about to D.H.S. something new. In the rough draft are plans to have a Miss Durham High. A poll was recently taken on how the students would react to having a Miss D.H.S., wherein the majority stated that they would like to have "a good will ambassador" for Durham High.

From Gunnies Dusty Files; Good ole Leon Ragland was something else at the game. He looked like something that stepped out from a coloring book.

Rambling with Mrs. Virginia Alston

The telephone is really our friend. It rings when we sit down to eat, when we're taking a shower, when we have just locked the door leaving home and run back to answer it and it stop ringing when you put your hand in a position to pick up the receiver. It rings when you have just settled down for a quiet nap, especially when you have had a sedative. Late at night it rings loudest and your heart skips two beats and you fumble around trying to find the receiver drowsily, saying oh! lawd whats happened now!

When you finally gain your sense of direction and answer it some one says wrong number. We would miss our friend telephone if we did not have to visit our friends with, order food, transact business, ect.

But my telephone was my prize possession Sunday afternoon when an operator said long distance calling from Saigon and there was the voice of my son Ricky saying Hi! mama how is everyone there. What a joy like that can be to anyone with a love one far away. Who cares how much it costs until you get the phone bill!

Say a special prayer for all our children young or old at war for their safe return home.

NEW HOME I can't seem to stop talking about my visit to the beautiful new home of Mrs. Madge Hargrove at 503 Red Oak Avenue. The interesting thing about it is that her niece Mrs. Madge Holman drew the plans, that's why it is unique.
