

WINS FEDERAL RESEARCH GRANT—Dr. Myrtle L. Smith, professor of clothing and textile at A&T State University, has been awarded a \$43,280 federal grant to conduct research on the durability of certain fire-resistant clothing and materials. She is a native of Garland.

Senate OKs Resolution On Morality

The State Senate approved and sent to the House Thursday a resolution expressing concern over student morality at state-supported universities in North Carolina.

Sen. T. C. Crawford, D-Buncombe, who sponsored the resolution, told the Senate the time has come for the state to voice concern over the moral developments.

Sen. Claude Currie, D-Durham, dean of the Senate, disagreed that the resolution was the proper way of handling the issue.

"I think the students have a right to look after their own morals as long as they stay within the law," Currie said.

He added the resolution implies that college administrators are not concerned over student morals and morality on the campuses.

The youngest member of the Senate, 26-year-old Sen. Phil Kirk, R-Rowan, said he did not consider the resolution an indictment of students or university trustees.

Sen. Charles B. Deane Jr., D-Richmond, also spoke in favor of the resolution.

WOOLWORTH GIVES TO INNER-CITY CULTURAL CENTER—The F. W. Woolworth Co., one of the nation's few major retail stores with locations in the inner-city of Washington, D.C., has awarded "The New Thing Arts and Architectural Center," 1811 Columbia Road, N.W., a contributory gift of \$1,000 to further its programs to culturally uplift

minority youth in the nation's capital. The center, headed by Colin "Topper" Carrew, provides personalized instruction in the arts through cultural workshops for children four to fourteen years in creative writing, painting, drawing, photography and fabric design.

N. C. Welfare Is Unchanged

Welfare payments in North Carolina have remained the same since early 1970, the last time benefits were increased. The General Assembly, how-

ever, had turned down a request to increase benefits in the Aid to Families with Dependent Children (AFDC) program. Recipients currently receive 86 per cent of the estimated minimum level of need, and the social services department had asked that this be raised to 100 per cent.

Colonial Stores Reports Record Sales and Earnings First Half '71

ATLANTA — Colonial Stores, Incorporated, 434-store Atlanta based retail food chain, today reported record sales of \$317,114,334 for the first half of 1971 and earnings of \$4,069,229, also a record.

Ernest F. Boyce, president, said sales for the 24 weeks ended June 19, 1971, were 5.6 percent ahead of the \$300,213,604 recorded in the same period of 1970. Earnings were 13.1 percent ahead of the \$3,596,654 for the initial 24 weeks of 1970.

Earnings per share of common stock for the 24 weeks were \$1.42 vs. \$1.26 in the first half of 1970, based on an average of 2,846,321 shares outstanding in 1971 and 2,834,512 shares in 1970.

Mr. Boyce said sales for the 12 weeks ended June 19, 1971

were \$160,830,375, an increase of 6.4 percent over the \$151,222,237 in the same quarter of 1970. Earnings of \$2,388,166, or 83 cents per share, were 14.1 percent ahead of the \$2,092,365, or 83 cents per share in the 1970 second quarter.

Mr. Boyce said prospects for the remainder of 1971 are good. "We anticipate a further acceleration in our rate of sales growth as larger stores being opened develop to their full potential, and earnings should top last year's record high," he said.

Construction of a new Colonial milk and ice cream processing plant in Spartanburg, S. C. is on schedule and it should begin serving some of the company's stores by year-end, Mr. Boyce said.
