

Jim Crow, Segregation Banned By White Youth

TULSA, Okla., June 3—(ANP)—"I fear I am not the hope of my parents," declared Peter Kamitchis, white Oklahoma City University student, when he addressed the Saturday morning session of the First Annual State Youth Council of the NAACP. The sessions were held in the Vernon Chapel A.M.E. church, with Mrs. Cernoria Johnson presiding.

"My parents are always saying that youth is the hope of the future, but I know with my parents utter that remark they mean it is their hope that I will walk in the path in which they have walked and will do the same things that they have done."

"Their hope is that I will accept the standards they have set and that I will accept their ideals and notions about things, but I will not walk in the path of segregation, Jim Crowism and race hate, in this respect; in proportion as I see all people as human beings entitled to respect, deference and equality, I will not be the hope that my father has for the future," Kamitchis declared. Speaking from the subject "Does Negro Youth Really Want

Equality," the twenty-two year old Oklahoma City lad made a fine impression upon his auditors. He pointed out that the subject should be revamped to say "Does Humanity Want Equality?" It is not a problem for Negroes alone; white people who fail to have respect for Negroes as human beings are unwittingly giving expression to a type of inferiority, said the young man.

At the close of Kamitchis' address, Paul Stauffer, Tulsa white youth made some very interesting observations regarding his ideas of equality. He said that the idea of racial inferiority was a myth.

More than one hundred youths coming from all over Oklahoma joined in the discussion during the day.

One of the interesting subjects discussed at the afternoon session was: "Do Negroes endorse Jim Crow and Segregation when they voluntarily attend Jim Crow theatres and other public places where special seats are provided. Proper educational trends and Vocational Opportunities were also stressed during the sessions."

GOT RESULTS

FRANK R. CROSSWAITH, general organizer of the International Ladies' Garment Workers' Union, and Chairman of the Negro Labor Committee, 312 W. 125th street, New York City who got results after a speech before the annual convention of the ILGW in Atlantic City recently, when that body passed resolutions supporting the Gavagan anti-lynching bill, which Mr. Crosswaith wrote, demanded the freedom of the movement to organize Negro labor. Mr. Crosswaith long has been a prominent figure in the ranks of organized labor.

GEORGIAN GETS HIGHEST MARK IN CIVIL SERVICE EXAM BUT IS OVERLOOKED WHEN APPOINTMENTS ARE MADE

AUGUSTA, Ga., June 3—(ANP)—Although J. W. Wallace, a prominent resident here, made an average of 98 per cent in a recent Civil Service exam for postal clerk, the highest mark made in the test—which automatically should have placed him first on the list of eligibles for appointment—he learned last week to his surprise that several white eligibles, whose examination marks were below his, had been appointed clerks.

Wallace said this week that local postal officials have advised him to accept a position as letter carrier, but he refused, stating that he took the Exam for postal clerk and that is the position he wants. There are a number of colored carriers here, but no colored postal clerks have been appointed in more than 15 years. The local branch NAACP legal redress committee, headed by S. L. Mcloy has begun action on the case.

Wallace, "overlooked" as an eligible only because of his color, is a graduate of Benedict College, vice president of the local NAACP; president of the Community Forum and of the Richmond County Teachers' Association; vice principal of the St. Louis Junior High school and assistant editor of a local newspaper. His friends are solidly behind him in his fight for justice.

EDDIE GORDON HITS RACE HATRED, HAILS LABOR

SPORTS DRIVE

NEW YORK, May 3—(CNA)—Race hatred would disappear "if those people responsible for inciting it would cease their vicious activities," Eddie Gordon, famous Negro track star and 1932 Olympic champion, declares in a signed article in the Sunday Worker. The former Iowa University star pillories the Nazi regime in Germany, with its "phony racial 'superiority' theories," as one of the worst offenders in the organized propagation of race hatred.

HON. DAVID DUBINSKY, president of the International Ladies' Garment Workers' Union, 3 West 16th street, New York City, who declared in a speech at the twenty-third convention of the union at Atlantic City, N. J. recently: "In our Union, no distinction is made between color, creed or nationality. We have organizations in the South and splendid organizations, too. We are waging a fine battle there in which our membership is confronted with many difficulties. I am glad to inform you that while it might have taken us a little time and we did not want to impose anything that might cause irritation within our movement, and, therefore, we were moving slowly, step by step, we have good news

Push Plans For First Unit Of Carver Laboratories At Tuskegee Institute

TUSKEGEE Institute, Ala., June 3—(ANP)—Plans are being pushed here for the establishment of the Carver Creative Research Laboratories; the proposal

from Atlanta that the colored people in our trades are being organized under the banner of the Internationally. There are nearly 300,000 members in the ILGWU, and about 9,000 colored. It is a CIO union. (CS)

calling for construction of the Laboratories by units, so as to minimize the initial cost and get the work under way as soon as possible. According to the present plan, the units will be constructed as financial assistance is made available, special emphasis being placed on the necessity of starting the first unit immediately so that Dr. Carver's experiments and scientific contributions may continue, thus

improving the economic and educational welfare of the South and nation.

Tuskegee Institute, it is pointed out, is the logical locale for the laboratories because of Dr. Carver's 40 years' connection with the Institute, because of the school's geographical location and because the Institute's educational policy, traditions and physical plant provide a setting

WILL YOUR CHILD RECEIVE A COLLEGE EDUCATION ?

This question has been answered for the parents of the child pictured above. A North Carolina Mutual Educational Policy has provided the funds for his college career.

The problem of educating children is one that will face every parent sooner or later. Thoughtful parents realize that child education cannot be left to chance. Careful planning is essential.

For many young men and women, the commencement season rapidly approaching will be a time of rejoicing — the passing of the first milestone on the road to a successful career. For others it will mean the end. Can you afford to jeopardize your child's future through lack of a definite plan?

We offer this suggestion. Investigate the possibilities of a North Carolina Mutual Educational Policy. The cost is reasonable. Results are certain. An Educational Endowment Policy is the one sure answer to the perplexing problem of child education.
