NEGRO SUPPORT FOR BOND ISSUES

December 15 for the Saturday, December 20 issue of the CAROLINA TIMES which will not be off press until Wednesday, December 17, too late to influence in one way or other, the voting in a bond issue to be held in Greensboro, Tuesday, December 16. for the purpose of providing funds for the erection of a War Memorial Auditorium-Arena in that city. We, therefore, cannot justly be accused of furnishing outside interference in a matter that is solely one belonging to Greensboro.

According to an account published in the December 12 issue of the GREENSBORO DAILY News, a group of Negro leaders, composed of members of the Greensboro Men's Club, presented a petition to the War Memorial Fund Commission inquiring into the seating policy to be followed by the proposed project. In short, the Negroes wanted to know before they voted on the bond issue if they were going to be required to sit in balconies or suffer other discriminations and humiliation as is the usual custom.

The lone Negro member of the Greens boro City Council, and president of the Greensboro Men's Club, declares that, "it is regretable that the petition was composed at this time. I am in favor and endorse all the things in the petition, but I feel that it did not have to be introduced at this time-I will use my influence to carry the bond is-

Try as we may we cannot quite agree with Dr. Hampton that the petition was presented at the wrong time, nor that he should support the bond issue on his own. Being president of the Men's Club, its presentation to the Memorial Fund Commission just before the election might have been somewhat embarassing to Dr. Hampton as a member of the City Council. Had Negro voters resorted to any other course it might in the end prove more embarrassing to every Negro in Greensboro who has felt the sting of being ordered to the balcony, the backdoor or elsewhere that carries the stigma of segregation. That they should wait until after the bond issue is carried to obtain a definite understanding as to whether or not their race will share equally in the benefits from the auditorium-arena appears to us to be a

This editorial is being written Monday, magnanimous suggestion but to possess the lack of political wisdom.

The only justifiable reason for the ballot is its use in the support of beneficial measures or legislation and its further use in the defeat of harmful ones. Certainly a bond issue involving the expenditure of \$1,500,-000 for the erection of a municipal project and nation of any kind is sufficient to warrant a committment on the part of city officials as to deliberately or for lack of knowledge did the policy on discrimination that will be pur- this unkind deed to a great coach and a great sued in its operation.

The record discloses that Negroes have in most instances been forced to accept equal available to pay him a respectable salary. taxation in projects of this kind, but are de- But he had vision of the future and faith in nied equal benefits. Such a pattern must, the college, its president, the late Dr. James at some point in the course of events, be E. Shepard and faith in himself. He came to opposed. That it had to begin with the War N. C. College at the astoundingly low salary Memorial Auditorium-Arena may in my of \$60 per month. judgement of Dr. Hampton be unfortunate, but as we see it, it was the only course for the Men's Club to pursue. As leaders of their group they were resorting to the only weapon of defense left to them and that was the

The Carolina Times admits that it is not familiar with Dr. Hampton's attitude as a he put that love above money. whole on racial matters. It might not be out of place here, however, to advise all Negro aspirants for public office that the will of their constituency should determine their course of action rather than that their own will should determine that of their constituency.

The contention of some Negro candidates running for public office in the South, that if elected they intend to represent all the people in highly idealistic but equally unrealistic. For in the end, it might not be hard to prove that even the white voters who cast their ballots for a Negro candidate are moved by a single noble thought and that is to give Negro people representation in government and that it can best be done by one of their own number.

The war against segregation must be fought on all fronts. The one eternal goal of every self-respecting Negro in this country is EQUALITY. That they intend to obtain that goal within the framework of democracy, one of the cardinal principles of which is the wise and definite use of the ballot. must be interpreted only as good citizenship

MAN'S INHUMANITY TO MAN

Last week a new million dollar gymnasium was dedicated at North Carolina College with four of the nation's outstanding basketball teams being featured in doublenights. Outstanding athletic teams are most always produced by outstanding coaches. on the other. However, if the edge goes to either it will in our humble judgment have to be handed to the coaches as the record will disclose that great coaches more often produce great teams than great teams produce great coaches. Consequently the featuring of four great basketball teams at N. C. College during the dedication exercises necessarily brought together four of the nation's outstanding coaches.

Fans who witnessed the performance of the teams, as far as we have been able to determine, are all agreed that they lived up to expectation and contributed much to the dedication event. However, two incidents entered the picture that in our judgment somewhat marred what might have been even a more historic occasion at N. C. College. One of them was the failure of Governor Kerr Scott to put in his appearance on the program and the other was the almost lete omission of former N. C. College Coach J. B. McLendon from the printed pro-

Negro audiences, since Governor Scott's

administration, have about become ac customed to not seeing the State's governor at momentous events of their group. Governor Scott, during his entire four years in header games on Monday and Tuesday office, has done little or nothing in the way of appearing on programs of Negroes. His failure to show up at the N. C. College gym-The one appears to be greatly dependent up- nasium dedication rites was therefore no surprise to the most of those present.

