District 3 of Pine Grove Baptist Church Held Sunday, March 4

The monthly meeting of District 3 of Pine Grove Baptist Church was held Sunday, March 4, 1973 at the home of Miss Ruth Allen on Atlantic Street. Mrs. Luciel Allen spoke on What the Church Means to the community. In her discussion, she explained what Bible school teaches. Rev. R.C. Stone commenting, remarked that the church was a "Call-out" group of believers. One shows through the spirit, what he is.

Mrs. Manie T. Geer, speaking from the subject: "The Influence of the Church on a Community," pointed out that

the church building demands respect, even from a drunk. The church influences our Savior; our dress; our language and our morality. The church at Pentecost was the best example of community influence. In obedience to the Holy words of Jesus, they tarried in Jerusalem until they were filled with the Holy Spirit. After telling the multitude around Jerusalem about the miracles of God and listening to Peter preach, 3,000 souls were added to the church.

The year's outline of work was given. Theme: "The Church at Work." April-Setting Christian Examples: May-Showing Concern for Non-Church members; June-Soul Saving Through Evangelism; July-Training for Workmanship; August-Picnic; September-Encourage and Direct Church Placement; October-Our Responsibility to God; November-Thanking; December-Christmas Activities.

Members present were: Mr. and Mrs. Wotham Pratt; Mrs. T. Y. Moore; Mr. and Mrs. C. E. Geer; Mrs. Pauline H. Hicks; Mrs. Emily Cogwell; Mrs. Irene Mitchell; Mrs. Eliza Allen; Mrs. Dorothy O'Keefe; Mrs. Ruby Green; Mrs. Luciel Allen; Mr. Bert Glover; Rev. C. R. Stone; Mrs. Elivra Taylor; Mrs. Nina Amey; and Mrs. Luciel Smith.

The 1973 Super Beetle is a whole different car inside.

For one thing, there's a lot more inside, inside. We're giving you plenty of legroom up front. And fantastic headroom.

We've also done a nice thing for your nose. Our new windshield is pushed way forward, and curved. It's actually 42% larger.

For comfort, the seats, too, are curved. The same way that you sit on it. And the same way your back is.

Inertia type seatbelts buckle up as standard equipment.

The padded dash is completely redesigned. To be read in a flash.

Getting in and out of the back seat of the Bug is now pretty easy even for non-athletic types.

And we've had some very fresh ideas about air. And how to circulate it. Our remarkable improved ventilation system even de-fogs the side windows.

Altogether, the interior of the 1973 Super Beetle is so radically different, you'd have a hard time knowing it was a Beetle, except for the steering wheel insignia.

There remain, however, certain things that will give you the clue that you're driving a VW. Economy. Dependability. Our good old never-give-up character.

The beauty of the new inside may be its beauty. But the fact that it comes in the car it does, is the most beautiful part of all.

Few things in life work as well as a Volkswagen.
