SHP—The man that I am so crazy about tells me if he means the things he tells me?

Ans: Without a doubt, he surely wouldn't continue to ask to marry him if he didn't want you. An immediate ceremony would be a good idea, too, wouldn't it?

TAK—I am leaving on my vacation this month and am undecided whether I should return or not. Could you help me?

Ans: Take the vacation and while away make an effort to find a good job. If you are successful, as I feel sure you will be then remain. The job that you are leaving behind is a good one but you can't do your best work when you aren't satisfied.

ELS—Will I ever get the kind of bicycle I want before school opens this fall?

Ans: It will take you at least two more months before you are able to save enough money to make this purchase. You will appreciate it just as much even though it is a few months late and continue to save your little change.

EM—Is my husband tired of me and want to see me go away or is it someone else that is persuading him to do this?

Ans: He is fed up with everything in general and no one else has influenced him. Take a vacation, be light, with a quality no better than that of today.

JJG—Please tell me if my mother left any money and if so will I get it? Should I remain here or not?

Ans: She did not leave any money or any valuables. Go to one of the cities north of you and get a job—you will enjoy living there very much more than you do your present location.

RLP—Will I be able to go to the school I desire to attend this year?

Ans: I'm afraid not—you must return to the same school you attended last year.
