

Three members of the distaff side, working for the first time this year on the teaching staff at Jackson State College in Mississippi, are pictured here. Left to right are Miss Joella Mary Hardeman, Mrs. Doris Alexander and Mrs. Angela B. Johnson.

University. Mrs. Alexander, librarian, is a former library assistant at Texas, Southern Tougaloo and Florida A. and M. Mrs. Johnson is a native of Freetown in Sierra Leone, West Africa. She is an instructor in Chemistry. Mrs. Johnson received the B. S. degree from Allen University and a Masters degree from Flsk.

Annexation Poses Threat Of Overcrowding Winston Schools

WINSTON-SALEM Since Winston-Salem annexed large county areas, a problem has arisen as to whether or not children in the annexed areas are eligible to attend city schools.

City Superintendent, A. Craig Phillips said 1,870 Forsyth County children will be eligible to attend city schools come January 1. However, Mr. Phillips says, he believes that most county students will stay where they are for the remainder of the present school term.

Under the operation of the new pupil assignment act, Supt. Phillips has authority to assign pupils. In most cases, the city and county boards have assigned students to the schools they attended last year.

A serious problem could develop if large numbers of Negro county students decided to invade the already overcrowded Atkins High School. Plans are underfoot for new high schools, however, for, as the board says, "in areas attended mainly by Negro students and in areas attended mainly by whites.

Five new school units have been approved by the Winston-Salem School Board. These school units are the new Kimberly High School, and the Columbia Heights School ("in areas mainly attended by Negroes") and the Granville-Ardmore unit on Hutton Street, the Eastern unit and the Konoak Elementary school. The schools in the white areas are all elementary.

Scientist Gets Money For Study

TUSKEGEE, Ala. Dr. Walter C. Bowie, Associate Professor and Head, Department of Physiology and Pharmacology in the Tuskegee Institute School of Veterinary Medicine, has been awarded two research grants totaling \$3,300. To be concluded by May 31, 1957, the project concerns, "Further Studies on the Absorption and Utilization of Pentose Sugar in Ruminants."

The major cost of the project (\$2,300) will be borne by the National Institutes of Health section of the U. S. Department of Health, Education, and Welfare. The Lederle Laboratories Division of the American Cyanamid Company will provide \$1000 for the "Lederle Veterinary Medical Student Research Fellowship" which will enable a senior student to share in the project.

Clinic Opens In Winston-Salem For Patients

WINSTON-SALEM The newly constructed Women's Clinic, located on highway 311, right above radio station WAAA, will be opened in the near future, it was reported by Dr. William H. Bruce, Jr., who is owner and manager of the clinic. Dr. Bruce, Jr. (pictured) says the clinic now has 10 beds, and the most modern, up-to-date medical equipment is being used for more comfort and ease for the women patients.

The new clinic is air-conditioned for year round comfort; the rooms are painted in cheerful colors, rather than all white, with a home-like atmosphere, and has almost 100 percent fire proof construction. According to the doctor, new born infants will remain in the room with their mothers. Also, the new mothers will have use of an inter-communication system, for close, constant, doctor-patient and nurse contact. And most important, they will also have individuality of diets, to some extent.

The exact cost for rooms has not been set, as yet, but, Dr. Bruce, Jr. says it will be of low over-head and regular day rates. All maternity cases can be handled completely at the clinic, for normal delivery. The new Women's Clinic is conveniently located near State Bus and City Bus lines. The office adjoins the clinic and has most-spirit and the will to win.

Greensboro Man To Manage Radio Station WAAA As Winston-Salem Radio Station Changes Ownership

WINSTON-SALEM The new owners of Radio Station WAAA, Laury Associates Inc. of New York, has named Gilbert M. Hutchinson of Greensboro as general manager of the station, it was reported by Robert Monroe, president of the company.

WAAA was formerly owned by the Camel City Broadcasting Company, with C. R. Daly as its general manager. Daly has since moved to Station WAIR. Hutchinson is a native of Fairfax County, Va., and has managed stations WBIG and WCOG of Greensboro.

In January, WAAA will make a few subtle change in its programming, which Monroe said will "hardly be noticed for awhile." The theory of Laury Associates is that radio has become a "personal companion," and this theory will prompt the improvement of programming at WAAA, to offer more personal services to its listeners.

Monroe also stated that there would be no increase of power for the station, which now has 1000 watts, but the broadcasting signal quality would improve with additions of new equipment. "Radio Station WAAA will continue to aim for the city's large Negro audience," said Monroe, "but many programs will be of general community-wide interest. We will try to make the station one of which the entire community can be proud."

Morroe also said a vast number of talent has been discovered in areas extending across North Carolina and Tennessee. He added that local talent would be developed for recording and other entertainment fields. WAAA is the first purchase in the Laury Association's plan for a chain of radio outlets. Plans for acquiring many more are already in the making; none in this part of the country, however.

