Last Vote For Beauticians

With MRS. CALLIE DAYE clinging to the lead by a narrow margin and MRS. EULA STEELE back in second place by only a few points over MRS. CALLIE ASHFORD, the CAROLINA TIMES Beauticians Popularity Contest developed into a nip and tuck affair this week.

The contest will positively close at twelve o'clock MONDAY, APRIL 14. All votes not in the office by that time or bearing a post office mark of noon or before will positively not be counted.

One thing is certain, if the rumor is true that there is a dark horse in the running who will take over the FREE PLANE ROUND TRIP prize with hotel expenses paid to the Beautician's Convention in Miami, Florida, he or she will be made known in the next week's issue of the CAROLINA TIMES when the final and actual standing of all the contestants will be published.

This week the leading contestants concentrated on BONUS VOTES, and it is believed that next week's reports will show that the winner will be the one who has not only pushed regular votes but BONUS VOTES as well.

This week's relative standing is as follows:

Mrs. Callie Daye	23,750,000
Mrs. Eula Steele	22,615,000

Council Gives Park Operator Okay On Old Way

The Durham City Council refused Tuesday night to legally banish segregation from the city owned baseball park.

It did so by refusing a request to insert in its contract with park operators a clause requiring no segregation in seating of park patrons.

Instead, it voted 12-1 to renew the contract with Durham Sports Enterprises after hearing an official of the organization promise that the park would be operated "as it has been for the past 13 years."

The request that Council take action to officially call an end to segregation at the city owned facility, leased to the Durham Sports Enterprises for the Durham Bulls baseball games each year, came from N. B. White, one of a group of Negroes turned away last year when they sought grandstand seats at one of the Bulls' season opening games.

(Negroes have traditionally been restricted to bleacher seats in the right field sector of the park at Bulls games.)

White pointed out to the Council that the park was operated on a segregated basis last year and held that the "city (Please turn to page Eight)

Eight Dixie States Cannot Be Trusted

WASHINGTON, D. C. The officials of eight southern states cannot be trusted to administer any type of federal assistance to educate without anti-segregation safeguards, a NAACP official told a Congressional subcommittee here.

Clarence Mitchell, director of the Association's Washington bureau, testified before the House subcommittee on special education on April 2. He enumerated the eight states with untrustworthy officials as Alabama, Arkansas, Florida, Georgia, Louisiana, Mississippi, South Carolina, and Virginia.

He also called upon NAACP Executive Secretary Roy Wilkins to Marion B. Folsom, Secretary of Health, Education and Welfare, in which Wilkins warned that "any government plan for assistance to the states in the form of grants for scholarships, teacher training, and other methods of reducing the waste of talent should not subsidize a system which has stifled talent among the children and youth of 4,000,000 American families, except for a handful of hardy, persistent and fortunately placed individuals."

"We ask that no state be given any funds unless its appropriate officials pledge that they will be spent in conformity with the requirements of the U. S. Supreme Court decisions of May 17, 1954, and May 31, 1955, in the school desegregation cases,"

Six Hillside high school student were tapped for admittance into the National Honor Society earlier this week in official installation services held in the Hillside auditorium.

The annual spring installation program, sponsored by the Hillside Chapter of the National Honor Society, was witnessed by the general school student body, faculty, parents, and many civic

he asserted. Mitchell cautioned subcommittee members that "at some point, the Congress must decide to call a halt to the wanton program of using federal money to promote the extensive pattern of tax-supported defiance in some areas of the country."

The NAACP's legislative specialist noted that a Chicago newspaper last month estimated that southern states have spent more than two million dollars in attempts to defy the Supreme Court decisions banning segregated public schools.

He noted also that in Mississippi the state legislature has had under consideration a proposal to let a private organization, the White Citizens Council, fight desegregation with tax money.

Man Admits To Beating Mother Of 2 Two Nights

A 29 year old mother of two was found in bed last Saturday night in Durham dead from a series of severe beatings suffered at the hand of a Durham man.

Police are holding Charles Lee Addison, who admitted beating the woman on last Thursday and Friday night, for the slaying.

An autopsy performed on the badly beaten body of Miss Rosetta McCright revealed that she died of wounds suffered from the beating, Detective Captain W. E. Gates said.

Dr. R. A. Horton, county coroner, had ordered the examination after her body was discovered bearing several bruises on the face and head and a deep hole in the back of her head.

The beating apparently took place at the 511 Matthews Street residence where Miss McCright and Addison lived. D. M. King who lives at the next address, told the TIMES he heard sounds of the beating on Thursday and Friday night, but was restrained from investigating by his wife.

Reports say that Addison beat the woman after an argument the two had over the borrowing of eggs from a neighbor by one of her children.

CHARLES ADDISON

Suit Instituted To Reclaim Visa For Worthy

WASHINGTON, D. C. The opening round in a new legal challenge of the State Department's power to deny passports to American citizens was scheduled to be fired tomorrow (Tues.) in the Federal District Court in Washington, D. C.

An attorney appointed by the American Civil Liberties Union was set to file a complaint asking that Secretary of State Dulles be required to grant a passport to newsmen William Worthy, Jr.

The complaint, to be submitted by William M. Kunstler of New York City, charged that as an American citizen and a representative of the press Worthy has "a constitutional right to a passport."

Worthy, a foreign correspondent for The Baltimore Afro-American and special correspondent in Communist China for The New York Post and CBS News, was refused his passport by Dulles on March 24 because he would not abide by the government's travel restrictions and his activities abroad would be "prejudicial to the orderly conduct of foreign relations of the United States."

Worthy, who visited Communist China and Hungary in 1956 and 1957 despite the State Department ban on travel to those countries, had sought renewal of his passport for over a year.

North Carolina Mutual President Reports Firm Will Reach Over 60 Million By 60th Birthday In October

North Carolina Mutual's assets will reach a total of \$60 million by the time it reaches its 60th anniversary first, president W. J. Kennedy predicted in a statement this week.

"On October 20, 1958, the company will observe the sixtieth anniversary of its origin, at which time it is estimated that a total admitted assets will reach the sixty million goal and total life insurance in force will be in excess of one quarter billion dollars," Kennedy opined. He went on to recount progress made during the past year's operations and declared that the company's personnel had pledged unstinting efforts

to "make 1958 the best year for the company in its entire history."

PROGRESS IN 1957

His statement said: "The report for 1957 reveals that progress was made by the Company in all phases of its operations. Of primary interest to policyholders is the fact that during 1957, \$4,982,270.43 was paid to policyholders and/or their beneficiaries, bringing the total since organization to \$82,870,513.51. Contrary to the old concept that life insurance was associated largely with the death of the insured, \$4,061,824.26 of the amount paid under policy contracts during 1957 was paid

to live policyholders in disability benefits, matured endowments, cash surrender values and dividends.

"During the last 162,725 new policies were issued bringing the total number of policies in force at the end of the year to 798,465 and Total Insurance in Force of \$245,714,972.00. The Admitted Assets of the Company as of December 31, 1957 of \$57,507,290.82 show an increase of \$3,508,257.79 over the previous year. The increase of \$10,098.82 in the combined Weekly Premium Debit during 1957 was the largest since 1957 and \$4,573.93 in excess of the increase for the year 1956. The Weekly Prem-
