

Second Ward Inaugurates New Program Diversified Classes

CHARLOTTE — Second Ward High School is very happy to announce its success in being the first Negro school able to begin the active program known as Diversified Occupations.

This program, sponsored by the United States Government is under the supervision of Charlotte's one and only Negro Coordinator, Mrs. M. M. Adams, and offers an opportunity to students interested in certain fields of work to receive their actual training while attending school. These students are given two subjects in school namely English and Arithmetic at are permitted to leave at eleven forty-five to go on their jobs.

The minimum number of working hours is three per day and the minimum salary is three dollars per week. This salary is only given so as to keep the student as well as his employer interested. Members of the class are as follows: Miss Rosa Mae Goodwin, Tailor, placed at Bertie Lee Shoppe; Miss Rosa Lee Gillard and Miss Thelma Tobias, Beauty Culture, not yet placed; Miss Thelma, Beauty Culture, not yet placed; Miss Blanche Watts and Miss Venus Smith, Embalmers, not yet placed; Miss Annie Beatty, Seamstress, placed at the Charlotte Laundry; Miss Calvene Fincher, Secretary, placed at the office of Lawyers Bowser and Harris; Miss Winnie Boyd, not yet placed; William Roberts, Photographer, placed; Bernard

Brown, Painter, placed at Wents Sign Company; Andrew Allen, Florist, placed at the Charlotte Florist; William Baxter, Shipping Clerk, placed at J. B. Ivey's; Richard Massey, Grocery Clerk, not yet placed; Springs Robinson, Typewriter, placed; John Freeman, Brick Mason, placed.

Placements mentioned above that this is a worthwhile program which is not only of interest to the student, but which offers a great opportunity for students who will be unable to attend college immediately after graduation from school. These students are given a period of forty-five minutes each school day in which nothing is done except the actual studying of every phase of the work in which he is interested. Assignments are given each day and this work allows for two units which are considered as if they were school working units.

It is the hope of the yet unplaced students that the Business Men and Women of Charlotte will see the advantage of such a course, heed to the plea of the yet unplaced students and give them a chance to make themselves worthy.

Initial Draft May Take 5,000-6,000 North Carolinians

North Carolina may be called upon to furnish between 5,000 and 6,000 in the first draft of 400,000 men, tentative and unofficial compilations showed yesterday.

Approximately 400,000 of the Tar Heels between the ages of 21 and 35, inclusive, will register in their home precincts October 16. Final details for the registration, first step of the first peacetime conscription, are now being worked out.

Under a strict percentage basis, North Carolina would be called upon to furnish approximately 13,000 men in a nationwide draft of 400,000, but each state will be given credit for its citizens already in the armed forces. More than 4,000 North Carolina National Guardsmen from this State already are in service and the number of volunteers for the Army and Marine Corps in North Carolina has been among the highest in the nation. Those factors will tend to reduce to number of Tar Heels to be called to between 5,000 and 6,000.

Less Than Half

In 1930 the sale of American farm products to foreign countries amounted to \$1,496,000,000. With New Deal reciprocal trade treaties with sixteen countries in force in 1939, our sale of American farm products had dropped to \$933,000,000—less than half of the 1930 figure.

Farm Imports Increase

In 1937 this country imported 68,277,000 pounds more meat than we exported, while in 1932 we exported 146,192,000 more than we imported. In 1932 our markets for American farm products were protected.

Government Guaranteed

Six government corporations have outstanding bonds amounting to \$5,416,600,000, all of which is guaranteed by the government, but is not considered by the New Deal as a part of the government debt.

Typical of New Deal.

An insurance inquiry in Massachusetts revealed that relief was being given to some families having incomes up to \$4,000.

dominating some of our major cities. I am proud that these machines will do their best to defeat me.

"America, in order to be strong, must be clean. America, in order to be strong, must have the full functioning of the democratic process, free from the control of corrupt political machines."

Cost of New Deal

At the assessed valuation, it would take all the property of Illinois, Indiana and two-thirds of Wisconsin—farms, buildings, mines, crops, railroads, utilities, automobiles, stocks, everything that has value—to have paid the cost of the New Deal government for 1939.

Little Left

Out of each dollar earned in America, 54c is spent for food, shelter and clothing. Taxes, either hidden, direct or both, take another 27c. The remaining you may spend for church contributions, recreation, or what you will. In 1910 taxes took only 5c of each dollar.

RESPECTED CITIZEN PASSES

DURHAM — Mrs. Mary E. Hayes, age 63, died at her home, 1119 Glenn Street Sunday, Sept. 29, after an illness of several months. She was born in Wake County, Dec. 11, 1876, the daughter of Hinton and Clandis green Blake. In 1903 she was married to the late Lonnie Hayes, who died in 1918.

