Plato Price School  
Observes Christmas

The postman carries mail to  
people mail to people. He walks  
for many miles. Our postman  
drives when he is delivering mail.  
Adolphus Reid, Third grade.

Christmas is ringing in the air  
around Plato Price High school.  
Everybody is getting ready for  
the christmas program. Each  
grade in the school is practicing  
and preparing for the program  
which will be held on December  
19th. The band and glee club will  
appear on the program. Our  
christmas tree will be decorated  
and gifts will be distributed on  
Friday December 20th, the day our  
vacation begins.

The Piedmont Carolina High  
school athletic association meeting  
was held in Gastonia on Saturday  
December 7. The principal, Geo.  
E. McKeithen, and our athletic  
coach, W. S. Hardy were present.  
Mr. McKeithen was elected presi-  
dent of the association.  
Zora Gabriel and Marie Taylor,  
Senior class.

All the bells on christmas day  
shall ring out about the town, A  
very happy holiday as the snow  
falls softly to the ground.

December is a gay old month it  
brings the frost and snow, It  
turns to brown the scarlet leaves  
and bids the songs birds go.

Elizabeth Carothers,  
Sixth grade.

All the bells are ringing; little  
children are singing, Everyone is  
happy and gay because this is  
Christmas Day.—Written by Had-  
esser King.

NINTH GRADE  
ACTIVITIES

We, the members of the ninth  
grade class, have planned a high  
day on Tuesday December 10th.  
We have been sewing in Home  
Economics since school opened for  
the fall term, getting ready for  
Achievement Day. We are plann-  
ing to have the largest exhibit of  
the high school classes. We  
have made scarves, dresses, play  
suits, waste baskets, table mats  
and many other articles.

We hope that everyone will come  
out to Plato Price High and en-  
joy himself on that day.

The patrons of the school are  
planning on a christmas program  
for the Parent Teachers meeting  
on Thursday night. We are hop-

ing that a large crowd will  
witness both of these events and will  
feel that two enjoyable evenings  
were spent.

Short statements from little  
folk. I am a little girl ten years  
old. This is my first year study-  
ing geography, and I like it very  
much because, it tells how people  
in other lands live, work and play.  
Dorothy M. Gabriel,  
Fourth grade.
