

Calhoun Successfully Defends NAIA Hurdles Title

NCC Flash Speeds To Thrilling 13.6 Win One Step Ahead Of Gilbert

SAN DIEGO, Cal. — Olympic hurdles champion Lee Calhoun of North Carolina College successfully defended his 120 high hurdles title here at the NAIA track and field championships Saturday night (June 8) with a sizzling 13.6 finish.

Calhoun's dazzling finale, a step ahead of sophomore sensation Elias Gilbert of Winston Salem, dimmed the 13.8 which Gilbert racked up in the NAIA trials Friday.

The victory was a sweet one for the 1956 U.S. gold medalist who had been defeated earlier at Compton.

Gilbert and Olympic decathlon champion Milt Campbell finished in a dead heat to tie the existing hurdles record of 13.4.

Officials said Lee was third and gave him a 13.5 clocking in the Compton meet.

The two CIAA hurdlers have been dueling throughout the outdoor season on the West Coast. Their current campaign started at the Coliseum Relays at Los Angeles on May 24.

The highlight of the intercollegiate warfare to date has been the record-tying performance of Campbell, now running for Navy, and Gilbert (13.4) against Calhoun (13.5) at Compton.

In a track clinic conducted as part of the NAIA session, Coach L. T. Walker of the Eagles and Edward P. Hurt of Morgan State served as consultants.

The CIAA hurdles stars were slated to join other hurriers at NCAA championships at Austin, Texas, on June 14 and 15.

Campbell scored his first outdoor victory of the season over Calhoun at the Coliseum Relays. The decathlon star was clocked at 13.6 to Calhoun's 13.7.

At Modesto at the California Relays on May 25, Calhoun bested Gilbert with a 13.7 finish.

At the Pacific AAU at Stockton on June 1, Calhoun, facing a five mile head wind finished in 14.0 flat to defeat the fleet Gilbert, who was clocked at 14.1.

One of the highlights of the Stockton meet was American Don Bowden's crashing the four minute barrier in the mile. Bowden, Univ. of California sophomore, whizzed through in 3:58.7.

Calhoun and his coach, L. T. Walker will be two degrees richer when they return East. At NCC's exercises on June 4, Lee was awarded the B. S. degree in physical education in absentia.

Walker, professor of physical education at NCC, received the Ph.D. in physical education in absentia from New York University on June 7.

World records above the 880-yard run reads like a who's who among foreign runners: 1000 meters — Boysen, Norway and Rozsavolgyi, Hungary (2 m 19.05); 1500 meters — Rozsavolgyi, Hungary (3 m 40.6 secs.); mile run — Landy, Australia (4 m 58 secs.); 2000 meters — Rozsavolgyi, Hungary (5 m 02.2 secs.); 3000 and 5000 meters — Pirie, Great Britain two, three and six miles — Iharos, Hungary; 10,000 meters, Kuts, USSR; and from 10,000 to 25,000

Stamina, speed and tempo comes from rigorous training schedules and not from pep pills as one member of the A. M. A. falsely asserts. I know of some track coaches who use honey and chocofoats for an effect which is psychological, as well as physiological. But I know of none who uses pep pills.

Another topic of conversation has been the great performers participating in the meets this summer. The comments were both gratifying and amazing. It was gratifying to know that the consensus among the leading coaches is that Calhoun is the greatest stylist among a long line of great hurdlers and were it not for the drain of eighteen months continuous competition he would be invincible.

I was amazed, however, to learn that most coaches and newspaper and radio people considered Milt Campbell a

set in every meet. Texas speedsters broke the existing record every time they ran the 440 and 880 relays, likewise Occidental College in the 2-mile and distance medley relays. Don Bowden became the first American to run the mile in under four minutes as he ran 3:58.7 at Stockton. Calhoun ran five hurdles races for an average of 13.06 per race. Campbell, Calhoun and Gilbert ran 13.4 for the 120 H. Hurdles, phenomenal performances.

This part of the country is track mad. Class "C" high school boys are running 9.8 hundreds and high jumping 6ft. 5ins. At the state meet in Berkeley I would have gladly taken boys who missed the finals. (Please turn to page Eight)

There is not an American among them. Why? I talked for hours with Iglói, Tabori, Stampfl and Lincoln on the subject of training. There I found part of the answer. Stampfl runs Lincoln 250 miles a month, 3000 miles a year. Iglói works Tabori at varying distances for three hours, twice a day, every day of the week, 365 days a year. Tabori works twice a day on days when he participates in a meet. Both coaches and their pupils agreed that the American runners could surpass all records, now on the books if they even approximated the European methods of training. The answer is in attitude toward training, not in location or country.

