

More Products From Farm For Victory In War

We must and shall do the job regardless of all obstacles each of us can follow one or more of these suggestions.

Meat—Hogs
1. Feed at least twice as many hogs as needed for home consumption and sell surplus.
2. Keep one or more brood sows and breed twice each year.

Beef Cattle
1. The farmers Mutual Exchange will loan to approved keepers several purebred beef bulls. If your community does not have one, investigate this plan.

Broilers
1. Utilize tobacco barns, brick brooders or lamp brooders as wartime measures to produce 2 1/2 to 3 lb. broilers.

Milk—Dairy Cows
1. Produce more hay, dig a trench, use permanent pastures, feed one pound concentrates to every 3 pounds of milk.

Vegetables
1. Victory garden and 1 acre of truck for sale.

Eggs—Hens
1. Due to war there is a shortage of some ingredients in all poultry flocks. It is essential to supplement this food with home grown green feed.

Model Laundry
1. Due to war there is a shortage of some ingredients in all poultry flocks.

HOW TO USE YOUR NEW RATION BOOK

TO BUY CANNED OR BOTTLED FRUITS, VEGETABLES, SOUPS, AND JUICES;

FROZEN FRUITS AND VEGETABLES; DRIED FRUITS

1. The Government has set the day when this rationing will start. On or after that day, take your War Ration Book Two with you when you go to buy any kind of these processed foods.

YOU GIVE MANY POINTS FOR SCARCE FOODS

YOU GIVE LESS POINTS FOR FOODS THAT ARE NOT SO SCARCE

2. Before you buy, find out how many points to give for the kind of processed foods you want. Prices do not set the points. The Government will set different points for each kind and size no matter what the price.

3. When you buy, take the right amount of blue stamps out of the book. Do this in front of your grocer or delivery man and hand them to him. The grocer must collect a ration stamp, or stamps, for all the rationed processed foods he sells.

4. Do not use more stamps than you need to make up the right amount. For example, if the food you buy calls for 13 points it is better to tear out an 8-point and a 5-point stamp than two 5-point stamps and a 2- and a 1-point stamp.

SHOW YOUR BOOK PLEASE

13 Points

5. Every person in your household, including children of any age, has a total of 48 points to use for all these processed foods for one ration period. This means that you may use ALL the blue stamps marked A, B, and C from all the books during the first period.

USE THE BLUE STAMPS WITH A, B, C OR THEM

6. Use your household's points carefully so that you will not run out of stamps. And buy with care to make your points come out even, because the grocer will not be able to give you change in stamps.

IMPORTANT

You may use ALL the books of the household to buy processed foods for the household. Anyone you wish can take the ration books to the store to do the buying for you or your household.

A FAIR SHARE FOR ALL

We cannot afford to waste food or give some people more than their fair share. That is why canned fruits and vegetables are rationed and that is why meat is going to be rationed.

BE SURE TO READ OTHER SIDE

Here is the OPA's consumer instruction sheet on point rationing. This leaflet will be given to consumers when they receive War Ration Book Two around the end of February.

tion of someone other than McNutt. That was the strategy used in the "war" against Leon Henderson.

Many will be glad to see the fall of the McNutt dynasty which true believers felt was a "synthetic thing" at best. His attitude toward Negroes and things vital to the interest of Negroes has not won him any friends among that group nor the whites who sympathize with Negro ideals.

A politician, Mr. McNutt has firm faith in those who put him in power, but the wax of public opinion sweeping over his head, plus the fight congress is making indicate a handwriting on the wall for Paul. Meanwhile, what happens to the FEPC, the original hot potato and fly in the ointment for Mr. McNutt? White and colored folk alike want to see a show down in this case in the very near future.

WHY CANNED FRUITS, VEGETABLES, AND SOUPS ARE RATIONED

Every week we are sending shiploads of canned goods to feed our fighting men and our fighting allies in Africa, Britain, and the Pacific islands.

We at home will share all that is left. Point Rationing will be used to guarantee you and everyone a fair share of America's supply of canned and processed fruits and vegetables, soups and juices.

HOW they are rationed

1. Every eligible man, woman, child, and baby in the United States is being given War Ration Book Two.

RATION BOOKS FOR ALL

2. The BLUE stamps are for any kind of Canned or Bottled Fruits and Vegetables, Frozen Fruits and Vegetables, Dried Fruits.

RATIONED FOODS

(The red stamps will be used later for meat.)

3. The stamps in this book are POINT stamps. The NUMBER on each stamp shows you how many POINTS that stamp is worth.

NUMBER SHOWS POINTS

4. The LETTERS show you WHEN to use the stamps. The year will be divided into rationing periods.

6. Of course, the more of anything you buy the more points it will take. For example, a large can of peas takes more points than a small can.

7. The Government will set the points for each kind and size and send out an Official Table of Point Values which your grocer must put up where you can see it.
