

N. C. C. ANNOUNCES STAFF ADDITIONS

New Workers Include Graduates Of Noted American Institutions

DURHAM, North Carolina.—Dr. James E. Shepard, President of North Carolina College for Negroes, announces several additions to his administrative and instructional staff for the academic year 1937-38. A review of the preparation of these new comers reveals that their graduate work has been done in Clark University; Cornell University; The Sorbonne; The University of Washington; Iowa University; and New York University.

Work in the School of Commerce will be given new impetus under the direction of Dr. V. V. Oak, who received the degree of Doctor of Philosophy in Business Administration from Clark University (Worcester Massachusetts) in 1937. He spent much of last year engaged in research work in Texas. The work which Dr. Oak has recently completed

at Clark University places him among the ranks of the most highly trained business men in the country.

Assisting Dr. Oak in the Department of Commerce is Miss Cecie Harris, who recently headed the Commercial Department of Central High School in Louisville. A native of Pennsylvania, she holds the degree of Bachelor of Science in Business Administration from Bradley Polytechnic Institute, and the Teacher's Diploma from Gregg College in Chicago. The latter institution has for years served as the training center for America's best teachers of commercial practice. Miss Harris has spent one year in Paris at The Alliance Francaise, where she did advanced work in the French language.

Mrs. Lottie Penf Kimble, the

House Directress in the Girl's Dormitory, has served as nurse in the Hancock-Street Home for Colored Women in Boston. A graduate of the Nurse Training School of Freedmen's Hospital, she broadened her social experience as a teacher in the Robert Gould Shaw Settlement House in Boston.

Mrs. Annie P. Washington, whose late husband was a known throughout the country for his work as Commandant at Hampton Institute, will serve as House Mother in the boys' new dormitory. She brings to her work a deep understanding of the problems of young people. Her sister, Mrs. William M. Rich, is the wife of the efficient and popular Superintendent of the Lincoln Hospital in Durham.

William Burghardt, who succeeds "Buddy" Adams as Director of Physical Education, is a graduate of Eureka College in Illinois, and of the University of Iowa, from which institution he received the degree of Master of Arts in Physical Education in 1937. He is remembered at West Virginia State College for his outstanding work as line coach.

John B. McLendon, Junior, who holds the master's degree from Iowa State University, will serve as Assistant Coach. His undergraduate work was done at the University of Kansas. He has been Coach at the High School in Lawrence, Kansas, and was more recently Director of Athletics at the Kansas Vocational School in Topeka.

Mrs. J. Lucille Jackson, who will direct the work in Home Economics, completed her undergraduate work at New York U. where she received the bachelor's degree in 1929. For four years, beginning in 1929, she served as

Nutritionist with the Association for Improving Conditions of the Poor, a municipal organization in New York. Her work had largely to do with nutrition problems among undernourished children, and with pre-school clinics. In 1934, she was awarded the degree of Master of Science in Home Economics at the University of Washington in Seattle.

G. M. Bush, on leave for study at Iowa University, is replaced this year by Ralph W. Mitchell, who holds the degree of Master of Science from Cornell University. Mitchell is well known for his research work in the field of industrial chemistry. A number of products from his laboratory were on exhibit at the recent meeting of the National Business League. He is a member of the Board of Editors of the Chemical Formulary, a national journal devoted to chemical research, and a Fellow of the American Association for the Advancement of Science.

Alphonse Henington, Phi Beta Kappa winner from Grinnell College in Iowa, and recently Personnel Director at Tuskegee Institute, begins his work as instructor of French, and as Assistant to the President. A Rosenwald Fellow during four years in Iowa, he holds a diploma from the Sorbonne, and has completed residence requirements at New York University for the degree of Doctor of Philosophy in College Administration. He was recently elected President of the American Teacher's Association, formerly the National Association of Teachers in Colored Schools.

SOUTHERN TENANT FARMERS UNION PLANS SPECIAL CONVENTION TO DECIDE ON CIO AFFILIATION

Memphis, Sept.—(ANP)—A convention of the International Southern Tenant Farmers' union, to decide upon affiliation with the new International union of Canery Agricultural, Packing and Allied Workers of America and the C. I. O., has been set for Sept. 24, it has been announced by H. L. Mitchell, secretary.

If the delegates vote to join the International and the C. I. O., the tenant farmers' union will go immediately into the Midwestern district convention of the International to be held Sept. 25 and 26 when the union will hold a majority.

