What Are These Children Doing?

Can you guess what games these children are playing? The photos are scenes from a new film being shown free 25 times daily in the U.S. Pavilion at EXPO 67, Montreal, Canada. Sponsored by Polaroid Corporation, the film is titled A TIME TO PLAY.

The movie gives us a close-up of ten games children play all over the world. It colorfully evokes childhood memories, and hints that games are often a reflection of the contests encountered in later adult life.

The 20-minute movie is viewed on three screens. At times, there are different scenes on each of them, and frequently a single action sequence fills all three screens at once. Even the titles identifying the games take part in the movie's action.

In the photos above, the children are playing: top, Blind Man's Buff; and bottom, Hide and Seek.

SUMMER SALAD
 These tasty tomatoes stuffed with chicken and curried rice, made with such ingredients as Mazola corn oil, vinegar, celery and mayonnaise, are refreshing warm weather fare for family meals or formal occasions.

IMAGE BUILDER
 Did you know that you can improve the image you present to others by smoking cigars? Many people consider the cigar smoker elegant and mature, and offering a man a cigar has even been known to avert an argument.

HISTORICALLY, SEALS HAVE ESTABLISHED IDENTITY AND AUTHENTICITY. MANY ANCIENT EUROPEANS HAD SEALS. INDIVIDUALS HAD ONE, SOVEREIGNS HAD MANY.

SEALS STILL ESTABLISH AUTHENTICITY. THE AIR CONDITIONING & REFRIGERATION INSTITUTE'S "SEAL OF CERTIFICATION" ON CENTRAL AIR CONDITIONING EQUIPMENT TELLS YOU THAT THE UNIT CONFORMS TO STRICT INDUSTRY STANDARDS—WAS RIGIDLY TESTED FOR COOLING CAPACITY AND DEPENDABILITY.

SOON AFTER SIGNING THE DECLARATION OF INDEPENDENCE, THE CONTINENTAL CONGRESS NAMED BENJAMIN FRANKLIN, JOHN ADAMS, THOMAS JEFFERSON, TO DESIGN A 'SEAL OF THE UNITED STATES' (THEIR DESIGN WAS NOT ADOPTED.)

FRUIT POPS ARE TOPS!

Whether they're jumping rope, riding bicycles and tri-cycles, or playing hopscotch, no doubt your youngsters are more active than ever in warm weather. And, when they take time out for a break, they're sure to be ready for a cool refreshing snack. That's when a delicious Frozen Fruit Pop hits the spot.

Nourishing, as well as refreshing, these icy fruit treats are made from a tasty combination of Gerber Junior Peaches and Strained Orange Juice. Even the toddlers can enjoy these taste-tempting pops as an afternoon snack.

Frozen Fruit Pops are quick and easy to make. Just pour the fruit mixture into small paper cups and insert a wooden spoon in the center rope of each cup. Then slip them into the freezer to harden.

When the youngsters are ready to eat their snack, they can simply peel off the paper cup and they'll have a pop-on-a-stick. Or, if they can't wait until the mixture is completely frozen, they can use the spoon to eat the fruit pop right out of the cup.

It's a wise mother who has a good supply of these refreshing Frozen Fruit Pops on hand. They're ideal for after dinner desserts and special occasions like birthday parties. For variety in flavor and color, try mixing one of the other junior fruits, like plums or apricots, with the orange juice.

 2 cans Gerber Strained Orange Juice
 2 jars Gerber Junior Peaches
 2 tablespoons sugar

Combine ingredients and mix well. Pour into small paper cups; set in freezer until partially frozen. Insert a wooden spoon in an upright position in the center of each cup. Continue freezing until hard.

BRIGHT IDEAS FOR THE HOME

Ever feel dejected about dusting? Irked about ironing? Moody about meal preparation? Give your spirits a lift by sprucing up your work areas! You can personalize your kitchen, dining table, and even your laundry room with color-happy accessories—and save by sewing them yourself.

One pattern, McCall's #8774, has 25 clever designs for your home. It's a "quickie," fast and easy to work with—the second in McCall's new Bazaar Boutique series.

Kitchen problems get imaginative coverage in this pattern. For instance, you can dress up drab appliances—and cut down on dusting—with colorful covers for your toaster, juicer, blender, mixer, even your can opener! And why weep over misplaced onions and potatoes—when they can be stylishly stored in vinyl or sailcloth vegetable bags?

In the "what's cooking" department, you have hot mitts appliqued with flower and animal designs... potholders that double as hot mats... a clear plastic dome to protect your cake creations. To warm the cockles of a nostalgic heart, there are modern versions of grandma's tea cozy and bun cozy! Quilted place mats dress up a table; they're reversible for extra use, and doubly easy to make. Above all, a housewife needs aprons—there are two very pretty ones in the pattern.

You can also clean up on suggestions to make laundry day easier. How about a terry cloth bag for clothespins? Another bag to hold ironing—and a matching ironing board cover in a wild, wild print?

Here's one you may not believe: a custom-tailored dust rag! Actually, it's a dust cloth with mitt, and it gives you a fine grasp of cleaning problems. Two more ways to beat the dust: covers for typewriter and sewing machine, in fabric or fashionable vinyl.

Several of these items can be made in vinyl, and the pattern gives complete directions on how to handle this new material.

There may be more to homemaking than meets the eye. But if what meets the eye at home is colorful and cheery, you're way ahead of the game.

THE LAND AROUND US... by THOMPSON

INSECTS ARE THE MOST ABUNDANT CREATURES ON EARTH. ENTOMOLOGISTS HAVE NAMED ABOUT 800,000 SPECIES—ABOUT ONE-THIRD OF THE TOTAL. EACH YEAR OVER 8,000 NEW SPECIES ARE DISCOVERED.

IN A 6-MONTH PERIOD A SINGLE PLANT LOUSE (APHID) CAN PRODUCE 16 GENERATIONS EACH NUMBERING OVER 40 YOUNG.

INSECTS ARE RESPONSIBLE FOR MORE THAN \$4 BILLION WORTH OF DAMAGE TO RANGELAND GRASS AND AGRICULTURAL CROPS EACH YEAR IN THE U.S. ALONE. EXTENSIVE PESTICIDE CHEMICAL CONTROL PROGRAMS ARE OFTEN NECESSARY TO PROTECT CROPS FROM TOTAL DESTRUCTION.
