOBY; had on when he went away a blue jacket and greasy canvas trousers over a pair of blue ones. He is well known about Wilmington, having had the command of a lighter for some years past. The above fellow will probably attempt to get off in some vessel, and pass as a freeman by the name of Ellis; masters of vessels are therefore charged not to convey him away at their peril. The above reward with reasonable charges will be paid, on his delivery to a public goal, or to the subscriber in Wilmington.

They rest their claim to public favour on the practical and experimental knowledge of their profession; and with the large stock of materials they now possess, will be able to execute any orders with elegance and dispatch.