The International was formed at the convention from July 9-12, which marked the beginning of solidarity between agricultural and industrial workers and immediately voted to join the C. I. O. The tenant group, through its executive committee, signed the call for this convention and is helping build the larger organization. J. R. Butler, president, is vice president of the

A. & T. Has Large Freshman Class

LARGE NUMBER OF FRESHMEN REGISTER AT A. & T. COLLEGE

The registration of freshmen at A. & T. College began Sept. 15, and before the day had closed, nearly three hundred freshmen had registered. This is by far the largest number of freshmen that the College has ever registered in its history. All dormitory space has been taken, and many students have had to be housed in the city. The College is looking forward to a record breaking attendance this year; the enrollment is expected to exceed seven hundred.

These freshmen have come from twenty states and the District of Columbia. Orientation period for them continued thru Friday, when they completed their registration.

The freshmen were orientated into the College spirit thru lectures, discussions, inspection of library, laboratories, shops, farms and a freshman jollification. The leading student organizations were instrumental in welcoming the freshmen to the College. Each freshman was given a handbook containing the College regulations.

The President's Reception for new students, which is an annual affair, was held at the home of Dr. F. D. Bluford, Thursday afternoon, at which time, he had other members of the faculty welcomed the freshmen and new students.

Freshman orientation week ended Sunday afternoon at 3 p. m. when Dr. Charles Satchell Morris II, noted orator and educator, and professor of English and Sociology at the Tennessee State College in Nashville, addressed the students and faculty at the first vespers service of the school year.

International and three others were placed on the executive board.

The Southern Tenant Farmers' union is remembered for its cotton choppers' strike of May, 1936, and the national attention focused on official violence.

NOTE:—YOUR question will be answered FREE in this column ONLY when you include a clipping of this column and sign your full name, birthdate, and correct address to your letter. For a "Private Reply" ... send only (25c) and a self-addressed, stamped envelope for my new ASTROLOGY READING and receive by return mail FREE ADVICE on (3) Questions.

Send all letters to: ABBE WALLACE, care of THE CAROLINA TIMES, 117 E. Peabody Street, Durham, N. Carolina.

EMW—Please tell me in the column if I will ever have a boy friend to call my own?

Ans: You could easily have several boy friends ... but first you must come out of your "shell" and meet the boys half way. They aren't going to run after a girl who seems to be ashamed to show her face. Get out among your friends and meet the boys.

EH—I would like very much to know if I should depend on graduating in the summer of 1938?

Ans: You had better or there will be plenty of "fire works" at your home. There isn't any reason under the sun why you can't pass this last years work and you are acting very silly by allowing yourself to get nervous. This is really your most interesting year of all.

MJD—Please tell me if I am doing wrong by not giving this friend a date whom I seem to care so much about me?

Ans: No indeed. There are too many nice church going boys for you to go without feeling away your time with this boy who desires to drink and advertise he doesn't like to attend church. Your people would object to his company so ignore his advances.

HAI—There are two girls in my life and I am wondering

which one I should give up as I can't tell?

Ans: You are doing quite well with both of them aren't you? They are young as well as yourself so don't think of giving up either friend as nothing serious is going to become of the affair anyway.

KEC—I am confronted with a problem. Will I be successful in getting a job that was promised me?

Ans: I urge you not to take a position at this time if you can possibly do anything else. Go back to school and complete your training as Business Woman for in this line of work you will be able to accomplish the desire you are working towards.

LW—Will I be successful taking the trip that I desire to make this fall?

Ans: You will leave around the middle part of December and it will be an enjoyable trip for you. Hold on to your job—a change wouldn't help at all. You should however, save a little more money than you are doing now so that you will have money to spend on your trip.

LCC—Will it be possible for me to get in college this fall as I am very anxious to go?

Ans: It will be yes—as you will have to help out with your family at home. Go to work and make your plans to enter school again next fall when your oldest brother will be through with his school work.

HAYWOOD PATTERSON SEEKS HIS LIBERTY

WASHINGTON — (PFS) — Haywood Patterson appealed to the United States Supreme Court on Saturday in an effort to escape sentence of seventy-five years' imprisonment imposed by the Alabama courts in the celebrated Scottsboro case for an attack on a white woman.

Twice already Patterson has been saved by the Supreme Court from sentence of death. In 1932 it ruled that Patterson and the other defendants had been without benefit of adequate counsel at their trial. In 1935 it again ordered a new trial for Patterson and Clarence Norris on the ground that Negroes had been "systematically excluded" from the jury.

At the latest trial Patterson was again convicted and jailed for seventy-five years.

His petition said Norris had again been sentenced to death.

The nine boys were accused of attacking two white women. Ruby Bates and Victoria Price, on a moving freight train near Scottsboro, Ala., in March, 1931. Patterson, however, was charged at his last trial only with attacking the Price woman.

SEC—My husband and I are separated and he still wants to come to see me. Does he mean me any good?

Ans: He would like to call the whole thing off and start living together again—but before taking any step you should determine whether you love your husband or your boy friend. Take your time as you don't wish to make another mistake.