Negro Durham, however, was not pre pared to witness the omission of Coach Mc Lendon's name from the program in view of the great contribution he had made to N. C. College and Durham. In fact many of the fans wondered just how under the name of high heaven those who had to do with the arrangement of the dedication exercise could do so without giving McLendon a prominent place in it. For it was the great teams produced by McLendon again and again at N. C. College that made the new gymnasium a necessity and catapulted N. C. College, a heretofore practically unknown in the basketball world, into the limelight of college sports

Not only did McLendon produce great teams at N. C. College, but it was his rough sketch of the new gymnasium that gave the architect some idea of what the new gymnasium would look like and should be. Add to this the hundreds of young men who have received inspiration and guidance under this dynamic coach and it is impossible to esti-

"Why Our Right To World Leadership Is Questioned"

mate his worth to the college, the city, state

We would like to inform those who either man that when McLendon first came to N. C. College back in 1937 there were no funds

The following year his salary was raised to \$75 per month. In 1940 to \$100 when another school offered to double whatever salary he was being paid at N. C. College if it could secure his service as basketball coach. McLendon stayed on at N. C. College because he loved the school and because

Under his administration as Director of Physical Education at N. C. College, more

of its graduates were placed in physical education jobs than all of the other schools in the State combined. Even the pres ent basketball coach at N. C. College got his training under McLendon

Perhaps those who had to do with arranging the program for the dedication exercise did not know all of these things. Perhaps they did not know that McLendon and others like James T. Taylor, Asa T. Spaulding H. M. Michaux, the late Chas. Ingram, the late R. L. McDougald and many others have endorsed notes, hocked their household furniture and other valuables that N. C. College might have its present place in the world of college sports.

Was the omission of McLendon and them from the program an oversight or was it just another case of man's inhumanity to man? That is the question friends and fans of N. C. College athletics would like to have answer-

Spiritual Insight

"Prayer Releases Healing"

By Reverend Harold Roland

Pastor, Mount Gilead Baptist Church

AMONG Alfred F. Andersen We have been probing pretty

WITHIN And

have attempted to picture a neulous and subtle extra-racial, extra-credal, extra-national ly object to logical extension of movement, lo not here, not their premises. evident) among. The realization that a new level of order is need. Its next responsibility will be ed among men is widespread. In fact, the would-be answer in fully while another social form terms of ideologies of various kinds are widespread also. The most explicit and massive of loyalty of the earth's populace, these is communism. There has no direct answer to communism on its own terms apart from a kind of defensive totalitarianism sparked by the major non-communist nations. By "its own terms" I mean that there has been no clear proposal as to how the "have-not" nations of the world can join the ranks of bring this about, and every rethe "have" nations without casting their souls into the communist scrap heaps. Theoretically, free enterprise capitalism is an free-enterprise capitalism says to the underprivileged, "If you want our higher standard of living, go out and get it as best you can, but don't disturb the status quo rules that we have laid down." Certainly this is as non-spiritual, atheistic a position as communism, without 'the guts" to admit its materialistic premises nor the social reponsibility of a sort which com unism has displayed.

Actually there never has no will be pure communism or pure capitalism. For, more assuredly and more inevitably than comnunism or any other materialis tic ideology, the Soul of Life and the soul of man infiltrates every act and every gesture of activity, lending its redeeming flavor and saving grace to the most extreme of man's follies.

And if we have the patience selves to see how this "spirituali ty" iss gradually and pragmati-cally incorporated into both of these obese ideologies and uloriginal foundation. Thus I predict an ultimate reconciliation communism, but of their modified practical neo-types. Yet it will not be a creative reconciliation, only a face-saving pact for which we shall turn next week.. the purpose of fulfilling their God willing!

one negative responsibility: to refrain from the suicide pact which would carry with it a deep in this column; and we which would carry with it a have gotten pretty involved. We burden of shame which even they could not bear; the point at which their souls conscientious-

The big responsibility of the more difficult: to -die grace with healthier foundations gradually enlists the dedication and ready working hard to bring about the first; that is, to reconcile the major military states at the level of non-overt war, that their differences might be fought out appropriately independent of innocent bystanders. It will take many years yet to sponsibile person can play a part by applying restraint in his own life. But we can all note that much restraint has already been employed by "both sides" Witness the increasing proportion of negotiation as compared to open warfare, both in the United Nations and elsewhere. We must acknowledge this as genuinely laudable and encourage the trend. I believe that a definite level of restraint has been reached, the level of limited war. Call it police action if you will, but the important thing which is laving the foundation for ultimate reconciliation.

