## FROM BLACK

By John Hudgins

When Black parents get together to do something for Black children we certainly have the obligation as Black people to support those efforts.

The United Councils of Durham, which is composed of representatives of the community councils in the Black community. The group is concerned with attempting to solve some of the problems that beset us all as Black people in the city of Durham.

We know that there is a serious lack of adequate recreational services for our

children. Thus the UCD has begun a project entitled **SAVE THE CHILDREN**. The project is two fold in that it will provide cultural enrichment for Black youth and it will attempt to raise funds to sponsor other activities for the children.

On Sunday, July 1, from 2:30 - 9 there will be an open affair at the **TIMES SQUARE BANQUET HALL** for young people. No admission will be charged. Cultural displays will be present as well as entertainment.

On Tuesday, July 3, there will be a Cabaret at the

Times Square from 9 p.m. until. Tickets are available from members of the councils throughout the area. The money raised will go toward providing additional recreational and cultural experiences for the children. There will be much **LIVE ENTERTAINMENT**. Please go and support our people.

As we stand together to do what we can for ourselves, our liberation becomes more of a reality. If we are not for ourselves then who is for us? Do what you can that Black people may indeed **"SAVE THE CHILDREN."**
