ARMY ARMSTRONG VERY PESSIMISTIC OVER 1937 GRID SQUAD

Fayetteville, N. C., Sept. 9.—Faced with one of the toughest schedules ever and with the loss of a number of last year's first stringers and reserves Coach Armstrong today set out on a journey that might lead to disaster. The squad has both tackles a guard, one end and two backs from their number last year and when it comes to filling the shoes of men like Captain Jones and two others it is no easy task. State will attempt a new style defensive play this year and this may help them to keep the scores down but it isn't known just how the offensive power will shape up. Undoubtedly Graham will be the big gun in the backfield with Brown and Harris to assist him with Tabron, of Nashville backing the signals. The line will find "Honey Boy" McKoy as center but just who will flank McKoy is still a question mark.
