**40,000 MILE GUARANTEE**

Every Toyo Steel Cabled Radial highway passenger car tire is guaranteed to have an original tread life of 40,000 miles. Should the tread wear out before 40,000 miles, any Toyo dealer in the continental United States will give credit toward a new tire or cash refund, at his discretion for an amount determined by the percentage of guaranteed mileage. Steel Cabled Radials are also guaranteed against normal road hazard damage to a tread depth of 2/32 inch of the original tread.

More than a mile and a quarter of brass-coated steel filament is stranded into cables, then woven into belts and embedded deep in the body of the Hercules Steelpreme tire. These belts keep the tread firmly on the road, rolling straight and true. Because there's less tread movement, less squirming and scuffing, it's one of the longest mileage passenger tires Hercules has ever made. And steel belts do things for car handling which will surprise you! At low speeds you won't notice much difference, but at high speeds they handle the way you always thought the best tires should! Polyester plies add easy riding to steel's toughness. This tire can live through shocks which used to kill ordinary tires. Think you can't afford such luxury? Come in and get the surprise of your life!

**THE SMOOTH RIDER THAT DOESN'T FORCE A COMPROMISE ON PERFORMANCE!**

Gives-a-little, get-a-little isn't the way this tire thinks. It gives a quiet, velvety ride because the 4-ply body is made of polyester cord, the smoothest riding there is. Made in "78" low profile reverse molds to put a wide, easy footprint on the road. The difference in high speed driving stability is noticeable instantly. The long mileage bonus shows on your thousands of miles later.

- Polyester cord for smooth ride without thumping, flat spotting or squeal.
- Proven bias ply construction gives outstanding strength, stability and safety.
- Tread rubber compounding that increases mileage dramatically... road tests prove it!
- Sleek, white narrow stripe sidewalls make any car look its best.
