Colonial Stores Columbia Operation To Be Transferred To Norfolk, Va.

ATLANTA, Ga. As part of a continuing program of streamlining internal staff procedures, Colonial Stores, one of the nation's largest and oldest food chains, announced today that the accounting and buying functions now performed for North and South Carolina, at the Columbia, S. C. regional office, will be transferred to the Company's Norfolk and Atlanta headquarters effective September 8.

At the same time Joseph Seitz, Colonial president, announced that A. C. Edens, regional vice president in Columbia, in addition to operational duties has been assigned company-wide responsibilities involving store planning and non-foods merchandising. Mr. Edens will remain in Columbia. Mr. Seitz also announced that the company's North Carolina stores will be operated as part of the Eastern Region under Vice President J. W. Wood in Norfolk.

"The continuing development of high-capacity, high-speed data processing equipment means that it is no longer economical or practical for large, decentralized companies to handle accounting, statistical and tabulating functions locally," Mr. Seitz said. "Detailed studies showing that we can serve our stores and customers in the Carolinas more economically by making more effective use of accounting machinery in Atlanta and Norfolk preceded our Columbia decision."

A number of employees will be given an opportunity to join the buying and accounting staffs in Atlanta and Norfolk, Mr. Seitz said. Employees in Columbia whose jobs will be eliminated by the shift will receive severance allowances and a special effort will be made to help them find other employment in the Columbia area. Mr. Seitz also emphasized that brokers who have been dealing with the Columbia buying office will be fully protected for future purchases of merchandise and supplies intended for use in