Some of you will recognise this as the general theme of the called STEPS TO PEACE and popularized in the film A TIME FOR GREATNESS. This film can be obtained from the Ameri-20 S. 12th Street, Philadelphia. Pa. for the small charge of \$3. It ought to get widespread showing. But it only presents thefirst preventing total catastrophy. We have been trying here to present the positive job of building on totally new foundations. have been saying that our real job is to discover the seed of within ourselves, individually sacredness and spiritual hope and otherwise. And it is the more explicit implementation of this for we in this country to

North Carolina Orphans To Be **Blessed With Christmas Tiding And Mutual Commentator's Help**

Air Force Base, Headquarters for the Ninth Air Force, is rapidly reaching a climax as hundreds of volunteer workers busy themselves night after night wrapping and tagging more than 4,000 individual gifts for distribution to the orphans of North Carolina.

Each gift, purchased at the quest of the child is being carefully wrapped and tagged with the child's name. The gifts are then separated by orphanage and stored for delivery by helicop

metator, will arrice at Pope Air Force Bese Sunday, prepared to spend an entire week, flying eight to ten hours a day deliver-ing Christmas presents to the

The appointment of Harold itassen as Mutual Security Ad-ninistrator by President-elect

Stassen as Mutual Security Administrator by President-elect Eisenhower, causes speculation.

MSA, successor to the Marshall Plan, is the agency in charge of giving away billions of tax dollars, and probably represents the biggest single drain on U. S. tax menocy. It had been expected that this situation wo uild be coanged in view of the

changed in view of the avowed plans to cut taxes.

However, now there is wonder.

It is not believed that Stassen would leave the U. of Penn. presidency without concrete assurances that the agency will continue, and possibly be expanded.

Neither is it believed an overwhelming partisan loyalty would cause him to accept.

In the 1946 GOP seminating convention, a strong, popular

In the 1948 GOP meminating convention, a strong, popular Stassen drive by liberal Republicans was stopped by Dewey forces. So observers believe, it took very strong commitments to persuade him to again enter the areas of public life.

The new Congress will debate continuance of the giveaway-plans. Adherents will argue that in view of the fact that there has been no opportunity for small

in view of the fact that there has been no opportunity for small and independent business to expand and create new job opportunities, the cessation of the givenway programs would leave a great gap in the U. S. economy leading to a depression. This argument will be pegged on the assertion that a great deal of the giveaway items are manufactured goods that supply employ—U. Mattoot Reference Defended to the give way items are manufactured goods that Judynames Burgen

ment to U. S. workers.

However, cold facts show this is an erroneous picture. More than a year ago the huge cartel industries of Europe protested the great flood of U. S. manufactured geeds. With their own production 40 per cent ahead of prewar records, and their own system of holding down production to hold up prices, European business was alarmed.

The result has been that for

The result has been that for the past year, more and more of the MSA grants are in the form or raw materials, of which a share is bought from Brit

large share is bought from British possessions.

In the meatime, Britain is new exporting more automobiles to the U.S. than the American auto industry is exporting to all the weeld. A large share of farm machinery slipped evereas by MSA is bought from the Canadian affiliates of U.S. firms.

Here is another case in point. On a recent day MSA announced another 438 million for France and the French possessions in North Africa. Less than a quarter million of this total was in manufactured goods that could be presumed to have furnished U.S. employment to any marked legree. The balance was in petroleum and raw cotton.

Although steel is still on alloation to U.S. meets because of lefems needs, huge tessinges of U.S. steel are shipped to Europe by MSA. And now comes the immemcement that the U.S. Irmy has placed a multi-milica deliar contract for 500 British tanks.

Is MSA really helping Europe? Is MSA helping all U. S. business? Or is MSA merely supporting worldwide cartels?

The prayer of faith will thank God for the wonders of sical and spiritual laws of healrestore the sick. Pray for one another that ye may be healed. "James 5:15-16. It is not healing through Doctors, Medicine and Nurses. The Doctor leasing God's healing powers in er as a means of releasing God's great healing powers for soul as well as body healing. Prayer is a source of spiritual power. Thus prayer releases God's healing powers in the bodies and minds of men.

> Healing wa, one of the threefold emphasis in the blessed ministry of Jesus the Son of God Jesus taught the practical value of personal and intercessory prayer in the healing process. He healed the mind of the man among the Gadarenes, healed the sue of blood and he healed the soul of the woman at the well. I have no faith in prayer as a magical ritual. I believe in prayeight to eight to eight to eight to ing Chryine spiritual laws. I believe in children. God as a source of healing. Thus true prayer is grounded and rooted in the vast source of spiritual power whose source is God. This spiritual energy can be tapped through prayer for healbodies and minds of sick people. James was setting forth the spiritual laws of prayer: . . "Prayer of faith will restore th . . Pray for one another that ye may be healed .

James says prayer is real. Prayer is rooted in spiritual reality. Prayer rests upon Divine Law. I know prayer is real for it is real in my life. I am personal witness as to the healpower of prayer. Prayer are often dammed up in us through fear anxiety, hate and remorse. Prayer can help to break the log-jam and start God's healing power flowing in

Prayer helps create an atmo-
