Biblical Basis of Missions Told

RALEIGH—Dr. John Skoglund, Professor of Preaching, Colgate Rochester Divinity School, Rochester, New York, was the guest speaker at Shaw University's annual Baptist Series on November 5 and 6.

In the theme, "The Biblical and Theological Basis of Missions," Dr. Skoglund gave the history of Baptist Fellowship, which began in 1813 with a Baptist Missionary Union being formed in 1814. The speaker stated that 1964 will make the 150th anniversary of organized Baptists; and "the most important single fact of this era is that for the first time in human history, more than a billion of God's children have begun to rub the dust of centuries from their eyes and look toward the stars."

"One billion, seven hundred million humans in the underdeveloped countries and in the United States are awakening to what it means to be a human being. They are asking for a better standard of living. This, he declared, is a revolution which is here to stay."

"The church," he stressed, "must stand on the side of the revolution and help to alleviate the wrongs that are perpetuated against man."

"Men today are asking theological questions about the Bible. They are seeing it as one book—as a strand. The Bible, he explained, is the book of missions, not a text book of propaganda. It emerged from God's covenant and is a witness of the community of that era, as a news sheet, told in narrative, poetry, history, myth, epistle and sermon."

"God's special chosen people are the news boys of the world."

HERE IS A RECIPE which will probably come in very handy for the holiday seasons which are just around the corner.
MAT OF RECIPE HAS BEEN CAST FOR THIS PAGE

Old Fashioned Corn Bread Stuffing

As the holiday season approaches, many people think longingly of "plain old-fashioned" corn meal stuffing for the turkey. For the die-hards who want no part of the fancy variety, this stuffing may well be the answer. The day before, make corn bread the very easiest way by using only three ingredients:

- 3 cups self-rising corn meal
- 1 1/2 cups milk
- 1/2 cup melted shortening

After placing self-rising corn meal in bowl, stir in milk, then mix in melted shortening. Bake in greased pan for 20 minutes in 425°F. oven. Now for the stuffing itself, you'll need

- 4 cups corn bread cubes
- 3 tablespoons chopped onion
- 1/2 teaspoon pepper
- 1/4 teaspoon poultry seasoning
- 1/2 cup melted butter or margarine
- Hot water or broth to moisten

Combine bread, onion, and seasonings. Add butter and liquid. Toss gently to mix. Allow 1 cup stuffing for each pound poultry or game. Stuff turkey IMMEDIATELY before placing in oven and fill the cavity LIGHTLY, allowing space for expansion during baking. (Over packing makes the stuffing compact and may cause the turkey to burst). Cook turkey for about 18 to 20 minutes per pound at 300 to 325°F. After removing from oven, let it stand 20 minutes before carving.
