**BUSH FOUNDATION OFFERS CHALLENGE GRANT TO ST. AUG.** — Meeting in Atlanta to discuss the \$49,000 Alumni Challenge Grant from the Bush Foundation are left to right: James Burt, Coordinator of Alumni Affairs, Humphrey Doermann, Executive Director of the Bush Foundation, Lawrence Wray, Chairman of Alumni Annual Giving at St. Aug. and Purdie Anders, Vice President for Development.

## Bush Foundation Offers Alumni Challenge Grant to St. Aug.

Representatives of St. Augustine's College met in Atlanta, Georgia on Friday, August 12, to meet with officials of the Bush Foundation of St. Paul, Minnesota, to share tactics geared to increasing alumni gift support under the challenge grant. From St. Augustine's were James Burt, Coordinator of Alumni Affairs, Lawrence Wray, chairman, Alumni Annual Giving and Purdie Anders, Vice President for Development.

The Challenge Grant of \$49,000 to St. Augustine's is dependent upon two factors: first, increased total dollars contributed in the 1977-78 academic year compared with 1976-77 (with Bush to match the increase dollar-for-dollar, up to a

predetermined level); and second, a net increase over the preceding year in the number of unrestricted, individual gifts from alumni.

St. Augustine's College can boast a substantial number of alumni now in the public eye, making major contributions to the states and country at large. The impetus provided by the Bush Foundation Challenge Grant should help alumni gifts to become a major source of institutional support over a period of years. St. Augustine's can expect to receive support from the Foundation for a period of two to five years, ceasing when the matching incentives no longer seem able to stimulate significant growth in alumni contributions.

## PRISON

[Continued From Page 1] prisoners need to be reviewed by competent civilian doctors before they are given any prison job;

An investigation of the overcrowding and unsanitary conditions at Caledonia need to be done by OSHA, along with the local health and fire departments;

Bringing about an end to prison construction at Caledonia and provide viable alternatives to the overcrowding such as letting some people go. This would include those with three months or less to completion of their sentences;

The establishment of conjugal visits — both Mississippi and South Carolina have them. This would help reduce a great deal of the homosexual rapes that occur in the prison setting as well as promote and encourage continuation of the family unit.

Trimble agreed with all proposals except the last one and stated that he would discuss these proposals with Secretary Reed and then reply to the Caledonia Prisoner Support Group at the earliest convenience.

Caledonia Prison Farm, second largest prison unit in the state, houses over 700 men, most of them from the Raleigh and Durham area. Like all of the units in the state, Caledonia is fearfully overcrowded. The camp was originally built for 450 men. Considerable attention has been raised on the inequities at Caledonia Prison Farm lately by prisoners themselves and the Caledonia Prisoners Support Group.