TEXAS TWOSOME TO PACE NCC CAGERS — The townsome of Carlton "Ding Dong" Bell and Calvin "Sweetcake" Alexander are slated to pace North Carolina College's basketball attack next season. Alexander, understudy for the past two seasons, is expected to move into a firststring berth next fall with the early start of CIAA basketball practice. The Texas will be among Coach Floyd Brown's charges defending their CIAA visitation basketball championship.

Troop 105 is sponsored by the St. Joseph AME Church under the able leadership of Scoutmaster N. B. Bennett, Jr. Eric will attend the Valley Forge Jamboree also. The brotherhood of Scouting will commemorate with this outstanding jamboree the hundredth anniversary of the birth of Baden-Powell and the fiftieth anniversary of the Scouting movement he founded.

These boys and leaders will be ambassadors . . . The Boy Scouts of the American contingent will represent our country's finest Scouting traditions. They will be proud to be members of the group and ambassadors of good will. This world Jamboree will be another living lesson to all nations that boys can work and play together, sing and pray together, just as all men might.

Sutton Park, once a royal hunting forest, is a natural park of 2,400 acres. Six lakes in the park will be used and supervised for swimming. The site is at Sutton Coldfield, eight miles southwest of Birmingham.

The American contingent will leave Le Harve, France, August 26, and arrive in America September 4th.

Has your son registered for Summer Camp? June 23-29 or June 30-July 6th? There will be only TWO weeks this year. Cubs will go to Pope Airforce Base Saturday, July 13th. See you next week. Henry W.

NORTH CAROLINA DURHAM COUNTY
In The Durham County Civil Court
BETTY McDUGALD
VS.
James Worthy McDougald
NOTICE

The above named defendant James Worthy McDougald, will take notice that an action entitled as above has been commenced in the Durham County Civil Court, by the plaintiff to secure an absolute divorce from the defendant upon the ground that plaintiff and defendant have lived separate and apart for more than two years next preceding the bringing of this action; and the defendant will further take notice that she is required to appear at the office of the Clerk of the Durham County Civil Court, in the Courthouse in Durham, North Carolina on or before twenty (20) days after the 6th day of July, 1957 and answer or demur to the complaint in said action, or the plaintiff will apply to the Court for the relief demanded in said complaint.

This 4th day of June, 1957, Margaret B. Best, Deputy Clerk, Durham County Civil Court
William A. Marsh, Jr., Attorney
June 8, 15, 22, 29.

DURHAM MASONS
The Scholarship Committee at North Carolina College has received a contribution of \$75 from the Durham Consistory No. 218, Scottish Rite Free and Accepted Masons, according to R. D. Russell, scholarship committee chairman.

Leroy Walker Says— Tracksters' Stamina Comes From Rigorous Training, Not Pills

For the past two weeks as Lee Calhoun and I have moved about California from Los Angeles to Modesto, to Stockton, to San Diego, it has been my pleasure to talk with outstanding coaches from all over the world. The conversations have covered a wide variety of subjects—training methods, styles, great performers, use of pep pills, etc.

The meet directors collaborated to bring to California great talents from all over the world. Among the most illustrious in the galaxy of stars were the sub-four minute milers from foreign soil—Brian Hewson and Derek Ibbotson (Great Britain) and now Lincoln (Australia), joined by Laszlo Tabori formerly of Hungary now living in Chapel Hill. Although the miracle mile of less than four minutes was not achieved by this terrific quartet (Lincoln ran 4:01.4), many hours have been spent discussing (1) the merits of the training methods of the foreign coaches, Iglói of Hungary and Stampfl of Australia, and (2) why American runners lag behind foreign middle distance and distant runners.

