Non-Stop Coats are News

The new coats are truly newsmakers. With their lightly-fitting shapes and dynamic fabrics, they steal the scene around the town or world.

The Fall '65 theme of National Board of the Coat and Suit Industry, "You'll look better, you'll feel better in a coat and suit" is illustrated with this stunning coat. It has a drape-as-you-will fringed scarf to catch the eye, roomy, raglan sleeves for ease over suits or other fashions. A sextette of buttons sum-up this handsome fall coat of rich, diagonal tweed. Sizes 6-16. About \$75.

Holiday Inn Maids Strike, Join Freedom Union

McCOMB, MISSISSIPPI—Striking maids at a Holiday Inn located here have joined the Mississippi Freedom Labor Union (MFLU) and have begun picketing the motel.

The MFLU, headquartered in the Delta and composed largely of farm laborers, pioneered in the strike of nearly 1,000 farm workers in large plantations in Mississippi.

The motel employees are requesting a \$1.25 hourly wage. They now receive 39c an hour. Pickets last week were surrounded by city and county policemen placed there by the

County District Attorney Joe Piggott "to protect the Holiday Inn."

"They will continue to strike despite threats of arrest," MFLU representative Miss Ossie Lee Barr said.

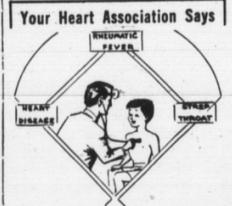

The strike began July 23 when nine maids walked off their jobs. McComb Policeman Eddie Smith escorted some strikers through the picket line on July 30. The strikers plan to appeal to the Mississippi AFL-CIO for aid.

In Selma, Alabama more than 50 white and Negro employers at a Coca-Cola bottling

plant will vote August 18 on whether union will represent the plants workers W. Fuller, a union leader, said the workers would ask the company for \$1.25 an hour and a 40 hour work week. Presently company employees are paid \$32 a week and work 50 hours.

"I just don't see how a man with children can survive on a take home pay of \$29.66," Fuller said.

The Selma to Montgomery march and civil rights activity here caused interest in unions, an organizer for the Retail, Wholesale and Department Store Workers union said.

H. A. Gilliam to Head NIA for 1965-66 Term

H. A. Gilliam, vice president of the Universal Life Insurance Company, Memphis, began his term as president of the National Insurance Association with an appeal for better internal coordination among member companies and a proposal to create a special commission to aid companies needing help.

Gilliam was elected to a one year term at the New York convention of the 45-year old, 45 member association of Negro managed life insurance companies. Three hundred fifty delegates and an additional 100 wives and children attended the four day meeting at the Roosevelt Hotel.

The new president is agency director for Universal.

In a prepared address directed to Home Office Section delegates, Gilliam called for new attitudes of cooperation and interdependence between home office and field, to better accomplish company objectives of

service at a profit. His proposal for a special commission to study problems of companies with growth or profit problems came at a meeting of the board of directors following the convention.

Gilliam said he would appoint such a panel in coming weeks, that would include all management skills. The committee would deal with problems on invitation. Actuarial functional cost control, agency supervision and communications were among the problems Gilliam said the panel might deal with.

Benjamin J. Johnson, past president of the association was made chairman of the board. He reported a successful year of operations for the member companies with a gain in as-

sets from \$360 million to \$374 million, and of insurance in force from \$1.9 billion to \$2.2 billion.

H. H. Southall, secretary of NIA for five years, was elevated to first vice president, a position that traditionally leads to the presidency.

A. Murray Carter, Secretary of Pilgrim Health, Life and Accident Insurance Company, Augusta, Georgia, and NIA treasurer for 24 years, declined renomination. He was replaced by C. O. Hollis, CLU, also of Pilgrim.

J. A. Blaine Dejoie, vice president-actuary of People Life Insurance Company of Louisiana, New Orleans, was elected secretary. Dr. Warren Brothers, actuary, Chicago Metropolitan Mutual Assurance Company, Chicago, was reelected actuary, and Attorney J. Mason Davis, vice president of Protective Industrial Life Insurance Co., Durham, was elected vice president and chair-

Gerald Howell, vice president and associate agency director, Universal Life Insurance Co., Memphis, was elected vice president and chairman of the Agency Office Section. Maceo A. Sloan, CLU, vice president, North Carolina Mutual Life Insurance Co., Durham, was elected vice president and chairman of the Home Office Section.
