ITALY AND RUSSIA

Italy, headed by power-drunk Mussolini, warns the world she will not make any more concessions on the matter of withdrawing her troops from Spain. Russia, headed by Stalin, indicates that she will not yield to such an attitude on the part of Italy. The plot thickens in white civilization, boasting its ability to rule, prepares for the final kill. Black people the world over, oppressed by white civilization, watch from the sidelines. Before the last bullet shall have plowed its human target there may be no sidelines to watch from.

China and Japan
...The sympathy for war-torn China, expressed by the white press of America and a goodly part of Europe is after all more pregnant with fear than love for the yellow people. Japan, alert, energetic and successful in conquering China with its unlimited manpower and natural resources, may soon become a threat to "white supremacy." There once arose in China a mighty warrior, Genghis Kahn, who overthrew nearly all of Europe, stopping only when Europeans discovered at the last moment gunpowder. Japan and China too, have gunpowder and all other modern implements for killing used by "civilized" nations. Emphasis on civilized.

Durham and Its Community Fund

A careful study of the 1937 pamphlet published by the Durham Community Fund will reveal no representative of the Negro people of the city on its official staff. Durham Negroes comprise one-third of the city's population. The other two-thirds boasts about the fine race relationship which exists here. The writer happens to know that with all the boasting, Negroes in Durham have had to put up a fight to even be permitted to take part in the annual Community Fund Campaign. A second look at the official staff will disclose that most of those on it consider themselves liberals on the matter of race relations. About their liberality thinking Negroes in Durham are amused. When it is taken in consideration that there are within the city several prominent Negroes who have served on mixed boards and staffs of national support, one wonders just why Durham cannot find a Negro qualified to serve on the official staff of its community fund. Thinking Negroes must not become disgusted nor laugh at some of Durham's big white folks. An inferiority complex built up through years and years of teaching cannot be destroyed overnight. On the other hand thinking Negroes must love sympathize and think more. Now it is the COMMUNITY FUND, some day it may really be the community fund with all of Durham working harmoniously and with respect for the rights of others. The slogan of the Community Fund is "Save A Life." By helping unselfishly in the fund Durham Negroes will not only save lives, but save their fellow townsmen, from an enemy more deadly than poverty.

Raleigh

Durham Negroes basking in the sunlight of business achievement, have been outstripped by members of the race in Raleigh, when it comes to getting things done that need to be done. Raleigh was able to get a liquor store entirely managed by Negroes. Durham the liberal city, could not stand to see even a liquor store managed by Negroes in a strictly Negro community. The best that the race could do here was to get two clerks with a promise that later on the store would be turned over entirely to a Negro personnel. During the period of prohibition Negroes managed a majority of the clandestine liquor stores managed many of them successfully, in spite of the heavy hand of the law.

DOES CRIME PAY?

DURING the past month the nation has turned its attention towards the ever-mounting appalling sum appropriated annually for the prevention of crime. It cost the Federal Government annually to hunt down criminals \$14,000,000. But it isn't the Government that has to pay this staggering sum; it's you. Law enforcement heads are inclined to feel after the capture of certain public enemies that crime does not pay. It doesn't when the criminal is killed. But what about the fellow who is captured, tried convicted and sent to a state prison for a definite or indefinite time, only to be released within a few years after being there? For such fellows crime does pay. And the criminal is well aware of it.

Last week the Louisiana Parole Board met and agreed to return to society, certain menaces which the law enforcement aids and the prosecutor's office saw fit to arrest, prosecute, convict and send to the penitentiary for committing felonies of a major nature. If these subjects were not guilty, they should have been acquitted and the state spared the unnecessary expense to prosecute them. It is useless to contend that society is being protected, when, as a matter of fact and record, the criminals who terrorize our decent communities only go through a certain red tape procedure and are turned out again to become public menaces. We are wondering if crime is beginning to pay.

WHITE ROCK BAPTIST CHURCH ANNIVERSARY NEARS CLOSE

The Junior Choir of 36 members furnished the music for Sunday morning service. Solo, "The Lord's Prayer" was rendered by leader Boyd Oglesby. Mrs. Dunston gave the report of the Women's Home and Foreign Missionary Convention which was held at First Baptist Church, Charlotte. The sermon by Rev. M. M. Fisher on the Church in the Community was of interest especially at this time of drives by Red Cross and Community Chest. "One Axiom of Religion," said Rev. Fisher, "is that every man can become better than he is." Another axiom is that he must have faith; and third, he must have zeal for a better day.

The program at night was rendered by Miss Marie Tyler Soprano, and Harry G. Smythe, pianist. Miss Tyler's rendition of "Get A Watch Before My Month," and "Hold On," were especially beautiful. At the Piano, Mr. G. Smythe,

LEGAL BATTLE CONTINUES FOR ESTATE OF WEALTHY OKLAHOMA INDIAN

OKMULGEE, Okla., Oct. 27.—(ANP)—Last Tuesday's hearing of claimants to the vast oil wealth of the late Jackson Barnett, called the world's richest Indian, held before U. S. District Judge Robert L. Williams was enlivened when the Justice, linked at the contradictory evidence, declared he would ask that a special grand jury be called "to investigate this thing from top to bottom." Justice Williams continued: "A case like this is not going to have all the badges of fraud around it and not have anything done about it. If I could find a way to give this money to the State, I'd do it."

The court was plainly displeased at the manner of questioning witnesses by attorneys Jackson "Theopody in B. Minor, and Erolton No. 1." "Theopody in B. Minor, and Erolton No. 1." was particularly brilliant with

Barnett, whose estate is the cause of the controversy, died in 1934, in Los Angeles, leaving an estate valued at \$2,000,000, but no will to dispose of it. Several of the claimants are colored, one of whom reportedly has said she was his common-law wife in his younger years.

SCHUBERT-SHAKESPEAREAN LITERARY CLUB MEETS

Following this, the general topic, "World Alignments" was discussed by the following: "Germany, Poland, and Austria," Mr. Scholer, "Japan and Italy" with reference to China," Rev. Valentine, "Italy's Alliance with Spain," Lawyer Thompson, "Russia and its Relation to Spain and the Far East," Mr. Taylor. During the social period, a delicious chocolate course was served by the host. The club adjourned to meet with Lawyer M. H. Thompson-Miss Champney, Secretary.