Robert Monroe is a former vice president of the Mutual Broadcasting System. He resigned that office last August to devote full time to the Laury firm.

N. C. College Wins Readers Digest Contest

North Carolina College won the Reader's Digest first prize of \$500.00 in the publication's program for selling the largest number of subscriptions in relation to its enrollment, according to Robert M. Stelzer, Director, Student Marketing Institute.

The NCC contest was directed by John V. Turner, instructor in commerce, with James Brown serving as official student representative. Second place winners included Mississippi Southern College with an enrollment of 3,608 and East Carolina College with an enrollment of 2,937.

Fisk Singers Return From Triumphant Tour Of Europe

NASHVILLE, Tenn. Fisk University's globe-trotting Jubilee Singers returned to their campus this week, a very but still exhilarated from their triumphant two-month good-will concert tour of Europe that carried them to nine countries and the leading cities of the continent.

"This has been a fabulous tour," Prof. John W. Work, the renowned director of the group, reported. "We sang in the most important concert halls of Europe, and everywhere received ovation after ovation. My fondest expectations were exceeded."

Have notices followed each of the 56 concerts given by the Singers. In Rome, an audience of over 2,000—and got—eight encores. According to one Jubilee Singer, "We'd still be on that stage singing encores, if that audience had had its way." For the 17 students who comprise the group, the tour will be their major topic of conversation for many months to come. Opinion is divided between

Rome and Paris as a favorite city, but for Betty Nowlin of Houston, Texas, "Just seeing St. Peter's in Rome was worth all the trip."

Orlando Lightfoot of Chicago states that "an enthusiastic minority of the men, at least, talk quite a bit about Paris." According to Mr. Work, some persuasion had to be used to get one of these enthusiasts to board the ship home, so enamored did he become of the City of Light. Several of the Singers have already expressed the desire to visit Europe again.

The contemporary Jubilee Singers are related to the group organized in 1871 by an unbroken line of succession. The original Singers raised \$150,000 during their first seven years to purchase the site of the present campus and to erect famous Jubilee Hall, and are credited with introducing the Negro spiritual to the musical world. The present-day group's tour was undertaken to promote interracial and international goodwill.

Broadcast Series For UNCF Texas College Choir Opens

NEW YORK On January 6 the choir of Huston-Tillotson College of Austin, Texas will lead off the 1957 series of college choir broadcasts presented by the ABC Radio Network in cooperation with the United Negro College Fund. The programs, which have been broadcast continuously since 1950, originate from New York, Sundays, 10:35 to 11:00 A.M. over WABC. They are heard at local programming times over some 140 affiliate stations of the ABC radio throughout the United States and Canada.

Following the Huston-Tillotson Choir program of Jan. 6, subsequent January programs will feature: the choir of Lane College of Jackson, Tenn. on Jan. 13; the choir of Wiley College, Marshall, Texas on Jan. 20; and the choir of Philander Smith College, Little Rock, Ark. on Jan. 27.

Through the weekly choir programs national attention has been focused on the work of the United Negro College Fund and its member institutions and has contributed to the success of the Fund's annual appeals.

Two Named As UNCF Officials

NEW YORK Two authorities in the fields of college curricula and business management have been added to the United Negro College Fund's staff of part-time consultants, William J. Trent, Jr., Fund executive director, announced today.

The services of Dr. M. R. Traub, professor of higher education at the University of Kentucky, and James W. Bryant, assistant treasurer of Hampton Institute, will be made available to the Fund's member colleges and universities to help them with curricular problems and fiscal procedures, Trent said.

GIANTS HAPPY OVER TRADE

NEW YORK Maybe Dodger fans were upset and in a turmoil over the Jackie Robinson sale to the New York Giants, but the Giants fans were quite happy about it all. And particularly Chub Feeney, Giant Vice-President, who had pulled the "coup."

As he put it: "I feel so much better about everything now. Just having Jackie on the club should give us a big lift—one we needed badly after losing guys like Jackie Bennett, Bill White and Willie Kildand to the Army. I feel wonderful now."

"I know Jackie is going to do a lot of things for us. First, he'll plug the big hole at first base. We'd been awfully worried about that spot with White gone. Then, too, Jackie can help in other ways. As I see it, he should help Willie Mays most of all. He'll give us a real threat back of Willie. The pitchers won't feel so free to walk Mays with Jackie coming up next. They'll know how tough Jackie is in the clutch. He should help Willie just by being on the club. "Maybe he isn't the ballplayer he used to be. But all I can say is that he didn't look slowed down to us last year. He hit .394 against us in the Polo Grounds."

Feeney didn't mention the help at the gate, but he implied that he expected more Giant fans out to the games with Jackie. In other words, the Giants see in Jackie a "cure-all"—to fix up what ails the Giants.

to the Fund's member colleges and universities to help them with curricular problems and fiscal procedures, Trent said.