World records above the 880-yard run reads like a who's who among foreign runners: 1000 meters — Boysen, Norway and Rozsavolgyi, Hungary (2 m 19.05); 1500 meters — Rozsavolgyi, Hungary (3 m 40.6 secs.); mile run — Landy, Australia (4 m 58 secs.); 2000 meters — Rozsavolgyi, Hungary (5 m 02.2 secs.); 3000 and 5000 meters — Pirie, Great Britain two, three and six miles — Iharos, Hungary; 10,000 meters, Kuts, USSR; and from 10,000 to 25,000

set in every meet. Texas speedsters broke the existing record every time they ran the 440 and 880 relays, likewise Occidental College in the 2-mile and distance medley relays. Don Bowden became the first American to run the mile in under four minutes as he ran 3:58.7 at Stockton. Calhoun ran five hurdles races for an average of 13.06 per race. WATCH THAT BOY

By HENRY W. GILLIS
Division Scout Executive

Last week said we would bring you up to date on the FOURTH NATIONAL JAMBOREE and the WORLD JUBILEE to be held this year.

We here in the Durham Division are delighted to have six Scouts and Explorers to be part of the largest gathering of youth in the history of our country — 50,000 strong at Valley Forge, Pa. The boys are as follows: Eldee Brown, Jr., a member of Troop 105 at St. Joseph AME Church; Joe Louis Garner, Wm. M. Forte, Kenneth Spaulding, Charles Alston and Day F. Reed all of Troop 55 at the White Rock Baptist Church. N. H. Bennett, Jr. is the Scoutmaster at St. Joseph and N. B. White is the Scoutmaster at White Rock.

Our chartered buses will leave at 8:00 a.m. on Monday, July 8th, from the Raleigh bus Station. The boys will have the opportunity of sightseeing in Washington, D. C. on the afternoon and evening of July 8th. Each Troop leader will map out the sightseeing route for his bus. Unfortunately, there will be no ball game in Washington that day.

The Scoutmaster will be William C. Swann from Fayetteville. Assistant Scoutmaster will be J. W. Carrington from Durham, Explorer Advisor at Post 55, sponsored by White Rock Baptist Church.

open space for an assistant scoutmaster and space for a few scouts and explorers. This came about because some boys fell out. Our quota can stand for at least 10 more boys.

There will be a band in our region. If you can take and play a band instrument, please write the Council Office, Box 10186, Raleigh, a note giving your name, the instrument you will bring along and your experience. All instruments will be INSURED for you by the Jamboree.

On the night of July 8th, the boys will spend the night at Ft. Meade, Md. From there they will go on to Valley Forge for pre-opening of the Jamboree where Washington's Continental Army, cold and exhausted, trudged wearily into Valley Forge on December 19, 1777. In the snowy weather, Washington's soldiers, many, with legs naked and feet bare, required more than a week to complete the 15-mile march from White-march, Pa., where they last broke off contact with the British. Our boys will see the scene of these activities and Philadelphia, Pa.

The World Jubilee will be held at Sutton Park-Warwickshire, England August 1-12, 1957. We have only ONE Explorer Scout from the Durham Division who will camp with 35,000 Scouts from 80 nations. Eric Michaux, Explorer from

They tried GOLDEN ESSO EXTRA and felt the difference

immediately!

In a survey, 82% of the owners of late model, high-compression cars reported immediate improvement with GOLDEN ESSO EXTRA! Motorists found it gave them a brand-new motoring experience! Developed by Esso Research, this is the first gasoline actually designed to get top mileage, full power, and instant response from today's most advanced engines. Tests in these engines prove that only GOLDEN ESSO EXTRA offers this great combination:

1. Completely stops harmful, power-robbing engine knocks. 2. Delivers unexcelled power and acceleration. 3. Gives more mileage than conventional gasolines can possibly offer. 4. Contains the best combination of additives needed for top performance. See your Esso Dealer soon!

PONTIAC OWNER
"This gas is terrific, especially on hills — I like its power and zip. Use it all the time on long trips and get good mileage."

PLYMOUTH OWNER
"I definitely notice a difference — smoother performance. You accelerate faster. On long trips I get better mileage..."

MERCURY OWNER
"Using GOLDEN ESSO EXTRA's like giving the car a tonic... and when my car's going good, I feel good. So I'd say this gas has what it takes..."

CADILLAC OWNER
"I've always had Cadillac and used the best gas I could find. So GOLDEN's the gas for me. Brings out the best in the car... gets better mileage than I'd expected."

get that great "Golden" feeling **GOLDEN ESSO EXTRA**

Developed by Esso Research...it's in a class by itself!

First, last and always... your best buy for Happy Motoring!
