IBPOE Re-elects Old Officers In One-Sided Fight

ATLANTIC CITY, N. J. — The avalanche of confidence goodwill and experience, plus more than 52 years of service to the cause of the Improved Benevolent Protective Order of Elks of the World proved too much for the youthful forces seeking to dislodge the veteran Grand Lodge Secretary Judge William C. Hueston of Dee Cee. On the losing end of this one-sided "fight" which proved to be no contest at all, was courageous Trezzvant W. Anderson, Dee Cee newsman and former head of the press department as well as "advisor" to Grand Ruler Robert H. Johnson.

Baptist Laymen To Meet Sept. 7-10 In Memphis

MEMPHIS, TENN. — The National Baptist Laymen Convention operating under the authority of the National Baptist Convention, Incorporated will convene in annual session meeting in the Ellis Auditorium at Memphis. Each State Laymen Convention is vying with each other in a State Contest helping to create a nationwide promotion program, bringing into the denominational work a larger number of red blooded men who are willing to stand up for Christ and the great program of Christendom. Each state organization will contribute \$200 for the financing of this work. Hon. Allen Jordan, Brooklyn, New York, President, states that men of the denomination must be prepared for the new Social Order as the church and denomination need strong men to meet this new condition.

A number of Air Force ROTC instructors representing several North Carolina colleges and universities were recent visitors to the University of North Carolina at Chapel Hill. The meeting was a two-day problem conference to discuss problems in ROTC programs that had come about because of recent changes in courses of study at a number of the schools represented. All persons attending the meeting were from this state except two who were from Alabama. Instructors attending the meet are shown above. Front row, left to right, are Maj. M. White, Duke University, Durham; Lt. Roy M. Canfield, Duke; Maj. G. D. Lynn, University of North Carolina, Chapel Hill; Col. G. J. Smith, UNC; Dr. C. B. Negro Citizens May Protest Jim Crow Signs

Wm. G. Black Succumbs In N. Y. Hospital

NEW YORK — William G. Black, 47, the nation's foremost Negro advertising executive and president of Interstate United Newspapers, Inc., died early Saturday morning in Sydenham Hospital, New York City, after a prolonged illness.

Negro citizens were rocked back on their heels in Raleigh and Durham this week when it was learned that the new Raleigh-Durham Airport now nearing completion will follow the Jim Crow pattern, although federal and municipal funds went into the erection of the building. The new pattern of segregation is scheduled to go into effect despite the fact that very little if any Jim Crow policy has been followed at the old airport now in use.

Although it has not definitely been decided, it is believed that a group of representative Negro citizens of Raleigh and Durham will ask for a hearing before the airport authority headed by Attorney ...

LOS ANGELES, Calif. — A resolution calling upon its 100 graduate chapters to take out \$500 life memberships in the NAACP was voted here Monday by the national conclave of Omega Psi Phi fraternity.

Herbert Tucker of Boston, Mass., newly elected Grand Basileus, said the resolution provided \$50,000 to be paid by Omega chapters over a two year period. The resolution was proposed by the 12th district of the fraternity, which includes Los Angeles and other West Coast chapters.

As head of an organization that served as the national advertising representative of the largest block of Negro newspapers in the world, Mr. Black was largely responsible for making national advertisers conscious of the vast potential of the Negro market.

At an early age, Mr. Black showed unusual enterprise in selling advertising space in Negro newspapers. While a student at Howard University, of which he was a graduate, he joined the advertising staff of the Washington Tribune and distinguished himself as one of their foremost salesmen. The quality of his work attracted the attention of the publishers of the New York Amsterdam News and he subsequently headed the advertising department of that newspaper.

DESEGREGATION PLANS GET UNDERWAY IN ELEVEN STATES

NEW YORK — Summer's end heralds the end of segregated schools in many southern communities which had awaited the May 31 Supreme Court ruling before moving to comply with the Court's 1954 edict holding segregated public schools to be unconstitutional.

N. C. Ushers Close Best Year Of Entire History

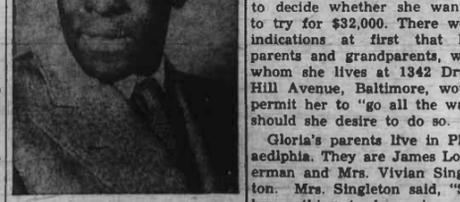

To Present Roland Hayes October 9

An NAACP survey on the southern school situation, compiled the last week of August, shows that in 11 of the 17 states which previously enforced school segregation by law, some positive action has been taken to comply with the no-segregation rule. In five of these 11 states, the desegregation move was made after the May 31 Supreme Court order. In the six other presently desegregating states, one or more communities had initiated school desegregation following the May 17, 1954, decision. The District of Columbia followed this pattern.

Sherrill, 15 scholarships were awarded students who are planning to attend various colleges throughout the state and nation. One scholarship was awarded to a young woman who will take nurse training and three other scholarships were awarded to (Please turn to Page Eight)