She is survived by one daughter, Willie E. Hayes of this city, one brother, Gaston S. Blake of Hemstead, Long Island, and numerous nieces and nephews.

The funeral was conducted from the home Tuesday afternoon at 2 o'clock with Rev. J. H. Thomas, pastor of Mount Vernon Baptist Church officiating. Interment was in Beechwood Cemetery.

Household Hint

If baby's little flannels are shrunken and stiff through incorrect laundering, try washing them in fluffy soapsuds to which a teaspoonful of glycerine has been added. Rinse in water of the same temperature in which there is a little borax and hang to dry without wringing.

Motorists Must Heed Highway Safety Sign Saying Men Working

With several thousand men at work on North Carolina highways this fall the Highway Safety Division this week called attention of all Tar Heel motorists to some of the dangers incident to highway construction and maintenance jobs.

But highway construction and maintenance work does not present hazards to the workmen alone, he pointed out, for there are certain dangers incident to this work which will confront the motorist. Drivers on the road at night should be alert for warning signs and flares marking the approach to road construction and repair projects, and particularly the approach

When Tiger meets Tiger, generally flies; such was the case when the blue and white clad Tigers of Second Ward met Coach McClennon's Tigers of Lincoln Academy at the Legion Stadium last Friday evening.

From the initial kick-off to the last quarter, the game was evenly fought with both sides missing several scoring chances due to fumbling. During the first half, the line driving of Lincoln Academy's Dixon, and the stellar tackling of right end, Brown kept the Second Ward fans on their toes.

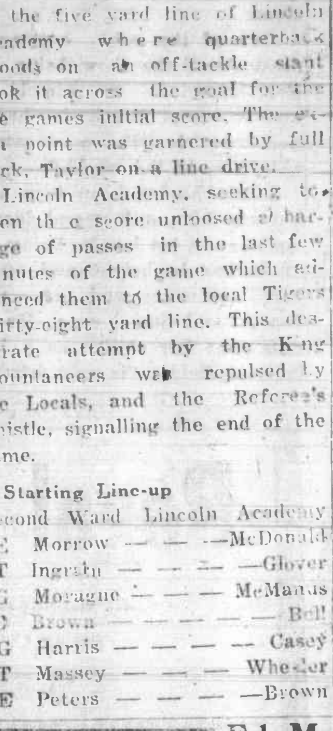

Beginning the fourth period, the local Tigers opened their famed running attacks. After an exchange of punts which left the ball in Second Ward's possession on the mid-field marker, substitute half back, Stitts put on a dazzling exhibition of broken field running to advance the ball to the five yard line of Lincoln Academy where quarterback, Woods on an off-tackle start took it across the goal for the games initial score. The extra point was garnered by full back, Taylor on a line drive.

Lincoln Academy, seeking to even the score unloosed a barrage of passes in the last few minutes of the game which advanced them to the local Tigers thirty-eight yard line. This desperate attempt by the King Mountaineers was repulsed by the Locals, and the Referee's whistle, signalling the end of the game.

While export markets have been demoralized as a result of the war, the national defense program in this country is expected to stimulate domestic demand for the South's No. 1 cash crop.

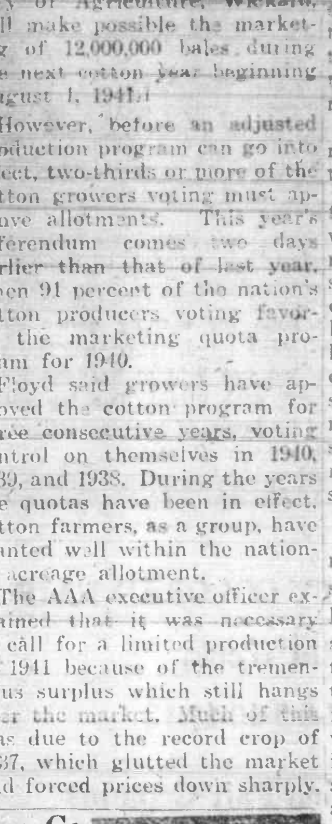

North Carolina's 1940 cotton acreage allotment was 990,500 acres. A good crop has been reported from most sections of the state.

Household Hint

If brown sugar becomes hard, place in air-tight container with a slice of fresh bread and seal. The sugar will soften, and may be kept indefinitely by re-soaking the bread when it becomes too dry.

Household Hint

Playing cards will last longer and look better if well cared for. As soon as any spots or stains appear, wipe them gently with a cloth dipped in warm water. Pat dry with a clean cloth and lay on a flat surface until the cards are completely dry.
