Hobbies: A special feature in the Exhibit room will be a collection of varied hobbies reflecting the special interest of the contributors from which one can get a closer acquaintance with the fellow exhibitors.

### DURHAM DENTISTS TO ATTEND NATIONAL MEET

Dr. A. S. Hunter

Drs. A. S. Hunter, J. M. Hubbard, E. P. Norris, will leave the city Monday-August 9 for Washington, D. C., to attend the 24th session of the National Dental Association, the meeting represents the strongest Negro activity of organized dentistry to be found in the country. The Association began in 1913 as a Tri-State body, of men from Washington, Maryland, and Virginia.

In 1915 the charter was changed to read as an Inter-State organization and an invitation was extended to North Carolina. Joining that year from the state were: Dr. C. A. Dunston, and G. G. Evans, Raleigh; A. S. Hunter, Durham; C. O. Leg, Winston-Salem; A. M. Rivers, Greensboro; W. H. Wallace, Salisbury.

Five years ago the Society took on the aspects of a national movement, due to the different sections

hobby room will be a collection of varied hobbies reflecting the special interest of the contributors from which one can get a closer acquaintance with the fellow exhibitors.

### 1,130 COLORED LAWYERS IN UNITED STATES

PHILADELPHIA, Aug. 7.—(C)—On the eve of the fifteenth annual meeting of the National Bar Association at the University of Pennsylvania Law School this week, it was announced by the local committee, E. W. Rholes, chairman, that there are 1,130 colored lawyers in the United States, the largest group being lodged as follows: New York, 113; Washington, 88; Chicago, 9; Detroit, 69; Cleveland, 52; St. Louis, 49; Philadelphia, 29, about 500 are members of the National Bar Association, which was established and incorporated in Chicago in 1925, being organized by Hon. George H. Woodson of Des Moines, Ia., one of the most prominent colored men of the west. Presidents of the organization have been: J. C. Calloway, Kansas City; Hon. C. Francis Stradford, Chicago; Hon. Raymond Pace Alexander, Philadelphia; Hon. Jesse S. Healey, Toledo; Hon. E. Washington Rholes, Philadelphia; and the present incumbent, Hon. George W. Lawrence of Chicago.

Publication No. 16 by the Division was decided to operate as a distinct National Movement—such as the attendance at Cincinnati, last summer held at the University of Cincinnati, was beyond the most vivid expectancy of the "Old Guards." Dr. Hunter will appear on the program as clinician with the subject: "A Vital Phase of Modern Full Denture Construction."

The sessions will be held at Howard Dental College, and the program reads much like a well condensed first course covering the practice of dentistry. Dr. Hunter will go to New York before returning.

### FARMER PREJUDICED HARLEM THEATRES NOW LISTED BY DEPARTMENT OF COMMERCE AS CATERING TO NEGROES

NEW YORK, Aug. 7.—(C)—Publication No. 16 by the Division of Negro Affairs of the Department of Commerce, Washington, Charles E. Hall, chief, which lists theatres throughout the country catering to Negroes, names the Alhambra on Seventh Avenue at 126th street and Loews Victoria in West 126th street, both in the Harlem section, and both of which, a few years ago, tried to enforce segregation policies against colored patrons. The Alhambra now has a colored assistant manager. The Victoria at one time tried to guide colored patrons across the street to Loew's Seventh Avenue theatre, which was closed during the depression.

### JEWISH AND CHRISTIAN GROUPS MAP FIGHT ON PREJUDICES

NEW YORK, Aug. 7.—(CNA)—A campaign to promote better human relationship among all groups will be undertaken during the coming year by the National Conference Jews and Christians, Dr. Everett R. Clinchy, its director, announced this week.

The National Conference cooperates with the administration and faculties of 117 colleges with religious connections in 30 state universities. During the last year, its speakers addressed more than 160,000 high school students in 36 states.

"America has a history of prejudices which has broken out in every form among Protestants, Roman Catholics, Jews and Negroes, and transmitted from generation to generation," Dr. Clinchy said. "It is the province of the schools to analyze, to moderate

### STATE BOARD OF CHARITIES AND PUBLIC WELFARE MAKES REPORT

RALEIGH, Aug. 6.—Estimates compiled by the State Board of Charities and Public Welfare indicate that North Carolina's new Social Security program, which became operative on July 1, will require federal, state and county expenditures of approximately \$6,896,452 a year.

This information is contained in budget estimates sent to the state and finally to eliminate that system of prejudices which has disfigured our American business, social, political, and educational relationships.

### TAILOR MAKE YOUR EYEBROWS

Eyebrows contribute so much to the expression of the eyes and face that they are deserving of more care than the average person gives them. The day of the "pencil" line eyebrow that was only a fine thin line is just, because to delete the eyebrows to a marching line of hairs is to rob the face of character and softness. It's a trick that makes a girl look hard and brittle.

An eyebrow is really an eyebrow again—but this does not mean that eyebrows may run wild. Careful plucking with tweezers is necessary to make them look neat and well-kept.

### Daily Care

Eyebrows should be brushed morning and night and each time you cleanse your face during the day with a small stiff brush. This brushing stimulates growth and adds lustre, besides training the eyebrows to be in their proper alignment. It also gets rid of powder which clings to the roots of the hair and looks untidy. The first strokes should be toward the nose to remove powder; the second brushing should be toward the temples to lay the hairs smoothly and evenly in place.

100 counties of the state by the Division of Public Assistance of the Welfare Department, of which Nathan H. Yelton is director.

The computation shows that the counties will spend, in round figures, the sum of \$879,294 a year for assistance to 26,270 needy aged, and \$4995, 333 for aid to 23,095 dependent children. The county cost for old age assistance is one-fourth of the total, indicating that total expenditures for that purpose will amount to approximately \$3,517,177, while more than \$1,495, 999, based on the counties paying one-third, will be spent on underprivileged children.

In addition to the two major phases of the Social Security program, the sum of around \$170,000 a year will be expended in behalf of needy blind persons, and that fund will be administered by the North Carolina Commission for the Blind, of which Dr. Roma S. Cheek is director.

The figures compiled by the Welfare Department indicate that total administrative costs, federal, state and county, will amount to around \$893,276.

Social Security payments in the state are expected to get under way within the next few days.

Any girl can keep her complexion beautiful by regularly using Dr. Fred Palmer's Skin Whitener Ointment. This preparation, famous for fifty years, softens and lightens the darkest skin, clears up pimples, blotches and tan marks and does away with that "oily, shiny" look. Regular use of this preparation along with the other Dr. Fred Palmer Skin Whitener Preparations, keeps your skin soft and smooth and makes you look beautiful.

How to become BEAUTIFUL

Dr. Fred Palmer's complete line consists of: Dr. Fred Palmer's Skin Whitener Soap; Skin Whitener Face Powder; Hair Dresser and HD Deodorant. Sold at all drug stores for 25c each, or sent postpaid upon receipt of price. Dr. Fred Palmer's Laboratories, Dept. 17, Atlanta, Ga.

A generous trial sample of the Skin Whitener Soap and Face Powder sent for 4c in stamps.
